

Enforcement (OCE) to report on any operational concerns at the end of the third and seventh years of the 10-year term.<sup>2</sup>

Pursuant to the ICC Termination Act of 1995, Pub. L. No. 104-88, 109 Stat. 803 (1995) (ICCTA), effective January 1, 1996, the ICC was abolished; a number of its functions were eliminated; and its remaining rail and certain non-rail functions were transferred to the Board, newly established under the ICCTA. Because authority over TTX's pooling arrangement has been transferred to the Board, it is responsible for monitoring TTX's activities. To carry out that responsibility, during the third year of TTX's 10-year extension of pooling authority, in March 1997, the Board requested comments on whether any of TTX's activities required action or particular oversight by the Board. Because no party filed comments expressing concerns about TTX's activities, the Board took no action at that time.<sup>3</sup> During the seventh year of the extension, on July 31, 2001, the Board again requested comments on whether any action by the Board was necessary. Because again no comments were filed expressing any concerns about TTX's activities, the Board is taking no further action and is discontinuing further monitoring during the remainder of the 10-year extension of TTX's pooling authority.

#### Environment

This action will not significantly affect either the quality of the human environment or the conservation of energy resources.

#### *It is ordered:*

1. Further action by the Board to monitor TTX's activities is not required. Monitoring during the remainder of the 10-year term of the pooling authority is discontinued.

2. This decision is being served on all parties appearing on the service list in Finance Docket No. 27590 (Sub-No. 2).

3. This decision is effective on the service date.

Decided: October 31, 2001.

By the Board, Chairman Morgan, Vice Chairman Clyburn, and Commissioner Burkes.
