Notice of Outer Continental Shelf Final Determination for McCovey Prospect

AGENCY: Environmental Protection
Agency ("EPA").

ACTION: Notice of Final Action.

SUMMARY: EPA Region 10 is hereby
providing notice that it issued an Outer
Continental Shelf (OCS) permit to

EnCana Oil & Gas (USA) Inc. The permit
(Authority to Construct) was issued on
May 29, 2002, and became effective July
4, 2002.

EnCana proposes to conduct
exploratory oil and gas drilling in the
OCS near-shore waters of the Beaufort
Sea at the McCovey Prospect
exploration site, north-northeast of the
Midway Islands, in the vicinity of
Prudhoe Bay, Alaska. EnCana proposes
to utilize a mobile offshore drilling unit
consisting of a converted crude tanker
with topside drilling facilities that sits
on top of an all steel submersible barge.
Exploratory drilling will be conducted
from November 2002 through March
2003, and / or, from November 2003
through March 2004.

The proposed facility is subject to the
State of Alaska requirements applicable
to OCS sources. See 40 CFR part 55,
Appendix A. The facility has proposed
and accepted operating restrictions to
avoid PSD review. No New Source
Performance Standards (40 CFR part 60)
or National Emissions Standards for
Hazardous Air Pollutants (40 CFR parts
61 and 63) apply to emission units at
the facility.

40 CFR 55.6(a)(3) requires EPA to
follow the procedures in 40 CFR part
124 used to issue PSD permits. In
accordance with those procedures,
comments were received during the
public comment period. EPA Region 10
responded to comments, and certain
proposed permit conditions were
changed in the final permit. EnCana
received the final permit on June 3,
2002. A copy of the final permit was
concurrently provided to commentors.
Review of the final permit by the
Environmental Appeals Board was not
requested within 30 days of EnCana's
receipt of the final permit, pursuant to
40 CFR 124.19, and thus the final permit
became effective July 4, 2002.

40 CFR 124.19(f)(2) requires notice of
any final agency action regarding a PSD
(OCS) permit to be published in the
Federal Register Review. This notice
satisfies that requirement.

you have any questions or would like a
copy of the permit, please contact Dan
