

currently approved collection. Bureau of Justice Assistance Application Form: *Southwest Border Prosecution Initiative*.

The Department of Justice (DOJ), Office of Justice Programs, Bureau of Justice Assistance, will be submitting the following information collection request for review and clearance in accordance with the Paperwork Reduction Act of 1995. This proposed information collection is published to obtain comments from the public and affected agencies. Comments are encouraged and will be accepted for "sixty days" until August 18, 2009. If you have additional comments, suggestions, or need a copy of the proposed information collection instrument with instructions or additional information, please contact M. Pressley at 202-353-8643 or 1-866-859-2687, Bureau of Justice Assistance, Office of Justice Programs, U.S. Department of Justice, 810 7th Street, NW., Washington, DC 20531.

Written comments and suggestions from the public and affected agencies concerning the proposed collection of information should address one or more of the following four points:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of this information:

(1) *Type of information collection:* Extension of currently approved collection.

(2) *The title of the form/collection:* Southwest Border Prosecution Initiative.

(3) The agency form number, if any, and the applicable component of the Department sponsoring the collection: Bureau of Justice Assistance, Office of Justice Programs, United States Department of Justice.

(4) Affected public who will be asked or required to respond, as well as a brief

abstract: Primary: United States Border State, Local, and Tribal governments

Other: None.

Abstract: The Southwest Border Prosecutor Initiative was enacted in FY 2002 to reimburse state, county, parish, or municipal governments for the costs associated with the prosecution of criminal cases declined by local U.S. Attorneys. Each year, hundreds of criminal cases resulting from Federal arrests are referred to local prosecutors to handle when the cases fall below certain monetary, quantity, or severity thresholds. This places additional burdens on local government resources that are already stretched by the demands of prosecuting violations of local and state laws. This program provides funds to eligible jurisdictions in the four southwest border states, using a uniform payment-per-case basis for qualifying federally initiated and declined-referred criminal cases that were disposed of after October 1, 2001. Up to 220 eligible jurisdictions may apply. This includes county governments and the four state governments in Arizona, California, New Mexico, and Texas.

(5) An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond/reply: It is estimated that no more than 220 respondents will apply. Each application takes approximately 60 minutes to complete and is submitted 4 times per year (quarterly).

(6) An estimate of the total public burden (in hours) associated with the collection: The total hour burden to complete the applications is 880 hours (880 applications (220 × 4 times a year) × 60 minutes = 52,800/60 minutes per hour = 880 burden hours).

If additional information is required, contact: Robert B. Briggs, Clearance Officer, U.S. Department of Justice, Information Management and Security Staff, Justice Management Division, 601 D Street, NW., Suite 1600, Washington, DC 20530.

Dated: June 15, 2009.

Lynn Bryant,

Department Clearance Officer, PRA, United States Department of Justice.

BILLING CODE 4410-18-P

DEPARTMENT OF JUSTICE

Bureau of Prisons

Notice of Intent To Prepare a Draft Environmental Impact Statement (DEIS) for Housing Up to 2,500 Low Security, Adult Inmate Beds at Privately Owned Institution in Lake City, FL and/or Baldwin, MI

AGENCY: U.S. Department of Justice, Federal Bureau of Prisons.

ACTION: Notice of Intent to Prepare a Draft Environmental Impact Statement (DEIS).

SUMMARY: Pursuant to Section 102(2)(c) of the National Environmental Policy Act (NEPA) of 1969, as implemented by the Council on Environmental Quality Regulations (40 Code of Federal Regulations [CFR] Parts 1500-1508), the Federal Bureau of Prisons (BOP) intends to prepare a Draft Environmental Impact Statement (DEIS) and conduct Public Scoping Meetings for the proposed housing of inmates under Criminal Alien Requirement 9, at proposed facilities in Lake City, Florida and/or Baldwin, Michigan.

SUPPLEMENTARY INFORMATION: The mission of the United States Department of Justice, BOP, is to protect society by confining offenders in the controlled environments of prison and community-based facilities that are safe, humane, cost-efficient, and appropriately secure, and that provide work and other self-improvement opportunities to assist offenders in becoming law-abiding citizens. The BOP accomplishes its mission through the appropriate use of community correction, detention, and correctional facilities that are either: federally-owned and operated; federally-owned and non-federally operated; and non-federally owned and operated.

Proposed Action

The BOP is facing a period of unprecedented growth in its inmate population. Projections show the federal inmate population increasing from approximately 201,600 inmates at the end of fiscal year 2008 to 212,000 inmates by the end of fiscal year 2010. As such, the demand for bed space within the federal prison system continues to grow at a significant rate. To accommodate a portion of the growing inmate population, the BOP has determined that an additional federal, low-security facility is needed in its system. To meet this need, the BOP proposes to contract with a contractor owned and operated correctional facility

that can house up to 2,500 sentenced or un-sentenced criminal aliens.

Proposals received by the BOP from private contractors include a proposed expansion of an existing facility in Baldwin, Michigan and/or new construction at a site in Lake City, Florida. The BOP has preliminarily evaluated these sites and determined that the prospective sites appear to be of sufficient size to provide space for housing, programs, administrative services and other support facilities associated with the correctional facility. The DEIS to be prepared by the BOP will analyze the potential impacts of correctional facility construction/renovation and operation at these sites.

The Process

In the process of evaluating the sites, several aspects will receive detailed examination including, but not limited to: Topography, geology/soils, hydrology, biological resources, utility services, transportation services, cultural resources, land uses, socio-economics, hazardous materials, and air and noise quality, among others.

Alternatives

In developing the DEIS, the options of "no action" and "alternative sites" for the proposed facility will be fully and thoroughly examined.

Scoping Process

During the preparation of the DEIS, there will be opportunities for public involvement in order to determine the issues to be examined in the DEIS. A Public Scoping Meeting will be held at 6 p.m. June 30, 2009 at the Columbia County Public Library located at 308 NW Columbia Avenue, Lake City, Florida.

In addition, a Public Scoping meeting will be held at 6 p.m., July 7, 2009 at the Webber Township Hall located at 2286 West Springtime Street, Baldwin, Michigan. The meeting locations, dates, and times will be well publicized and have been arranged to allow for public involvement, as well as interested agencies and organizations to attend. The meetings are being held to allow interested persons to formally express their views on the scope and significant issues to be studied as part of the DEIS process. The meetings will provide for timely public comments and understanding of federal plans and programs with possible environmental consequences as required by the NEPA of 1969, as amended, and the National Historic Preservation Act of 1966, as amended.

DEIS Preparation

Public notice will be given concerning the availability of the DEIS for public review and comment at a later date.

ADDRESSES: All are encouraged to provide comments on the proposed action and alternatives at any Public Scoping Meetings and anytime during the 30-day comment review period, which ends July 20, 2009. There are two ways in which comments may be submitted: (1) by attending one of the meetings or (2) by mail. All written comments on the DEIS should be submitted and postmarked no later than July 20, 2009.

Comments submitted by mail or questions concerning the proposed action and the DEIS may be directed to: Richard A. Cohn, Chief or Issac Gaston, Site Selection Specialist, Capacity Planning and Site Selection Branch, Federal Bureau of Prisons, 320 First Street, NW., Washington, DC 20534, Tel: 202-514-6470/Fax: 202-616-6024/E-mail: racohn@bop.gov.

Dated: June 10, 2009.

Richard A. Cohn,
Chief, Capacity Planning and Site Selection Branch.

BILLING CODE P

NUCLEAR REGULATORY COMMISSION

[Docket No. 50-400; NRC-2009-0247]

Carolina Power & Light Company; Shearon Harris Nuclear Power Plant, Unit 1; Notice of Consideration of Issuance of Amendment to Facility Operating License and Opportunity for a Hearing

The U.S. Nuclear Regulatory Commission (the Commission, NRC) is considering issuance of an amendment to Renewed Facility Operating License No. NPF-63, issued to the Carolina Power & Light Company (the licensee), for operation of the Shearon Harris Nuclear Power Plant, Unit 1, located in Wake and Chatham Counties, North Carolina.

The proposed amendment would transition the current fire protection program to a risk-informed, performance-based program based on the National Fire Protection Association Standard 805 (NFPA-805), "Performance-Based Standard for Fire Protection for Light Water Reactor
