[Docket No. FAA–2005–22535; Airspace Docket No. 05–AAL–24]

**Establishment of Class E Airspace; New Stuyahok, AK**

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Final rule.

**SUMMARY:** This action establishes Class E airspace at New Stuyahok, AK to provide adequate controlled airspace to contain aircraft executing two new Standard Instrument Approach Procedures (SIAPs). This rule results in new Class E airspace upward from 700 feet (ft.) above the surface at New Stuyahok Airport, AK.

**EFFECTIVE DATE:** 0901 UTC, February 16, 2006.

**FOR FURTHER INFORMATION CONTACT:** Gary Rolf, AAL–538G, Federal Aviation Administration, 222 West 7th Avenue, Box 14, Anchorage, AK 99513–7587; telephone number (907) 271–5898; fax: (907) 271–2850; e-mail: [gary.ctr.rolf@faa.gov](mailto:gary.ctr.rolf@faa.gov). Internet address: <http://www.alaska.faa.gov/at>.

**SUPPLEMENTARY INFORMATION:****History**

On Tuesday, October 25, 2005, the FAA proposed to amend part 71 of the Federal Aviation Regulations (14 CFR part 71) to establish Class E airspace upward from 700 ft. above the surface at New Stuyahok, AK (70 FR 61585). The action was proposed in order to create Class E airspace sufficient in size to contain aircraft while executing two new SIAPs for the New Stuyahok Airport. The new approaches are (1) Area Navigation (Global Positioning System) (RNAV (GPS)) Runway (RWY) 16, original; (2) RNAV (GPS) RWY 34, original. Class E controlled airspace extending upward from 700 ft. above the surface in the New Stuyahok Airport area is established by this action. Interested parties were invited to participate in this rulemaking proceeding by submitting written comments on the proposal to the FAA. No public comments have been received; thus the rule is adopted as proposed. A typographical error listing an incorrect FAA Docket Number was noted in the Notice of Proposed Rulemaking. It has been corrected in this document.

The area will be depicted on aeronautical charts for pilot reference. The coordinates for this airspace docket are based on North American Datum 83. The Class E airspace areas designated as 700/1,200 ft. transition areas are published in paragraph 6005 of FAA Order 7400.9N, *Airspace Designations and Reporting Points*, dated September 1, 2005, and effective September 15, 2005, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

**The Rule**

This amendment to 14 CFR part 71 establishes Class E airspace at New Stuyahok, Alaska. This Class E airspace is established to accommodate aircraft executing two new SIAPs, and will be depicted on aeronautical charts for pilot reference. The intended effect of this rule is to provide adequate controlled airspace for Instrument Flight Rule (IFR) operations at New Stuyahok Airport, New Stuyahok, Alaska.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle 1, section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority.

This rulemaking is promulgated under the authority described in subtitle VII, part A, subpart 1, section 40103, Sovereignty and use of airspace. Under that section, the FAA is charged with prescribing regulations to ensure the safe and efficient use of the navigable airspace. This regulation is within the scope of that authority because it creates Class E airspace sufficient in size to contain aircraft executing instrument procedures for the New Stuyahok Airport and represents the FAA’s continuing effort to safely and efficiently use the navigable airspace.

**List of Subjects in 14 CFR Part 71**

Airspace, Incorporation by reference, Navigation (air).

**Adoption of the Amendment**

■ In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

**PART 71—DESIGNATION OF CLASS A, CLASS B, CLASS C, CLASS D, AND CLASS E AIRSPACE AREAS; AIRWAYS; ROUTES; AND REPORTING POINTS**

■ 1. The authority citation for 14 CFR part 71 continues to read as follows:

**Authority:** 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

**§ 71.1 [Amended]**

■ 2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9N, *Airspace Designations and Reporting Points*, dated September 1, 2005, and effective September 15, 2005, is amended as follows:

\* \* \* \* \*

*Paragraph 6005 Class E airspace extending upward from 700 feet or more above the surface of the earth.*

\* \* \* \* \*

**AAL AK E5 New Stuyahok, AK [New]**

New Stuyahok Airport, AK

(Lat. 59°27'00" N., long. 157°19'42" W.)

That airspace extending upward from 700 feet above the surface within a 6.2-mile radius of the New Stuyahok Airport.

[Docket No.: FAA–2003–15085; Amendment Nos. 121–318 and 145–25]

**RIN 2120–AG75**

**Hazardous Materials Training Requirements; Correction**

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Final rule; correcting amendment.

**SUMMARY:** This document corrects the final rule, “Hazardous Materials Training Requirements” published in the *Federal Register* of October 7, 2005.

**DATES:** Effective December 20, 2005.

**FOR FURTHER INFORMATION CONTACT:** Janet McLaughlin, Office of Hazardous Materials, ADG–1, Federal Aviation Administration, 800 Independence Ave., SW., Washington, DC 20591; telephone (202) 267–8434.

**SUPPLEMENTARY INFORMATION:** On October 7, 2005, the FAA published a final rule, “Hazardous Materials Training Requirements” (70 FR 58796; Oct. 7, 2005). The rule added appendix O to part 121 to prescribe the requirements for hazardous materials training under part 121, subpart Z, and part 135, subpart K. The appendix contains two tables (one for will-carry certificate holders, and the other for will-not-carry certificate holders) showing various categories of persons, defined by job function or responsibility, and the specified category they must receive. In both tables, in the entry for “Provisions for passengers and crew,” there should not have been an “X” in the column for “Shippers.”

In addition, the rule added § 145.206 Notification of hazardous materials authorizations. As explained in the preamble of that rule, sections proposed as §§ 121.801 through 121.804 (subpart Z) were renumbered as §§ 121.1001 through 121.1007 in the final rule because other rules had been added to part 121 since the NPRM was published. Section 145.206 (a) contained a cross reference that was not correctly updated. This document corrects that error.

**List of Subjects**

*CFR 14 CFR Part 121*

Air carriers, Aircraft, Airmen, Aviation safety, Charter flights, Reporting and recordkeeping requirements, Safety, Transportation.

*CFR 14 CFR Part 145*

Aircraft, Aviation safety, Reporting and recordkeeping requirements.

**The Amendment**

■ In consideration of the foregoing, the Federal Aviation Administration corrects chapter I of title 14, Code of Federal Regulations, as follows:

**PART 121—OPERATING REQUIREMENTS: DOMESTIC, FLAG, AND SUPPLEMENTAL OPERATIONS**

■ 1. The authority citation for part 121 continues to read as follows:

**Authority:** 49 U.S.C. 106(g), 40113, 40119, 41706, 44101, 44701–44702, 44705, 44709–44711, 44713, 44716–44717, 44722, 44901, 44903–44904, 44912, 45101–45105, 46105, 46301.

■ 2. Amend appendix O by revising Table 1 and Table 2 to read as follows:

**Appendix O—Hazardous Materials Training Requirements For Certificate Holders**

\* \* \* \* \*

**TABLE 1.—OPERATORS THAT TRANSPORT HAZARDOUS MATERIAL—WILL-CARRY CERTIFICATE HOLDERS**

Aspects of transport of hazardous materials by air with which they must be familiar, as a minimum (See note 1)	Shippers (See Note 2) Will-carry	Operators and ground-handling agent's staff accepting hazardous materials (See Note 3) Will-carry	Operators and ground-handling agents staff responsible for the handling, storage, and loading of cargo and baggage Will-carry	Passenger-handling staff Will-carry	Flight crew members and load planners Will-carry	Crew members (other than flight crew members) Will-carry
