SUPPLEMENTARY INFORMATION:

I. Background

DoD is establishing the Defense Debt Management Records, DoD–0022 as a DoD-wide Privacy Act system of records. A DoD-wide system of records notice (SORN) supports DoD paper or electronic recordkeeping systems operated by more than one DoD component that maintain the same kind of information about individuals for the same purpose. Establishment of DoD-wide SORNs helps DoD standardize the rules governing the collection, maintenance, use, and sharing of personal information in key areas across the enterprise. DoD-wide SORNs also

reduce duplicative and overlapping SORNs published by separate DoD components. The creation of DoD-wide SORNs is expected to make locating relevant SORNs easier for DoD personnel and the public and create efficiencies in the operation of the DoD privacy program.

This system covers debt management records maintained by all components of DoD, wherever they are maintained. The system consists of both electronic and paper records and will be used by DoD components to maintain records about debts owed from DoD-affiliated individuals, including Military service members, civilian employees, dependents and family members, contractors, and other individuals. Debts may include but are not limited to: (1) overdue debts owed to DoD, and (2) overpayment of benefits to individuals. The collection and maintenance of this information will assist the DoD in meeting its obligations under law, regulation, and policy to ensure debt management is successfully accomplished.

Additionally, pursuant to 5 U.S.C. 552a(b)(12), disclosures may be made from this system to consumer reporting agencies in accordance with 31 U.S.C. 3711(e).

DoD SORNs have been published in the **Federal Register** and are available from the address in **FOR FURTHER INFORMATION CONTACT** or on the Privacy and Civil Liberties Directorate website at <https://dpcl.dod.mil>.

II. Privacy Act

Under the Privacy Act, a “system of records” is a group of records under the control of an agency from which information is retrieved by the name of an individual or by some identifying number, symbol, or other identifying particular assigned to the individual. In the Privacy Act, an individual is defined as a U.S. citizen or lawful permanent resident.

In accordance with 5 U.S.C. 552a(r) and Office of Management and Budget (OMB) Circular No. A–108, the DoD has provided a report of this system of records to the OMB and to Congress.
