

the United States, Europe, and Asia and is already found in foods, animals feeds, and in medicines (MRID 44821916). The plant has been consumed in the human diet in Japan for generations without any known adverse effects. The active components stimulated by *Reynoutria sachalinensis* are phenolics which have health benefits and are already present in vegetables. Exempting *Reynoutria sachalinensis* from the requirement of a tolerance should pose no significant risk to humans or the environment.

#### G. Effects on the Immune and Endocrine Systems

To date there is no evidence to suggest that *Reynoutria sachalinensis* functions in a manner similar to any known hormone, or that it acts as an endocrine disrupter.

#### H. Efficacy

When applied to certain crop plants, this product raises the plants natural defense system by increasing the existing phenolic compounds in the leaf tissue. Current research indicates that the plant diseases affected by these natural phytoalexins are powdery mildews, gray mold, and fire blight. These diseases are economically important problems in both ornamental and food crop plants.

#### I. Existing Tolerances

There are no existing tolerances of any type for the extract of *Reynoutria sachalinensis* in the United States.

#### J. International Tolerances

The IR-4 program and the registrant, KHH BioSci, Inc., are not aware of any tolerances, exemptions from tolerance or maximum residue levels (MRLs) issued for the extract of *Reynoutria sachalinensis* outside of the United States. No MRLs have been established for the extract of *Reynoutria sachalinensis* by the Codex Alimentarius Commission.

## EXPORT-IMPORT BANK OF THE UNITED STATES

### [Public Notice 61]

#### Agency Information Collection Activities; Comment Request

**AGENCY:** Export-Import Bank of the United States (Ex-Im Bank).

**ACTION:** Notice and request for comments.

**SUMMARY:** The Export-Import Bank, as a part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to comment on the proposed information collection as required by the Paperwork Reduction Act of 1995. The purpose of the survey is to fulfill a statutory mandate (The Export-Import Bank Act of 1945, as amended, 12 U.S.C. 635) which directs Ex-Im Bank to report annually to the U.S. Congress any action taken toward providing export credit programs that are competitive with those offered by official foreign export credit agencies. The Act further stipulates that the annual report on competitiveness should include the results of a survey of U.S. exporters and U.S. commercial lending institutions which provide export credit to determine their experience in meeting financial competition from other countries whose exporters compete with U.S. exporters.

Accordingly, Ex-Im Bank is requesting that the proposed survey (EIB N. 00-02) be sent to approximately 120 respondents that use Ex-Im Bank's medium- and long-term programs. The revised survey is similar to the previous survey, as it asks bankers and exporters to evaluate the competitiveness of Ex-Im Bank's programs *vis-à-vis* foreign export credit agencies. However, it has been modified in order to account for newer policies and to capture enough information to provide a better analysis of our competitiveness. In addition, the survey will be available on Ex-Im Bank's Web site, [www.exim.gov](http://www.exim.gov), with recipients encouraged to respond on-line as well.

**DATES:** Written comments should be received on or before June 1, 2004, to be assured of consideration.

**ADDRESSES:** Direct all requests for additional information to Alan Jensen, Export-Import Bank of the U.S., 811 Vermont Avenue, NW., room 1279, Washington, DC 20571, (202) 565-3767.

**SUPPLEMENTARY INFORMATION:** With respect to the proposed collection of information, Ex-Im Bank invites comments as to:

- Whether the proposed collection of information is necessary for the proper performance of the functions of Ex-Im Bank, including whether the information will have a practical use;
- The accuracy of Ex-Im Bank's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Ways to enhance the quality, usefulness, and clarity of the information to be collected; and
- Ways to minimize the burden of collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology; *e.g.*, permitting electronic submission of responses.

**Title and Form Number:** 2003 Exporter & Banker Survey of Ex-Im Bank Competitiveness, EIB Form 00-02.

**OMB Number:** 3048-0004.

**Type of Review:** Revision of a currently approved collection.

**Annual Number of Respondents:** 120.

**Annual Burden Hours:** 120.

**Frequency of Reporting or Use:** Annual Survey.

**Dated:** March 24, 2004.

**Solomon Bush,**  
Agency Clearance Officer.

**PART 3 - EXPERIENCE WITH EX-IM BANK AS COMPARED TO FOREIGN ECAs**

Using the guide below, please grade Ex-Im Bank as it compares to other ECAs in the following categories:

A+	= Fully competitive. Consistently equal to the (or is the sole) ECA offering the most competitive position on this element. Levels the playing field on this element with the most competitive offer from any of the major ECAs.
A	= Generally competitive. Consistently offers terms on this element equal to the average terms of the typical major ECA. Levels the playing field on this element with the typical offer from the major ECAs.
A-/B+	= In between A and B
B	= Modestly competitive. Consistently offers terms on this element equal to the least competitive of the major ECAs. Does not quite level the playing field on this element with most of the major ECAs.
B-/C+	= In between B and C
C	= Barely competitive. Consistently offers terms on this element that are a notch below = Barely competitive. Consistently offers terms on this element that are a notch below element that may, to a certain extent, be compensated for in other elements or by exporter concessions.
D	Uncompetitive. Consistently offers terms on this element that are far below those offered by other major ECAs. Puts exporter at financing disadvantage on this element so significant that it is difficult to compensate for and may be enough to lose a deal.
F	=Does not provide program or element
