

fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to, and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest.

The Exchange believes that approval of the proposal would remove impediments to, and perfect the mechanism of a free and open market and a national market system and, in general, protect investors and the public interest, because by increasing ICE's authorized shares of Common Stock and shares of capital stock sufficient to allow ICE to effectuate the Stock Dividend, the proposed rule change will facilitate broader ownership of ICE.

The Exchange believes that amending Article V, Section A.5, to correct the reference to "this Section A of ARTICLE VI" to refer to "this Section A of ARTICLE V" would reduce potential confusion that may result from having an incorrect reference in the ICE Certificate. Replacing such incorrect reference would further the goal of transparency and add clarity to the ICE Certificate.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Exchange Act. The proposed rule change is not designed to address any competitive issue but rather is concerned solely with the number of authorized shares of Common Stock and shares of capital stock of the Exchange's ultimate parent.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

the Exchange consents, the Commission will:

A. by order approve or disapprove such proposed rule change, or
