An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Total Annual Burden: 219,205 hours.

Total Annual Cost: \$50,104,000.

Needs and Uses: The Commission adopted and released two rulemakings that revised this information collection. FCC 04-135 now includes the addition of radio services: Broadband Radio (formerly Multipoint Distribution Service radio service); Educational Broadband Services (formerly the VX radio service); and a new Schedule E has been created for the technical data for these services. FCC 04-23 made changes to Schedules D, I and M to items concerning the Quiet Zone. The requirements include: (1) To provide for immediate processing of applications that may implicate Quiet Zones, in the event that the applicant indicates that it has obtained consent, if required by section 1.924, of the Quiet Zone entity; (2) to clarify that applicants may provide notification to and begin coordination with Quiet Zone entities, where required, in advance of filing an application with the Commission; (3) amend section 101.31(b)(1)(v) to permit Part 101 applicants to initiate

conditional operation, provided they have obtained prior consent of the Quiet Zone entity to the extent required, and are otherwise eligible to initiate conditional operations over the proposed facility; similarly, the Bureau clarifies that, for services in which individual station licenses are not issued, licensees may initiate operations immediately upon receipt of the Quiet Zone entity's consent; and (4) to clarify that either the applicant or the applicant's frequency coordinator may notify and initiate any required coordination proceedings with the Quiet Zone entity.

Note: For purposes of simplicity, all areas implicated by section 1.924 will be referred to as "Quiet Zones." We note that the only area with the formal designation of "Quiet Zone" is the National Radio Quiet Zone, which encompasses the National Radio Astronomy Observatory and the Naval Radio Research Observatory.

The Commission uses the information provided by applicants on the FCC Form 601 to update its database and to determine where the applicant is legally, technically and financially qualified to provide licensed services and to make proper use of the frequency spectrum.
