General description of collection: The FR Y-9 family of reporting forms continues to be the primary source of financial data on holding companies that examiners rely on in the intervals between on-site inspections. The Board requires holding companies to provide standardized financial statements to fulfill the Board's statutory obligation to supervise these organizations. Financial data from these reporting forms are used to detect emerging financial problems,

10(c)(9)(c) of the Home Owners' Loan Act, for which thrifts make up less than 5 percent of its consolidated assets; and (2) a SLHC that primarily holds insurance-related assets and does not otherwise submit financial reports with the Securities and Exchange Commission pursuant to sections 13 or 15(d) of the Securities Exchange Act of 1934.
