

SUPPLEMENTARY INFORMATION: OMB Control Number: 1010-0181.

Title: Southern Alaska Sharing Network and Subsistence Study.

Abstract: The Bureau of Ocean Energy Management (BOEM), under the Department of the Interior (DOI), is the Federal administrative agency that conducts OCS lease sales and monitors and mitigates adverse impacts that might be associated with offshore resource development. Within BOEM, the Environmental Studies Program implements and manages the responsibilities of research. This study will facilitate the meeting of DOI/BOEM information needs on subsistence food harvest and sharing activities in various coastal Alaska areas.

Planning areas for potential resource development in Alaska can include large geographic areas with diverse, abundant, and environmentally sensitive resources. Within these areas, the DOI's Proposed OCS Oil and Gas Leasing Program considers that there will be an oil and gas lease sale in the future. These proposed sale areas or adjacent areas support major productive commercial and subsistence fisheries, provide habitat to numerous marine mammals, and are a significant migration and staging area for internationally important waterfowl. Numerous communities in the State of Alaska rely heavily on subsistence fisheries.

This study assesses the vulnerabilities of several coastal communities in southern Alaska as to the potential effects of offshore oil and gas development on subsistence food harvest and sharing activities. It investigates the resilience of local sharing networks that structure contemporary subsistence-cash economies using research methods that involve the residents of these communities most proximate to the future sale area(s).

The BOEM will use the information collected to gain knowledge about local social systems that will help shape development leasing strategies and serve as an interim baseline for impact monitoring to compare against future research in these areas. Without this data, BOEM will not have sufficient information to make informed leasing and development decisions for these areas.

Survey Instrument: The research will be collected from a survey administered to each head of household in the communities to collect information about the subsistence (harvest data) and sharing networks of the communities. The information under this collection

will be obtained through personal interviews that are voluntary.

Interview Methods: The interviews for each study will be conducted in person in a setting most comfortable for the respondents. This personal method is more expensive and time consuming for the researchers, but these drawbacks are outweighed by improvements in the quality of information obtained and the rapport established. Telephone interviews have not been successful in rural Alaska. Each respondent will be paid an honorarium for taking part in the study. Responses are voluntary and confidential.

Frequency: One-time event for each study.

Description of Respondents: Approximately 128 respondents from Alaska coastal communities.

Estimated Reporting and Recordkeeping Hour Burden: The currently approved annual reporting burden for this collection is 192 hours. We estimate each survey will take about 1.5 hours.

Estimated Reporting and Recordkeeping Non-Hour Cost Burden: We have identified no non-hour cost burdens for this collection.

Public Disclosure Statement: The PRA (44 U.S.C. 3501, *et seq.*) provides that an agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. Until OMB approves a collection of information, you are not obligated to respond.

Comments: We invite comments on: (1) Whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information; (3) ways to enhance the quality, usefulness, and clarity of the information to be collected; and (4) ways to minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

We will summarize written responses to this notice and address them in our submission for OMB approval. As a result of your comments, we will make any necessary adjustments to the burden in our submission to OMB.

Public Availability of Comments: Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying

information from public review, we cannot guarantee that we will be able to do so.

Dated: August 16, 2012.

Deanna Meyer-Pietruszka,

Chief, Office of Policy, Regulations, and Analysis.

BILLING CODE 4310-MR-P

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-487 (Final) and 731-TA-1197-1198 (Final)]

Steel Wire Garment Hangers From Taiwan and Vietnam; (Corrected Notice) Scheduling of the Final Phase of Countervailing Duty and Antidumping Investigations

AGENCY: United States International Trade Commission.

ACTION: Notice.

SUMMARY: The Commission hereby gives notice of the scheduling of the final phase of countervailing duty investigation No. 701-TA-487 (Final) under section 705(b) of the Tariff Act of 1930 (19 U.S.C. 1671d(b)) (the Act) and the final phase of antidumping investigation Nos. 731-TA-1197-1198 (Final) under section 735(b) of the Act (19 U.S.C. 1673d(b)) to determine whether an industry in the United States is materially injured or threatened with material injury, or the establishment of an industry in the United States is materially retarded, by reason of subsidized imports from Vietnam of steel wire garment hangers and less-than-fair-value imports from Taiwan and Vietnam of steel wire garment hangers, provided for in subheadings 7326.20.00 and 7323.99.90 of the Harmonized Tariff Schedule of the United States.¹

For further information concerning the conduct of this phase of the investigations, hearing procedures, and rules of general application, consult the

¹ For purposes of these investigations, the Department of Commerce has defined the subject merchandise as "Steel wire garment hangers, fabricated from carbon steel wire, whether or not galvanized or painted, whether or not coated with latex or epoxy or similar gripping materials, and whether or not fashioned with paper covers or capes (with or without printing) or nonslip features such as saddles or tubes. These products may also be referred to by a commercial designation, such as shirt, suit, strut, caped or latex (industrial) hangers. Specifically excluded from the scope of the investigation are (a) wooden, plastic, and other garment hangers that are not made of steel wire; (b) steel wire garment hangers with swivel hooks; (c) steel wire garment hangers with clips permanently affixed; and (d) chrome plated steel wire garment hangers with a diameter of 3.4 mm or greater."

Commission's Rules of Practice and Procedure, part 201, subparts A through E (19 CFR part 201), and part 207, subparts A and C (19 CFR part 207).

DATES: *Effective Date:* August 2, 2012.

FOR FURTHER INFORMATION CONTACT:

Jennifer Merrill (202–205–3188), Office of Investigations, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission's TDD terminal on 202–205–1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202–205–2000. General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>). The public record for these investigations may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Background.—The final phase of these investigations is being scheduled as a result of affirmative preliminary determinations by the Department of Commerce that certain benefits which constitute subsidies within the meaning of section 703 of the Act (19 U.S.C. 1671b) are being provided to manufacturers, producers, or exporters in Vietnam of steel wire garment hangers, and that such products from Vietnam and Taiwan are being sold in the United States at less than fair value within the meaning of section 733 of the Act (19 U.S.C. 1673b). The investigations were requested in a petition filed on December 29, 2011, by M&B Metal Products Company, Inc. (Leeds, AL); Innovation Fabrication LLC/Indy Hanger (Indianapolis, IN); and US Hanger Company, LLC (Gardena, CA).

Participation in the investigations and public service list.—Persons, including industrial users of the subject merchandise and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the final phase of these investigations as parties must file an entry of appearance with the Secretary to the Commission, as provided in section 201.11 of the Commission's rules, no later than 21 days prior to the hearing date specified in this notice. A party that filed a notice of appearance during the preliminary phase of the investigations need not file an additional notice of appearance during this final phase. The Secretary will maintain a public service list containing the names and addresses of all persons,

or their representatives, who are parties to the investigations.

Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO) and BPI service list.—Pursuant to section 207.7(a) of the Commission's rules, the Secretary will make BPI gathered in the final phase of these investigations available to authorized applicants under the APO issued in the investigations, provided that the application is made no later than 21 days prior to the hearing date specified in this notice. Authorized applicants must represent interested parties, as defined by 19 U.S.C. 1677(9), who are parties to the investigations. A party granted access to BPI in the preliminary phase of the investigations need not reapply for such access. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

Staff report.—The prehearing staff report in the final phase of these investigations will be placed in the nonpublic record on October 9, 2012, and a public version will be issued thereafter, pursuant to section 207.22 of the Commission's rules.

Hearing.—The Commission will hold a hearing in connection with the final phase of these investigations beginning at 9:30 a.m. on October 24, 2012, at the U.S. International Trade Commission Building. Requests to appear at the hearing should be filed in writing with the Secretary to the Commission on or before October 16, 2012. A nonparty who has testimony that may aid the Commission's deliberations may request permission to present a short statement at the hearing. All parties and nonparties desiring to appear at the hearing and make oral presentations should attend a prehearing conference to be held at 9:30 a.m. on October 18, 2012, at the U.S. International Trade Commission Building. Oral testimony and written materials to be submitted at the public hearing are governed by sections 201.6(b)(2), 201.13(f), and 207.24 of the Commission's rules. Parties must submit any request to present a portion of their hearing testimony *in camera* no later than 7 business days prior to the date of the hearing.

Written submissions.—Each party who is an interested party shall submit a prehearing brief to the Commission. Prehearing briefs must conform with the provisions of section 207.23 of the Commission's rules; the deadline for filing is October 16, 2012. Parties may also file written testimony in connection with their presentation at the hearing, as provided in section 207.24 of the

Commission's rules, and posthearing briefs, which must conform with the provisions of section 207.25 of the Commission's rules. The deadline for filing posthearing briefs is October 31, 2012. In addition, any person who has not entered an appearance as a party to the investigations may submit a written statement of information pertinent to the subject of the investigations, including statements of support or opposition to the petition, on or before October 31, 2012. On November 9, 2012, the Commission will make available to parties all information on which they have not had an opportunity to comment. Parties may submit final comments on this information on or before November 13, 2012, but such final comments must not contain new factual information and must otherwise comply with section 207.30 of the Commission's rules. Finally, on December 21, 2012, parties may submit supplemental final comments addressing only Commerce's final antidumping and countervailing duty determinations regarding imports from Vietnam. These supplemental final comments must not contain new factual information and may not exceed five (5) pages in length. All written submissions must conform with the provisions of section 201.8 of the Commission's rules; any submissions that contain BPI must also conform with the requirements of sections 201.6, 207.3, and 207.7 of the Commission's rules. Please be aware that the Commission's rules with respect to electronic filing have been amended. The amendments took effect on November 7, 2011. See 76 FR 61937 (Oct. 6, 2011) and the newly revised Commission's Handbook on E-Filing, available on the Commission's web site at <http://edis.usitc.gov>.

Additional written submissions to the Commission, including requests pursuant to section 201.12 of the Commission's rules, shall not be accepted unless good cause is shown for accepting such submissions, or unless the submission is pursuant to a specific request by a Commissioner or Commission staff.

In accordance with sections 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the investigations must be served on all other parties to the investigations (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

Authority: These investigations are being conducted under authority of title VII of the Tariff Act of 1930; this notice is published

pursuant to section 207.21 of the Commission's rules.

By order of the Commission.

Issued: August 17, 2012.

Lisa R. Barton,

Acting Secretary to the Commission.

BILLING CODE 7020-02-P

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-486 and 731-TA-1195-1196 (Final)]

Utility Scale Wind Towers From China and Vietnam; Scheduling of the Final Phase of Countervailing Duty and Antidumping Investigations

AGENCY: United States International Trade Commission.

ACTION: Notice.

SUMMARY: The Commission hereby gives notice of the scheduling of the final phase of countervailing duty investigation No. 701-TA-486 (Final) under section 705(b) of the Tariff Act of 1930 (19 U.S.C. 1671d(b)) (the Act) and the final phase of antidumping investigation Nos. 731-TA-1195-1196 (Final) under section 735(b) of the Act (19 U.S.C. 1673d(b)) to determine whether an industry in the United States is materially injured or threatened with material injury, or the establishment of an industry in the United States is materially retarded, by reason of subsidized and less-than-fair-value imports from China and Vietnam of utility scale wind towers, provided for in subheading 7308.20.00 of the Harmonized Tariff Schedule of the United States.¹

¹ For purposes of these investigations, the Department of Commerce has defined the subject merchandise as certain wind towers, whether or not tapered, and sections thereof. Certain wind towers are designed to support the nacelle and rotor blades in a wind turbine with a minimum rated electrical power generation capacity in excess of 100 kilowatts ("kW") and with a minimum height of 50 meters measured from the base of the tower to the bottom of the nacelle (i.e., where the top of the tower and nacelle are joined) when fully assembled.

A wind tower section consists of, at a minimum, multiple steel plates rolled into cylindrical or conical shapes and welded together (or otherwise attached) to form a steel shell, regardless of coating, end-finish, painting, treatment, or method of manufacture, and with or without flanges, doors, or internal or external components (e.g., flooring/decking, ladders, lifts, electrical buss boxes, electrical cabling, conduit, cable harness for nacelle generator, interior lighting, tool and storage lockers) attached to the wind tower section. Several wind tower sections are normally required to form a completed wind tower.

Wind towers and sections thereof are included within the scope whether or not they are joined with nonsubject merchandise, such as nacelles or rotor blades, and whether or not they have internal

For further information concerning the conduct of this phase of the investigations, hearing procedures, and rules of general application, consult the Commission's Rules of Practice and Procedure, part 201, subparts A through E (19 CFR part 201), and part 207, subparts A and C (19 CFR part 207).

DATES: *Effective Date:* August 2, 2012.
