

to comply with the proposed conditions specified herein.

(d) Upon completion of the Integrated Pipeline Tunnel Project, evaluate the effectiveness of the decompression tables used throughout the project, and provide a written report of this evaluation to the OTPCA and the OSHA Area Office in Long Island, New York.

Note: The evaluation report would have to contain summaries of: (1) The number, dates, durations, and pressures of the hyperbaric interventions completed; (2) decompression protocols implemented (including composition of gas mixtures (air and/or oxygen), and the results achieved; (3) the total number of interventions and the number of hyperbaric incidents (decompression illnesses and/or health effects associated with hyperbaric interventions as recorded on OSHA Form 301 Injuries and Illness Incident Report and OSHA Form 300 Log of Work-Related Injuries and Illnesses, and relevant medical diagnoses, and treating physicians' opinions); and (4) root causes of any hyperbaric incidents, and preventive and corrective actions identified and implemented.

(e) To assist OSHA in administering the proposed conditions specified herein, inform the OTPCA and the LIAO as soon as possible, but no later than seven (7) days, after it has knowledge that it will:

(i) Cease doing business;
 (ii) Change the location and address of the main office for managing the tunneling operations specified herein; or
 (iii) Transfer the operations specified herein to a successor company.

(f) Notify all affected employees of this proposed modified permanent variance by the same means required to inform them of its application for a modified permanent variance.

2. OSHA would have to approve the transfer of the proposed modified permanent variance to a successor company through a new application for a modified variance.
