

terms of any licenses or other legal restrictions on the use of pre-existing works. Additionally, a grantee or subgrantee that is awarded competitive grant funds must have a plan to disseminate these public grant deliverables. This dissemination plan can be developed and submitted after your application has been reviewed and selected for funding. For additional information on the open licensing requirements please refer to 2 CFR 3474.20.

4. *Reporting:* (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

5. *Performance Measures:* Under the Government Performance and Results Act of 1993, the Department will use the following performance measures to evaluate the success of the CEEBT grants:

(a) The number of teacher candidates who complete the preparation program.

(b) The number of teacher candidates who complete the preparation program who are Black males.

(c) The number of teacher candidates served by the funded program who become fully certified and are placed as teachers of record.

(d) The number of teacher candidates served by the funded program who are Black males and who become fully certified and are placed as teachers of record.

Appliance Standards and Rulemaking Federal Advisory Committee: Notice of Open Meeting

AGENCY: Office of Energy Efficiency and Renewable Energy, Department of Energy.

ACTION: Notice of open meeting.

SUMMARY: This notice announces a meeting of the Appliance Standards and Rulemaking Federal Advisory Committee (ASRAC). The Federal Advisory Committee Act, requires that agencies publish notice of an advisory committee meeting in the **Federal Register**.

DATES: DOE will hold a webinar on December 14, 2021 from 1 p.m. to 5 p.m. See the Public Participation section of this notice for webinar registration information, participant instructions, and information about the capabilities available to webinar participants.

FOR FURTHER INFORMATION CONTACT: Mr. John Cymbalsky, ASRAC Designated Federal Officer, U.S. Department of Energy, Building Technologies Program, EE-5B, 1000 Independence Avenue SW, Washington, DC 20585-0121, Telephone: (202) 287-1692. Email: asrac@ee.doe.gov.

SUPPLEMENTARY INFORMATION: The primary focus of this meeting will be the discussion and prioritization of topic areas that ASRAC can assist the Appliance and Equipment Standards Program with. DOE plans to hold this meeting virtually via webinar to gather advice and recommendations to the Department on the development of standards and test procedures for residential appliances and commercial equipment. (The final agenda will be available for public viewing at <https://www.regulations.gov/docket?D=EERE-2013-BT-NOC-0005>.)

Public Participation

The time and date of the webinar are listed in the **DATES** section at the beginning of this document. Webinar registration information, participant instructions, and information about the capabilities available to webinar participants will be published on DOE's website: <https://www.energy.gov/eere/buildings/appliance-standards-and-rulemaking-federal-advisory-committee>.

Participants are responsible for ensuring their systems are compatible with the webinar software. If you plan to attend the webinar, please notify the ASRAC staff at asrac@ee.doe.gov.

Please note that foreign nationals participating in the webinar are subject to advance security screening procedures which require advance notice prior to attendance at the webinar. If a foreign national wishes to participate in the webinar, please inform DOE as soon as possible by contacting Ms. Regina Washington at (202) 586-1214 or by email: Regina.Washington@ee.doe.gov so that the necessary procedures can be completed.

Conduct of Webinar

ASRAC's Designated Federal Officer will preside over the webinar and may also use a professional facilitator to aid discussion. The webinar will not be a judicial or evidentiary-type public hearing, but DOE will conduct it in accordance with section 336 of EPCA (42 U.S.C. 6306). A court reporter will be present to record the proceedings and prepare a transcript.

A transcript of the webinar will be included on DOE's website: <https://energy.gov/eere/buildings/appliance-standards-and-rulemaking-federal-advisory-committee>.

Signing Authority

This document of the Department of Energy was signed on October 26, 2021, by Kelly Speakes-Backman, Principal Deputy Assistant Secretary and Acting Assistant Secretary for Energy Efficiency

and Renewable Energy, pursuant to delegated authority from the Secretary of Energy. That document with the original signature and date is maintained by DOE. For administrative purposes only, and in compliance with requirements of the Office of the Federal Register, the undersigned DOE Federal Register Liaison Officer has been authorized to sign and submit the document in electronic format for publication, as an official document of the Department of Energy. Proposed Agency Information Collection Extension

AGENCY: Department of Energy.

ACTION: Notice and request for comments.

SUMMARY: The Department of Energy (DOE), pursuant to the Paperwork Reduction Act of 1995, intends to extend for three years an information collection request with the Office of Management and Budget (OMB).

DATES: Comments regarding this proposed information collection must be received on or before December 28, 2021. If you anticipate difficulty in submitting comments within that period, contact the person listed in **ADDRESSES** as soon as possible.

ADDRESSES: Written comments may be sent: (1) By email to LPO.PaperworkReductionAct.Comments@hq.doe.gov; or (2) to Knight Elsberry, U.S. Department of Energy, LPO–70, Room 4B–122, 1000 Independence Avenue SW, Washington, DC 20585 with a mandatory copy by email to LPO.PaperworkReductionAct.Comments@hq.doe.gov.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of the information collection instrument and instructions should be directed to Knight Elsberry, LPO.PaperworkReductionAct.Comments@hq.doe.gov, (202) 287–6646.

SUPPLEMENTARY INFORMATION: Comments are invited on: (a) Whether the extended collection of information is necessary

for the proper performance of the functions of the agency; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

This information collection request contains: (1) *OMB No.*: 1910–5134; (2) *Information Collection Request Title*: DOE Loan Guarantees for Energy Projects; (3) *Type of Request*: Extension; (4) *Purpose*: This information collection package covers collection of information necessary to evaluate applications for loan guarantees submitted under Title XVII of the Energy Policy Act of 2005, as amended, 16516 (Title XVII), 42 U.S.C. 16511, and under Section 2602(c) of the Energy Policy Act of 1992, as amended (TELGP), 25 U.S.C. 3502(c). Applications for loan guarantees submitted to DOE in response to a solicitation under Title XVII or TELGP must contain certain information. This information will be used to analyze whether a project is eligible for a loan guarantee and to evaluate the application under criteria specified in the final regulations implementing Title XVII, located at 10 CFR part 609, and adopted by DOE for purposes of TELGP, with certain immaterial modifications and omissions. The collection of this information is critical to ensure that the government has sufficient information to determine whether applicants meet the eligibility requirements to qualify for a DOE loan guarantee under Title XVII or TELGP, as the case may be, and to provide DOE with sufficient information to evaluate an applicant's project using the criteria specified in 10 CFR part 609 (for Title XVII applications) or the applicable solicitation (for TELGP applications); (5) *Annual Estimated Number of Respondents*: 92; (6) *Annual Estimated Number of Total Responses*: 92; (7) *Annual Estimated Number of Burden Hours*: 12,190; (8) *Annual Estimated Reporting and Recordkeeping Cost Burden*: \$2,490,900.

Authority: Title XVII and TELGP authorize the collection of information.

Signing Authority: This document of the Department of Energy was signed on October 25, 2021, by Jigar Shah, Executive Director, Loan Programs Office, pursuant to delegated authority from the Secretary of Energy. That document with the original signature

and date is maintained by DOE. For administrative purposes only, and in compliance with requirements of the Office of the Federal Register, the undersigned DOE Federal Register Liaison Officer has been authorized to sign and submit the document in electronic format for publication, as an official document of the Department of Energy. This administrative process in no way alters the legal effect of this document upon publication in the **Federal Register**.

Signed in Washington, DC, on October 25, 2021.

Treena V. Garrett,

Federal Register Liaison Officer, U.S. Department of Energy.

SUPPLEMENTARY INFORMATION:

Background

A complex ecosystem of software, covering a broad spectrum from *end-user* scientific software through middleware and system software, has become a keystone capability for science and engineering. The continued advancement of this ecosystem is being driven by many factors, including but not limited to, increasing needs for
