SUPPLEMENTARY INFORMATION:

I. Abstract

Commercial News USA (CNUSA), published twelve times a year by a private sector firm, is the U.S. Department of Commerce's export catalog-magazine. The product information in CNUSA reaches more than 145,000 distributors, government officials, and potential buyers overseas through direct distribution from U.S. embassies and consulates. Firms use the form to request that their product information be published in CNUSA, a service for which the firms pay a minimum fee of \$695.

This information collection item allows the U.S. Department of Commerce to promote U.S. products and services available for export as part of the USDOC's trade promotion activities. CNUSA is a unique export promotion service for U.S. manufacturers and service firms; nothing similar is available to them through the private sector. The product promotions in CNUSA differ from paid advertisements in that they must meet program criteria. Because U.S. embassies and consulates handle distribution, the product information reaches a vast, screened readership not only through direct dissemination but also via counseling by commercial officers and through walk-in visits to commercial libraries where CNUSA is displayed. Further, American Chambers of Commerce, local business editors, and other trade entities that reprint information from CNUSA or display or disseminate the entire magazine provide a multiplier effect.

II. Method of Data Collection

The requests are sent to the private sector publisher.
