

bears a relationship to other actions undertaken by other agencies relevant to NEPA, *e.g.*, that a set of related actions are all related to one overarching project.

(p) *Scope* consists of the range of actions, alternatives, and effects subject to the Corps legal authority or subject to the Corps control and responsibility that should be considered in an environmental document. This part addresses the considerations for use by District Engineers when determining scope for NEPA compliance in § 333.18 of this part.

(q) *Tiering* when used for the purposes of multi-phased reviews of activities under 33 U.S.C. 408, refers to the coverage of general matters in broader environmental impact statements or environmental assessments (such as a general plan to address a need that identifies different conceptual options) with subsequent narrower or more detailed statements or environmental analyses (such as an analysis of how one of those conceptual options could be implemented at a specific site) incorporating by reference the general discussions and concentrating solely on the issues specific to the statement subsequently prepared.

Subpart H—Severability

§ 333.71 Severability.

The sections of this part are separate and severable from one another. If any section or portion therein is stayed or determined to be invalid, or the applicability of any section to any person or entity is held invalid, it is the Corps' intention that the validity of the remainder of those parts will not be affected. The remaining sections or portions, and all applications thereof, shall continue to be in effect.

[EPA–HQ–OAR–2002–0083; FRL–5919.4–03–OAR]

National Emission Standards for Hazardous Air Pollutants: Integrated Iron and Steel Manufacturing Facilities Technology Review: Interim Final Rule

AGENCY: Environmental Protection Agency (EPA).

ACTION: Interim final rule; request for comment.

SUMMARY: The U.S. Environmental Protection Agency (EPA) is taking interim final action on the National Emission Standards for Hazardous Air Pollutants (NESHAP) for Integrated Iron and Steel Manufacturing Facilities to revise certain compliance deadlines for standards finalized in 2024.

Specifically, the EPA is revising certain compliance deadlines in the 2024 rule to April 3, 2027, in light of serious concerns that facilities will be unable to comply with the relevant requirements by the existing deadlines.

DATES: This interim final rule is effective on July 2, 2025. Comments on this rule must be received on or before August 1, 2025.
