Federal Aviation Administration

Environmental Desk Reference for Airport Actions

ACTION: Notice of availability.

SUMMARY: On May 18, 2006, the Federal Aviation Administration's Office of Airports (ARP) published a notice in the **Federal Register**. That Notice told interested parties about the availability of the Preamble for FAA Order 5050.4B, National Environmental Policy Act (NEPA) Implementing Instructions for Airport Actions (71 FR 29014). In that Preamble, ARP stated that it would prepare a desk reference to provide its staff and interested parties with information on integrating and complying with Federal environmental laws, regulations, and Executive Orders other than NEPA (71 FR 29015).

Today's Notice alerts interested parties that ARP has prepared the desk reference, entitled "Environmental Desk Reference for Airport Actions."

Interested parties may review a copy of the document at the following Web site: http://www.faa.gov/airports_airtraffic/airports/environmental/environmental_desk_ref/.

ARP will publish changes to the Desk Reference that may be needed to respond to changes in the laws, regulations, or Executive Orders the Desk Reference discusses.

SUPPLEMENTARY INFORMATION:

Title: National Scenic Byway Program.

OMB Control #: 2125-0611.

Form #: FHWA-1569, FHWA-1570, FHWA-1577.

Background: The National Scenic Byways Program was established under the Intermodal Surface Transportation Efficiency Act of 1991, and reauthorized in 1998 under the Transportation Equity Act for the 21st Century. Under the program, the U.S. Secretary of Transportation recognizes certain roads as National Scenic Byways or All-American Roads based on their archaeological, cultural, historic, natural, recreational, and scenic qualities. There are 126 such designated Byways in 44 states, which the FHWA promotes as the America's Byways. It is a voluntary, grassroots program that recognizes and supports outstanding roads while providing resources to help manage the intrinsic qualities within the broader Byway corridor to be treasured and shared. The vision of the FHWA's National Scenic Byways Program is "to create a distinctive collection of American roads, their stories and treasured places." The program's mission is to provide resources to the byway community in creating a unique travel experience and enhanced local quality of life through efforts to preserve, protect, interpret, and promote the intrinsic qualities of designated byways. Title 23, Section 162 of the United States Code describes the creation of the National Scenic Byways Program. This legislation was most recently amended in 2005 upon passage of the Public Law 109-59 Safe, Accountable, Flexible, and Efficient

Transportation Equity Act—A Legacy for Users (SAFETEA—LU). The legislation includes provisions for review and dissemination of grant monies by the U.S. Secretary of Transportation. Grant applications are solicited on an annual basis. Eligible projects are on State designated byways, National Scenic Byways, All-American Roads, or Indian tribe scenic byways. Applications are completed by Federal, State, or local governmental agencies; Tribal governments; and non-profit organizations. The application information is collected electronically via the online Grant system and is used to determine project eligibility. The legislation also includes information about the nomination of scenic byways to become one of America's Byways, a collection of distinct and diverse roads designated by the U.S. Secretary of Transportation. America's Byways include the National Scenic Byways and All-American Roads. Additional information on the National Scenic Byways Program, its grant program, and the nomination process is available at <http://www.bywaysonline.org>.

Grants Respondents: In a typical grants cycle, it is estimated that 400 applications will be received. These applications will be submitted online and reviewed for eligibility through a process involving State Byway or Indian Tribe Scenic Byway Coordinators and FHWA Division Offices before being submitted to FHWA Headquarters for funding consideration. Respondents include: 50 State Departments of Transportation, the District of Columbia and Puerto Rico (Right-of-Way Department), Federal Land Management Agencies, State and local governments, non-profit agencies, and Tribal Governments.

Frequency: Annual.

Estimated Average Burden per Response: 16 hours.

Nominations Respondents: Based on previous nomination cycles, it is estimated that a total of 75 nominations will be received, originating from any local government, including Indian tribal governments, or any private group or individual. Nominations may also originate from the U.S. Forest Service, the National Park Service, the Bureau of Land Management, or the Bureau of Indian Affairs; but such nominations must come through the State Scenic Byways Agency, with the State's concurrence. Roads determined to be appropriate for nomination by the State, an Indian tribe, or a Federal land management agency based on its intrinsic qualities must first be designated as a State scenic byway, an Indian tribe scenic byway, or, in the

case of a road on Federal land, as a Federal land management agency byway.

Frequency: Biennial.

Estimated Average Burden per

Response: 200 hours.

Estimated Total Annual Burden Hours: 11,400 hours.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended; and 49 CFR 1.48.

Issued on: October 17, 2007.

Chief, Management Programs and Analysis Division.

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

Petition for Waiver of Compliance

In accordance with Part 211 of Title 49 Code of Federal Regulations (CFR), notice is hereby given that the Federal Railroad Administration (FRA) has received a request for a waiver of compliance from certain requirements of its safety standards. The individual petition is described below, including the party seeking relief, the regulatory provisions involved, the nature of the relief being requested, and the petitioner's arguments in favor of relief.

Union Pacific Railroad Company

[Docket Number FRA-2007-28952]

The Union Pacific Railroad Company (UP) seeks a waiver of compliance from certain requirements of 49 CFR Part 232, *Brake System Safety Standards for Freight and Other Non-Passenger Trains and Equipment; End-of-Train Devices*, and Part 215, *Railroad Freight Car Safety Standards*. Specifically, UP seeks relief to permit trains received at the United States-Mexican border at Eagle Pass, TX, from the Ferrocarriles Nacionales de Mexico, to move from the interchange point without performing the regulatory tests and inspections specified in Part 215 and section 232.205(a)(1), at that location. UP proposes moving the trains from the border at Milepost 32.5 on the Eagle Pass Subdivision, to the UP yard at Clarks Park, TX, a distance of 4.8 miles, where required FRA inspections will be performed. UP claims that granting of the waiver would expedite train movements and avoid blockages of crossings in Eagle Pass.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate

scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number (e.g., Waiver Petition Docket Number FRA-2007-28952) and must be submitted in triplicate to the Docket Clerk, DOT Docket Management Facility, 1200 New Jersey Avenue SE., West Building Ground Floor, Room W12-140, Washington, DC 20590-0001.

Communications received within 45 days of the date of this notice will be considered by FRA before final action is taken. Comments received after that date will be considered as far as practicable. All written communications concerning these proceedings are available for examination during regular business hours (9 a.m.-5 p.m.) at the above facility. All documents in the public docket are also available for inspection and copying on the Internet at the docket facility's Web site at <http://www.regulations.gov>.

Anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review the DOT's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (Volume 65, Number 70; Pages 19477-78). The statement may also be found at <http://dms.dot.gov>.

Issued in Washington, DC, on October 17, 2007.
