#### Proposed Collection; Comment Request; NHLBI Health Information Center's Revolving Customer Satisfaction Survey

**SUMMARY:** In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995,

for opportunity for public comment on proposed data collection projects, the National Heart, Lung and Blood Institute (NHLBI), the National Institutes of Health (NIH) will publish periodic summaries of proposed projects to be submitted to the Office of Management and Budget (OMB) for review and approval.

**Proposed Collection:** Title: NHLBI Health Information Center's Revolving Customer Satisfaction Survey. **Type of Information Collection Request:** NEW. **Need and Use of Information Collection:** The purpose of this survey is to identify those areas in which services provided by the NHLBI Health Information Center (HIC) to health professionals, patients and their families, and the general public are outstanding and areas where improvements are needed. That information will be used to formulate programs, processes, training, and

enhancements to raise the level of customer satisfaction with the services provided by the NHLBI HIC. With subsequent surveys, data will demonstrate whether gains have been made in areas for improvement and if new customer needs must be addressed. **Frequency of Response:** Twice a year. **Affected Public:** Individuals. **Type of Respondents:** Individuals who contact the NHLBI HIC by telephone or e-mail during each 1-month data collection period. The annual reporting burden is as follows: **Estimated Number of Respondents:** 99; **Estimated Number of Responses per Respondent:** 1; **Average Burden Hours per Response:** 0.05; and **Estimated Total Annual Burden Hours Requested:** 9.9. The annualized cost to respondents is estimated at: \$242.15. There are no Capital Costs, Operating Costs, and/or Maintenance Costs to report.

Type of respondent	Estimated number of respondents	Annual frequency of response	Average burden hours per response	Estimated total annual burden hours requested
General Public .....	43	2	0.05	4.3
Private Companies .....	14	2	0.05	1.4
Public Sector Groups .....	13	2	0.05	1.3
Health Professionals .....	29	2	0.05	2.9
Totals .....	99	.....	.....	9.9

**Request for Comments:** Written comments and/or suggestions from the public and affected agencies are invited on one or more of the following points: (1) Whether the proposed collection of information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility; (2) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and (4) Ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

**FOR FURTHER INFORMATION CONTACT:** To request more information on the proposed project or to obtain a copy of the data collection plans and instruments, contact Dr. Ann M. Taubenheim, Principal Investigator, National Heart, Lung, and Blood Institute, Office of Communications and Legislative Activities, NIH, 31 Center

Drive, Building 31, Room 4A10, Bethesda, MD 21045, or call non-toll-free number 301-496-4236 or e-mail your request, including your address, to [taubenha@nhlbi.nih.gov](mailto:taubenha@nhlbi.nih.gov).

**Comments Due Date:** Comments regarding this information collection are best assured of having their full effect if received within 60 days of the date of this publication.

Dated: April 28, 2009.

**Ann M. Taubenheim,**

*Principal Investigator, NHLBI.*

#### Government-Owned Inventions; Availability for Licensing

**AGENCY:** National Institutes of Health, Public Health Service, HHS.

**ACTION:** Notice.

**SUMMARY:** The inventions listed below are owned by an agency of the U.S. Government and are available for licensing in the U.S. in accordance with

35 U.S.C. 207 to achieve expeditious commercialization of results of federally funded research and development. Foreign patent applications are filed on selected inventions to extend market coverage for companies and may also be available for licensing.

**ADDRESSES:** Licensing information and copies of the U.S. patent applications listed below may be obtained by writing to the indicated licensing contact at the Office of Technology Transfer, National Institutes of Health, 6011 Executive Boulevard, Suite 325, Rockville, Maryland 20852-3804; telephone: 301/496-7057; fax: 301/402-0220. A signed Confidential Disclosure Agreement will be required to receive copies of the patent applications.

#### Novel Inhibitors of Bone Morphogenetic Proteins

**Description of Technology:** Bone Morphogenetic Proteins (BMPs) are signaling molecules that are central in a variety of biological processes, but were first recognized for their role in inducing bone and cartilage development. Abnormal BMP signaling has been implicated in the pathogenesis of a class of joint disorders known as spondyloarthropathies which includes
