This includes the time needed to review instructions; develop, acquire, install and utilize technology and systems for the purposes of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities:

Entities potentially affected by this action are companies that manufacture, process, import, use, distribute or dispose of chemicals.

Frequency of Collection: On occasion.

Estimated No. of Respondents: 396.

Estimated Total Annual Burden on Respondents: 203,014 hours.

Estimated Total Annual Costs: \$8,664,319.

Changes in Burden Estimates: This request reflects a decrease of 979,560 hours (from 1,182,574 hours to 203,014 hours) in the total estimated respondent burden from that currently in the OMB inventory. This decrease is due to a re-estimation of the numbers of test rules and enforceable consent agreements that the Agency will issue, and a re-estimation of the expected level of testing remaining to be done under the HPV Challenge Program. In addition, the burden related to an initiative that was previously included, has been transferred to another ICR. The change in burden represents an adjustment.

Dated: January 27, 2005.

LONG-TERM LOAN OR GUARANTEE APPLICATION**ATTACHMENT C: Tied Aid Capital Projects Fund**

1. Check if you are requesting appropriate Ex-Im Bank support to preclude or counter foreign tied aid offers.
2. Check if one or more foreign governments are offering, or planning to offer, unusually long repayment periods, unusually low interest rates, and/or mixed grant-credit financing for *the specific contract for which Ex-Im Bank support is sought*. Attach available documentary evidence of a foreign tied aid credit offer. If such evidence is not available, specify your reasons for suspecting foreign tied aid.
3. Check if you authorize Ex-Im Bank to ask the OECD Secretariat to issue a confidential "no aid" comm. on line request to OECD member governments. Acceptance of this request would preclude future foreign and U.S. aid financing for the project.
4. Check if you believe that loss of this contract will jeopardize follow-on sales opportunities for similar sales in the same market. Provide the type and estimated value of potential follow-on sales.
5. Provide the following information, if known, for each foreign government's tied aid offers.

Foreign Offer #1

Foreign Offer #2

ATTACHMENT D: Anti-lobbying Declaration/Disclosure

This attachment applies only to applications for final commitments.

1. Anti-Lobbying Law.

Under a U.S. law (31 U.S.C. 1352), recipients of U.S. government loans, grants, contracts, and cooperative agreements are prohibited from spending Federally appropriated funds to influence certain U.S. government employees, including Ex-Im Bank employees, in connection with the awarding of those Federal awards.

Recipients of Federal loans, grants, guarantees, insurance, contracts and cooperative agreements may spend non-Federally appropriated funds for such lobbying purposes; however, they are required to report such lobbying expenditures.

The law applies to Ex-Im Bank loan, guarantee and insurance transactions. Declaration and Disclosure Forms are to be filed by applicants and recipients and certain exporters and suppliers, as defined below.

2. Compliance Procedures. 2a. Who Must File.

All applicants for final commitments from Ex-Im Bank must file a Declaration regardless of whether non-Federally appropriated funds have been spent for lobbying purposes. If non-Federally appropriated funds have been spent, a Disclosure Form must also be filed. Applicants include borrowers and lenders who are applicants for final commitments for medium-term and long-term direct loans and guarantees.

The Declaration and/or Disclosure Forms must be received by Ex-Im Bank from the applicant before Ex-Im Bank will consider the application for a final commitment.

All recipients under Ex-Im Bank programs, who are not the applicant for a final commitment, must file a Declaration and, if they have spent funds for lobbying purposes, a Disclosure Form. Recipients include borrowers who receive Ex-Im Bank direct loans and lenders who receive Ex-Im Bank guarantees.

The Declaration and/or Disclosure Forms must be received by Ex-Im Bank from the recipients before Ex-Im Bank will enter into a loan or guarantee agreement.

All suppliers who have entered into a contract in excess of \$100,000 with the recipient of an Ex-Im Bank direct loan or grant must file a Declaration and, if funds have been spent for lobbying purposes, a Disclosure Form.

Such suppliers must file the Declaration and/or Disclosure Forms upon being awarded the supply contract.

2b. Exemptions.

The law has been interpreted so that it does not apply to foreign governments, their instrumentalities or their wholly-owned companies. Therefore, these entities are exempt from filing both the Declaration and Disclosure Forms.

The law's disclosure requirements do not apply to loan or guarantee transactions where the U.S. Government-financed portion is \$150,000 or less.

2c. How To File.

Complete the appropriate Declaration Form on the following page. If you are required to file a Disclosure Form, it will be provided by Ex-Im Bank upon request. Any person who fails to file the required forms shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

**LONG-TERM LOAN OR GUARANTEE APPLICATION
ATTACHMENT E: USED EQUIPMENT**

Equipment that has been previously owned or placed into service is generally eligible for support under Ex-Im Bank's loan, guarantee and insurance programs, provided certain criteria are met. To be eligible for Ex-Im Bank support, used equipment, including equipment that has been refurbished in the U.S., must meet the following eligibility criteria:

1. To be considered U.S. content, the used equipment must be of original U.S. manufacture, AND, if previously exported, must have been in use in the U.S. for at least one year prior to export.
2. The U.S. costs associated with the refurbishment of the equipment are eligible for Ex-Im Bank support, provided they meet Ex-Im Bank's foreign content policy parameters. Ex-Im Bank can support the lesser of 85 percent of the U.S. Contract Price of the item or 100% of the actual U.S. content of the item provided that (a) the item is shipped from the U.S. and (b) the foreign content of the item does not exceed 50 percent of the item's total production cost.
3. If the used equipment is of either original foreign manufacture or original U.S. manufacture, previously exported and has **not been in use in the U.S. for at least one year prior** to its proposed export, then Ex-Im Bank will treat it as **foreign content** and the following applies:
 - a. if the equipment is to be refurbished, the used equipment procurement cost is considered eligible foreign content provided that this cost is less than 50 percent of the total procurement and refurbishment cost.
 - b. if the foreign content of the used equipment exceeds 50 percent of the cost associated with the procurement and refurbishment of the equipment, then only the U.S. refurbishment portion will be considered eligible for Ex-Im Bank support.
4. Previously exported goods that benefitted from Ex-Im Bank financing in the past will be considered eligible for Ex-Im Bank support provided that the original financing has been **paid in full** and that the equipment has been **in use in the U.S. for at least one year**.
5. The **repayment term** that Ex-Im Bank offers for used and refurbished equipment will be consistent with Ex-Im Bank's international agreements for repayment terms based on contract value. Ex-Im Bank, at its sole discretion, will determine the remaining useful life of such equipment.
 - a. If the remaining **useful life** of the equipment is **at least half** the useful life of equivalent **new equipment**, then Ex-Im Bank may support a repayment term equal to that offered new equipment.
 - b. If the remaining **useful life** of the equipment is **less than half** the useful life of equivalent **new equipment**, then Ex-Im Bank may support a repayment term **equal to the useful life** remaining.
 - c. If the sale **includes** items some of which may have a **useful life of at least half** that of equivalent new equipment and **some** of which may have a **useful life of less than half** that of equivalent new equipment, a **weighted average** of the useful lives of all the items will be calculated to determine the payment term of the entire sale.

PRELIMINARY/FINAL COMMITMENT APPLICATION ATTACHMENT F: Project and Structured Finance

OMB No. 3048-0013
Expires 1/31/2005

1. Project Finance.

The term "project finance" refers to the financing of projects that are dependent on the project cash flows for repayment as defined by the contractual relationships within each project. These projects do not rely on the typical export credit agency security package which has recourse to a foreign government, financial institution or established corporation to meet a reasonable assurance of repayment criterion. By their very nature, projects rely for successful completion on a large number of integrated contractual arrangements.

1. Ex-Im Bank Project Finance.

- **Maximum Support Possible.** Where appropriate, Ex-Im Bank will offer the maximum support allowed within the rules of the OECD Arrangement, to include:
 - a) *Financing of interest accrued during construction related to the Ex-Im Bank financing.*
 - b) *Allowance of up to 15% foreign content in the U.S. package.*
 - c) *Maximum repayment term allowed under the OECD guidelines.*
- **No Size Limitation.** There are no minimum or maximum size limitations.
- **Flexible Coverage.** Any combination of either direct loans or guarantees for commercial bank loans with political risk only or comprehensive coverage are available for a given project.
- **Flexible Equity Arrangements.** There are no predetermined equity requirements. Ex-Im Bank will review and determine the appropriate equity structure on a case-by-case basis. The equity sponsor's ownership position cannot be transferred without Ex-Im Bank's consent.
- **Ex-Im Bank Exposure Fee Commensurate with Risk.** Exposure fees will vary depending on the risk assessment of the project and the type of coverage requested during construction and post completion. The exposure fee can be paid up-front or with each disbursement and can be financed.
- **Environmental Considerations.** Ex-Im Bank's environmental procedures will apply.
- **Rapid Case Processing.** With the help of outside financial consultants, Ex-Im Bank will give a preliminary indication of support, called a Preliminary Project Letter (PPL), within 45 days from the date evaluation begins by the outside consultant. Should the project be sufficiently developed, the sponsor may proceed directly to a final commitment from the PPL, as determined by the Project and Structured Finance Division.
- **Financial Consultants.** Ex-Im Bank has advisers on specific project finance cases.

2. Application Process.

- **Submission.** The project finance application must include: 1) the standard *Ex-Im Bank Preliminary Commitment/Final Commitment Application*, and 2) the materials listed in this attachment. These materials should be marked "Project Finance Application" and submitted to Ex-Im Bank.
- **Preliminary Review.** Ex-Im Bank will review the submitted material within five to ten business days of the date that the application is received by the Division. This review will determine if the application includes the information required to proceed with an evaluation.
- **Incomplete Applications.** If the application presented is determined to be incomplete by the Project and Structured Finance Division, the applicant will be contacted with an explanation of the application's deficiencies. If the application is not determined to be suitable for limited recourse project financing but could still be considered for another form of Ex-Im Bank financing, it will be forwarded to the appropriate division and the applicant will be notified.
- **Choice of Financial Consultant.** A financial consultant will be selected by Ex-Im Bank to evaluate the application. Determination of the specific financial consultant will depend on several factors including geographic and sector expertise, and ability to meet project deadlines.
- **Evaluation Fee.** Before the financial consultant begins review, the applicant will be required to pay an evaluation fee.
- **Other Fees.** For most projects, Ex-Im Bank will require, either in conjunction with other lenders or for its own use, the advice of independent outside legal counsel, independent engineers, and insurance advisers. In addition, there may be other fees associated with conducting proper due diligence. Payment for these and any other fees will be the responsibility of the project sponsors or the applicant.
- **Preliminary Project Letter.** Assuming the evaluation process is satisfactory, the Project and Structured Finance Division will issue a PPL. The PPL indicates that Ex-Im Bank is prepared to move forward on a financing offer and the corresponding general terms and conditions. These terms and conditions will be based upon the information available at the time of application. The evaluation and issuance of the PPL will be completed within 45 days of commencement of the evaluation.
- **Evaluation Post-PPL.** After issuance of the PPL, Ex-Im Bank will work with the applicant to secure a final commitment. On a case-by-case basis, Ex-Im Bank may continue to utilize the financial consultant.

3. Project Criteria and Application Information Requirements.

a. General Project. (5 copies)

Definition

- Ideally the project should have long-term contracts from creditworthy entities for the purchase of the project's output and the purchase of the project's major inputs such as fuel, raw materials, and operations and maintenance. Such contracts should extend beyond the term of the requested Ex-Im Bank financing. Where such contracts do not exist, additional equity and/or other credit support is expected.
- The project should contain an appropriate allocation of risk to the parties best suited to manage those risks. Sensitivity analysis should result in a sufficient debt service coverage ratio to ensure uninterrupted debt servicing for the term of the debt.
- Total project cost should be comparable to projects of similar type and size for a particular market.
- Product unit pricing and costs should reflect market-based pricing.
- Devaluation risk needs to be substantially mitigated through revenues denominated in hard currencies, revenue adjustment formulas based on changing currency relationships, or other structural mechanisms.

Information required

1. Summary of all aspects of the project, as contained in an independently prepared feasibility study and/or a detailed information memorandum, prepared by a qualified party. The study or memorandum should include the project description, location, legal status, ownership, and the background and status of key elements of the project structure, such as agreements, licenses, local partner participation, and financing.
2. Draft agreements for key elements of the project, including supply and offtake agreements.
3. A breakdown of anticipated project costs through commissioning, including interest during construction and working capital requirements, by major cost category and country of origin.
4. A summary of the anticipated project financing plan and security package, including: the proposed source, amount, currency and terms of the debt and equity investments; the sources of finance in the event of project cost overruns; and a description of escrow accounts. Information on the terms, security requirements, and status of financing commitments of other lenders to the project, if applicable, should be provided.
5. Projected annual financial statements covering the period from project development through final maturity of the proposed Ex-Im Bank financing, to include balance sheet, profit and loss, source and application of funds statements, and debt service ratios. Projections should include a sensitivity analysis for not only the expected scenario but pessimistic and optimistic cases as well. The above information must be provided electronically in a user friendly financial model. Ex-Im Bank must be able to review and adjust the assumptions in the model.
6. Assumptions for the financial projections, including but not limited to the basis for sales volume and prices; operating and administrative costs; depreciation, amortization and tax rates; and local government policy on price regulation.
7. Market information to include: ten years of historical price and volume data; present and projected capacity of industry; product demand forecast with assumptions; description of competition and projected market share of the project as compared to the shares of the competition; identity and location of customers; and marketing and distribution strategy.
8. A description of the principal risks and benefits of the project to the sponsors, lenders, and host government.
9. A description of the types of insurance coverage to be purchased for both the pre- and post-completion phases of the project.

b. Participants. (5 Copies)

Definition

- Project sponsors, offtake purchasers, contractors, operators, and suppliers must be able to demonstrate the technical, managerial and financial capabilities to perform their respective obligations within the project.

Information Required

1. Sponsors must provide a brief history and description of their operations, a description of their relevant experience in similar projects, and three years of audited financial statements, in English.
2. If the sponsors are part of a joint venture or consortium, information on all participants should be provided. A shareholders' agreement should also be provided.
3. Offtake purchasers and suppliers should provide a history and description of operations, at least three years of audited financial statements, in English, and a description of how the project fits in to their long-term strategic plan.
4. Contractors and operators must provide resumes of experience with similar projects and recent historical financial information.

c. Technical. (3 Copies)

Definition

- Project technology must be proven and reliable, and licensing arrangements must be contractually secured for a period extending beyond the term of the Ex-Im Bank financing.
- A technical feasibility study or sufficiently detailed engineering information needs to be provided to demonstrate the technical feasibility of the project.

Information Required

1. Technical description and a process flow diagram for each project facility.
2. Detailed estimate of operating costs.
3. Arrangement for supply of raw materials and utilities.
4. Draft turnkey construction contract and description of sources of possible cost increases and delays during construction, including detailed description of liquidated damage provisions and performance bond requirements.

5. Project implementation schedule, showing target dates for achieving essential project milestones.
6. A site-specific environmental assessment, highlighting concerns, requirements and solutions. The information to be provided should demonstrate compliance with Ex-Im Bank's environmental guidelines.

d. Host Country Legal/Regulatory Framework and Government Role. (5 Copies)

Definition

- Host government commitment to proceeding with the project needs to be demonstrated.
- Legal and regulatory analysis needs to demonstrate that the country conditions and the project structure are sufficient to support long-term debt exposure for the project through enforceable contractual relationships.
- Ex-Im Bank's relationship with the host government will be addressed on a case-by-case basis. An Ex-Im Bank Project Incentive Agreement (PIA) with the host government may be required. The PIA addresses certain political risks and Ex-Im Bank's method of resolution of conflict with the host government pertaining to these issues. Only certain markets will require a PIA.

Information Required

1. A description of the host government's role in the project, and progress made toward obtaining essential government commitments, including authorizations from appropriate government entities to proceed with the project.
2. A definition of the control, if any, that the government will have in the management and operation of the project, and status of any assurances that the government will not interfere in the project's operation. If the government is also a project sponsor, these issues will be of particular importance.

3. Evidence of the government's current and historical commitment and policies for availability and convertibility of foreign currency.
4. Status and strategy for obtaining government undertakings to support any government parties involved in the project, to the extent that such undertakings are needed to provide adequate credit support for such entities.

II. Structured Finance.

"Structured" transactions will have an established corporation as a borrower but may rely upon sources of collateral or security in addition to the corporation's balance sheet. The information required for structured finance applications is the same as that requested in "Attachment G" plus any additional data describing the proposed structure and security package.

If you have questions about this attachment, please contact the Project and Structured Finance Division (Telephone: 202-565-3690 or Fax: 202-565-3695).

LONG-TERM LOAN OR GUARANTEE APPLICATION**ATTACHMENT G: Credit Information**

This attachment applies to all Long-Term Loan or Guarantee Applications, except for Large Aircraft and Project Finance Transactions. Provide the General Information and Supplemental Financial Information requested below (as applicable) on the borrower and, if any, guarantor. If any items are not available, provide an explanation. Following Ex-Im Bank's initial review of the application, an Ex-Im Bank Credit Officer may request additional credit information.

In the event that the borrower lacks sufficient credit strength in terms of asset size, operating history or cash flows to provide a reasonable assurance of repayment, an Ex-Im Bank Credit Officer will contact you to discuss whether "Structured Finance" credit enhancements are appropriate. Such enhancements may include one or more of the following:

- Special purpose accounts, including offshore payment accounts, escrow or reserve accounts, or other accounts that would be subject to Ex-Im Bank's control.
- Covenants and default provisions such as financial ratio or debt service coverage requirements that would, if violated, prevent payment of dividends to the company owners.
- Insurance requirements that might be more strict than those typically applicable under corporate insurance policies.
- Letters of credit or other sources of funds that would be pledged by the sponsor to Ex-Im Bank through a bank or other third party.
