Abstract: Travelers who do not have proof of prior possession in the United States of foreign made articles and who do not want to be assessed duty on these items can register them prior to departing on travel. In order to register these articles, the traveler must complete CBP Form 4457, *Certificate of Registration for Personal Effects Taken Abroad*, and present it at the port at the time of export for examination of the articles of foreign origin and verification of the description. After the official has signed the document, it will be returned to the applicant for signature, for presentation to CBP upon return to United States, and for subsequent reuse. CBP Form 4457 is accessible at: <http://www.cbp.gov/newsroom/publications/forms?title=4457&=Apply>.

CBP Form 4455, *Certificate of Registration*, is used primarily for the registration, examination, and supervised lading of commercial shipments of articles exported for repair, alteration, or processing, which will subsequently be returned to the United States either duty free or at a reduced duty rate. The CBP Form 4455 may be required when a person, wishing to claim the status of a nonresident upon arrival for a short visit to the United States before returning abroad, imports articles free of duty under subheadings 9804.00.20, 9804.00.25, 9804.00.30, 9804.00.35, Harmonized Tariff Schedule of the United States (HTSUS) (19 U.S.C. 1202). It may also be used for the replacement of articles previously exempted from duty when the unsatisfactory articles are exported under the provisions 9804.00.75 and fall under the \$800 or \$1,00 exemption limits. The export and return of theatrical scenery, properties, motion-picture films and effects or tools of a trade occupation or employment of domestic or foreign origin must also be reported on CBP Form 4555. The CBP Form 4455, may also be required in any case in which CBP Form 4457 will not adequately serve the purpose of registration. CBP Form 4455 must be presented to CBP for examination of the articles and verification of the articles' description. After the official has signed the document, it will be returned to the applicant for signature, for presentation to CBP upon return to United States, and for subsequent reuse.
