

surveillance system enabling states and CDC to track changes over time and obtain data to guide the planning, implementation, and evaluation of national and state obesity prevention efforts.

A sample of approximately 1,200 ECE centers across four states will be recruited to participate in this one-time data collection effort. Each center will receive a recruitment letter introducing

the survey, explaining its objectives and the importance of their participation, and instructions for completing the survey. It is anticipated that most responses will be submitted online via the internet. However, paper surveys will be available upon request. Approximately two weeks after the initial recruitment letter is mailed, all sampled centers will receive a reminder postcard. Approximately four weeks

after the initial recruitment letter is mailed, non-respondents will be sent another letter along with a hardcopy of the questionnaire.

Participation in this study is completely voluntary and there are no costs to the respondent other than their time. The estimated annualized burden hours is 409. The approval request is for two years.

ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondents	Form name	Number of respondents	Number of responses per respondent	Average burden per response (in hours)	Total burden (in hours)
ECE Director or Administrator	Recruitment Letter	1,140	1	5/60	95
ECE Director or Administrator	Web/Mail Survey	627	1	30/60	314
Total					409

This notice sets out a summary of the use and burden associated with the following information collections. More detailed information can be found in each collection's supporting statement and associated materials (see **ADDRESSES**).

CMS-381 Identification of Extension Units of Medicare Approved Outpatient Physical Therapy/ Outpatient Speech Pathology (OPT/OSP) Providers and Supporting Regulations

Under the PRA (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires federal agencies to publish a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

Administration for Children and Families

Submission for OMB Review; Information Comparison With Insurance Data (OMB #0970-0342)

AGENCY: Office of Child Support Enforcement, Administration for Children and Families, HHS.

ACTION: Request for Public Comment.

SUMMARY: The Administration for Children and Families' (ACF) Office of Child Support Enforcement (OCSE) is requesting a 3-year extension of the currently approved Information Comparison with Insurance Data (OMB #0970-0342; Expires 1/31/2021).

DATES: *Comments due within 30 days of publication.* OMB is required to make a

decision concerning the collection of information between 30 and 60 days after publication of this document in the **Federal Register**. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

SUPPLEMENTARY INFORMATION:

Description: The Deficit Reduction Act of 2005 amended Section 452 of the Social Security Act to authorize the Secretary, through the Federal Parent Locator Service (FPLS), to conduct comparisons of information concerning individuals owing past-due child support with information maintained by insurers (or their agents) concerning insurance claims, settlements, awards, and payments. The two options to participate in the Information Comparison with Insurance Data program are (1) insurers submit information concerning claims, settlements, awards, and payments to the federal OCSE. OCSE compares it to information pertaining to parents who owe past-due support. (2) OCSE will send a file containing information about parents who owe past-due support to the insurer, or their agent, to compare with their claims, settlements, awards, and payments. The insurer or their agent sends any resulting insurance data matches to OCSE. On a daily basis, OCSE sends the results of the insurance data match in an "Insurance Match Response Record" to child support agencies responsible for collecting past-due support. The child support agencies use the insurance data matches to collect past-due support from the insurance proceeds.

Respondents: Insurers or their agents, including the U.S. Department of Labor and state agencies administering workers' compensation programs, and the Insurance Services Office.
