

SUPPLEMENTARY INFORMATION: Proposal for the following collection of information:

I. Abstract and Request for Comments

NCUA is reinstating the information collection previously approved under OMB control number 3133-0166. Under HMDA, depository institutions that have a home office or branch office located within a metropolitan statistical area must compile and make available to the public the number and total dollar amount of mortgage loans originated (or for which the institution received completed applications) or purchased during each year. 12 U.S.C. 2801 et seq. The Consumer Financial Protection Bureau implements HMDA under Regulation C, 12 CFR Part 1003. Regulation C requires financial institutions and mortgage lending institutions to report data about home purchase loans and refinancings that originated or purchased, or for which applications were received, and to disclose the data to the public.

Under this information collection, credit unions meeting the criteria described in HMDA and Regulation C must compile, report, and make available data about home purchase loans and refinancings they originate, purchase, or for which they receive applications. The data is made available to the public to help to determine whether credit unions, along with other financial institutions and other mortgage lenders, are serving the housing needs of their members and to assist public officials in distributing public-sector investment so as to attract private investment to areas where it is needed. Additionally, federal regulators use the data to identify possible discriminatory lending patterns and enforce antidiscrimination statutes.

Specifically, NCUA uses HMDA data to examine credit union compliance with the Equal Credit Opportunity Act and the Fair Housing Act. NCUA also uses the data to report credit union lending practices to Congress and the public. The Federal Financial Institutions Examination Council compiles the data and makes it available to the public annually to carry out the purposes of HMDA.

NCUA is requesting reinstatement of OMB control number 3133-0166, with changes in the estimated burden due to an increase in the number of reporting credit unions and the cost of the technology used to submit the information. Since the initial approval of the information collection, the number of credit unions involved in mortgage lending has increased slightly from 1,996 credit unions to 2,015 credit

unions. The estimated cost of the information collection has been adjusted to reflect the cost of programmatic modifications associated with increased number of respondents and the use of technology. The increase in the number of respondents caused a corresponding increase in the estimated burden hours associated with the collection, even though NCUA estimates the time per reportable loan application necessary to submit the information collection will not change.

NCUA requests that you send your comments on this collection to the location listed in the **ADDRESSES** section. Your comments should address: (a) The necessity of the information collection for the proper performance of NCUA, including whether the information will have practical utility; (b) the accuracy of our estimate of the burden (hours and cost) of the collection of information, including the validity of the methodology and assumptions used; (c) ways we could enhance the quality, utility, and clarity of the information to be collected; and (d) ways we could minimize the burden of the collection of the information on the respondents such as through the use of automated collection techniques or other forms of information technology. It is NCUA's policy to make all comments available to the public for review.

II. Data

Title: HMDA Requirements under 12 U.S.C. 2801-2810 and Regulation C, 12 CFR Part 1003.

OMB Number: 3133-0166.

Form Number: None.

Type of Review: Reinstatement, with change, of a previously approved collection.

Description: The collection of this data is required under the Home Mortgage Disclosure Act. The data collection is intended to provide the public with loan data that can be used (1) To help determine whether financial institutions are serving the housing needs of their communities; (2) to assist public officials in distributing public-sector investments so as to attract private investment to areas where it is needed; and (3) to assist in identifying possible discriminatory lending patterns and enforcing anti-discrimination statutes.

Respondents: Credit unions.

Estimated No. of Respondents/Record keepers: 2,015.

Estimated Burden Hours per Response: 47.25 hours.

Frequency of Response: Record-keeping, Third party disclosure and Reporting Annually.

Estimated Total Annual Burden Hours: 95,210 hours.

Estimated Total Annual Cost: \$1,428,150.

By the National Credit Union Administration Board on July 15, 2013.

Mary Rupp,
Secretary of the Board.

Agency Information Collection Activities: Submission to OMB for Reinstatement, With Change, of a Previously Approved Collection; Comment Request

AGENCY: National Credit Union Administration (NCUA).

ACTION: Request for comment.

SUMMARY: The NCUA intends to submit the following information collection to the Office of Management and Budget (OMB) for review and clearance under the Paperwork Reduction Act of 1995 (Pub. L. 104-13, 44 U.S.C. chapter 35). This information collection is published to obtain comments from the public. Part 749 of the NCUA Regulations directs each credit union to have a vital records preservation program that includes procedures for maintaining duplicate vital records at a location far enough from the credit union's offices to avoid the simultaneous loss of both sets of records in the event of a disaster. Part 749 requires a written vital records preservation program that includes a schedule for the storage and destruction of records and emergency contact information for employees, officials, regulatory offices, and vendors used to support vital records.

DATES: Comments will be accepted until September 17, 2013.

ADDRESSES: Interested parties are invited to submit written comments to the NCUA Contact and the OMB Reviewer listed below:

comments should be directed to Tracy Crews at the National Credit Union Administration, 1775 Duke Street, Alexandria, VA 22314-3428, or at (703) 518-6444.

SUPPLEMENTARY INFORMATION:

I. Abstract and request for comments

NCUA is reinstating and amending the collection for 3133-0032. Credit union records preservation programs enable NCUA to ensure that federally-insured credit unions (FICUs) can reconstruct their vital records in the event that records are destroyed by a catastrophe and facilitates restoration of vital member services. The program does not have to be submitted to the NCUA but must be available for review by examination staff. The frequency of collection will be unique to each credit union based on its operations, storage schedule, and storage methods, but occurs on a flow basis at least quarterly. NCUA has modified the cost basis for this data collection to focus on the recordkeeping labor cost of maintaining a records preservation program rather than the technology cost to store records offsite. NCUA believes that electronically backing up and storing credit union records offsite has become a usual and customary business practice. Therefore, credit union labor costs are the appropriate recordkeeping burden associated with maintaining a records preservation program under Part 749. This is the primary reason why the total annual burden has decreased, along with a decline in the number of FICUs from 8,420 to 6,753 and newly chartered FICUs from 15 to 5.

The NCUA requests that you send your comments on this collection to the location listed in the addresses section. Your comments should address: (a) The necessity of the information collection for the proper performance of NCUA, including whether the information will have practical utility; (b) the accuracy of our estimate of the burden (hours and cost) of the collection of information, including the validity of the methodology and assumptions used; (c) ways we could enhance the quality, utility, and clarity of the information to be collected; and (d) ways we could minimize the burden of the collection of the information on the respondents such as through the use of automated collection techniques or other forms of information technology. It is NCUA's policy to make all comments available to the public for review.

II. Data

Title: Records Preservation under 12 CFR Part 749.

SUPPLEMENTARY INFORMATION:

I. Abstract and Request for Comments

NCUA is amending/reinstating the collection for 3133-0033. NCUA is renewing the requirements for Federally Insured Credit Unions to maintain an information security program and an incident response plan that complies with Title V of the Gramm-Leach-Bliley Act, 15 U.S.C. 6801 et seq. Section 748.0 of NCUA's regulations, 12 CFR 748.0, directs federally insured credit unions to adopt a security program that includes ensuring the security and confidentiality of member records, protecting against the anticipated threats or hazards to the security or integrity of such records, and protecting against unauthorized access to or use of such records that could result in substantial harm or serious inconvenience to a member. The security program also contains a requirement to respond to incidents of unauthorized access to or use of member information that could result in substantial harm or serious inconvenience to a member. Proper incident response includes a notification requirement to the affected member. NCUA examiners review the programs to determine whether the credit union's procedures comply with the information security and incident response requirements. There is a decrease of 39,776 hours from the last submission (2007). The decrease is a result of an adjustment to the number of credit unions from 8,695 to 6,753. This decline is from credit union mergers and liquidations.
