

legal and regulatory parameters, the BLM planning and management decisions will complement the planning and management decisions of other agencies, State and local governments, and Native American tribes, with jurisdictions intermingled with, and adjacent to, the planning area.

To provide the public with an opportunity to review the proposed project and the project information, as well as the possible proposed plan amendment, the BLM will host meetings in Riverton and Casper within 45 days of the publication of this notice. The BLM will notify the public of meetings and any other opportunities for the public to be involved in the environmental review for this proposal at least 15 days prior to the event. Meeting dates, locations and times will be announced by a news release to the media, individual mailings and postings on the project Web site.

The purpose of the public scoping process is to determine relevant issues that will influence the scope of the environmental analysis, including alternatives, and guide the process for developing the EIS. At present, the BLM has identified the following preliminary issues: Potential impacts to air quality, disposal of produced water, and potential effects of development and production on surface resources including vegetation and wildlife habitat.

The BLM will utilize and coordinate the NEPA commenting process to help fulfill the public involvement process under Section 106 of the National Historic Preservation Act (16 U.S.C. 470f) as provided for in 36 CFR 800.2(d)(3). The information about historic and cultural resources within the area potentially affected by the proposed action will assist the BLM in identifying and evaluating impacts to such resources in the context of both NEPA and Section 106 of the NHPA. Native American tribal consultations will be conducted in accordance with policy, and tribal concerns will be given due consideration, including impacts on Indian trust assets. Federal, State, and local agencies, along with other stakeholders that may be interested or affected by the BLM's decision on this project, are invited to participate in the scoping process and, if eligible, may request or be requested by the BLM to participate as a cooperating agency.

Before including your address, phone number, email address or other personal-identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time.

While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Notice of Proposed Reinstatement of Terminated Oil and Gas Leases NVN-81212 and NVN-81213; Nevada

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: Pursuant to the Mineral Leasing Act of 1920, and existing BLM regulations, the Bureau of Land Management (BLM) received a petition for reinstatement from Lonewolf Exploration & Production Company, for competitive oil and gas leases NVN-81212 and NVN-81213 on land in Elko County, Nevada. The petition was timely filed and was accompanied by all the rentals due since the leases terminated under the law. No valid leases have been issued affecting the lands.
