

OMB Number: 0505-0015.

Expiration Date: 7/31/2003.

Type of request: Extension of a currently approved collection.

Proposed use of information: The information enables the agency to determine whether the departure of a key person from the contractor's staff may have a deleterious effect upon contract performance, and to determine what accommodations or remedies may be taken. If the agency could not obtain information about departing key personnel, it could not ensure that qualified personnel continue to perform contract work.

Respondents: State or local governments; businesses or other for-profit; small businesses or organizations.

Estimated Number of Respondents: 300.

Estimated Number of Responses per Respondent: One (1).

Estimate of Burden: The information collection is required only when a contractor proposes to make changes to key personnel assigned to performance of a contract. Consequently, information collection is occasional. Public reporting burden for this collection of information is estimated to average one hour per respondent.

Estimated Total Annual Burden on Respondents: 300 hours.

5. Title: Procurement: Progress Reporting Clause.

OMB Number: 0505-0016.

Expiration Date: 7/31/2003.

Type of request: Extension of a currently approved collection.

Proposed use of information: The information is requested monthly or quarterly from contractors performing research and development (R&D) or advisory and assistance services, including ADP system or software development. The information enables the contracting office to monitor actual progress and expenditures compared to anticipated performance and proposal representations upon which the contract award was made. The information alerts the contracting office to technical problems, to a need for additional staff resources or funding, and to the probability of timely completion within the contract cost or price. If the contracting office could not obtain a report of progress, it would have to physically monitor the contractor's operations on a day-to-day basis throughout the performance period.

Respondents: State or local government; businesses or other for-profit; small businesses or organizations.

Estimated Number of Respondents: 300.

Estimated Number of Responses per Respondent: The frequency of progress reports varies from monthly to quarterly depending on the complexity of the contract and the risk of successful completion. Based on monthly reporting, each respondent would submit 12 responses per year.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average one and one half hours per respondent.

Estimated Total Annual Burden on Respondents: 5,400 hours.

Comments: Comments received will be considered in order to: (a) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of USDA contracting offices, including whether the information will have a practical utility; (b) evaluate the accuracy of OPPM's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) enhance the quality, utility and clarity of the information to be collected; and (d) minimize the burden of the collection of information on those who respond, including through the use of automated collection techniques or other forms of information technology. All responses to this notice will be summarized and included in the request for OMB approval, and will become a matter of public record.

Dated: May 21, 2003.

W.R. Ashworth,

Director, Office of Procurement and Property Management.

BILLING CODE 3410-TX-P

DEPARTMENT OF AGRICULTURE

Food Safety and Inspection Service

[Docket No. 03-014N]

Notice of Request for Extension and Revision of a Currently Approved Information Collection

AGENCY: Food Safety and Inspection Service, USDA.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 and the Office of Management and Budget (OMB) regulations, this notice announces the Food Safety and Inspection Service's (FSIS) intention to request an extension for and revision to a currently approved information collection package (ICP) regarding

Pathogen Reduction and the Hazard Analysis and Critical Control Point (HACCP) System. In addition, FSIS plans to incorporate the currently approved *Escherichia coli* (*E. coli*) contamination in beef products information collection package into the revised and extended Pathogen Reduction/HACCP information collection package.

DATES: Comments on this notice must be received on or before July 28, 2003.

FOR FURTHER INFORMATION OR COMMENTS

CONTACT: John O'Connell, Paperwork Reduction Act Coordinator, Food Safety and Inspection Service, USDA, 300 12th Street, SW., Room 112, Washington, DC 20250-3700, (202) 720-0345.

SUPPLEMENTARY INFORMATION: Title: Pathogen Reduction/Hazard Analysis and Critical Control Point (HACCP) System.

OMB Number: 0583-0103.

Expiration Date of Approval: 2/29/2004.

Type of Request: Extension and revision of a currently approved information collection.

Abstract: FSIS has been delegated the authority to exercise the functions of the Secretary as specified in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601 *et seq.*) and the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451 *et seq.*). These statutes mandate that FSIS protect the public by taking regulatory actions to provide that meat and poultry products are safe, wholesome, unadulterated, and properly labeled and packaged.

FSIS is requesting an extension and revision to the ICP addressing meat and poultry paperwork and recordkeeping requirements regarding Pathogen Reduction and the HACCP system.

FSIS has established requirements applicable to meat and poultry establishments designed to reduce the occurrence and numbers of pathogenic microorganisms on meat and poultry products, reduce the incidence of foodborne illness associated with the consumption of those products, and provide a new framework for modernization of the meat and poultry inspection system. The regulations (1) require that each establishment develop and implement written sanitation standard operating procedures (Sanitation SOPs); (2) require regular microbial testing for generic *E. coli* by slaughter establishments to verify the adequacy of the establishment's process controls for the prevention and removal of fecal contamination and associated bacteria; (3) establish pathogen reduction performance standards for *Salmonella* that slaughter

establishments and establishments producing raw ground products must meet; and (4) require that all meat and poultry establishments develop and implement a system of preventive controls designed to improve the safety of their products, known as HACCP.

FSIS plans to incorporate the currently approved *E. coli* contamination in beef products ICP into this revised and extended Pathogen Reduction/HACCP ICP. The OMB approval number for the *E. coli* contamination ICP is 0583-0103. FSIS has decided to combine the *E. coli* contamination in beef products ICP into the Pathogen Reduction/HACCP ICP because the Pathogen Reduction/HACCP ICP covers information collections that occur under the Agency's pathogen reduction efforts. The *E. coli* contamination in beef products ICP covers the Agency's collection of information from Federal grinding establishments concerning the suppliers of source materials.

Estimate of Burden: The public reporting burden for this collection of information is estimated to average 0.128 hours per response.

Respondents: Meat and poultry establishments.

Estimated Number of Respondents: 8,114.

Estimated Number of Responses per Respondent: 7,732.

Estimated Total Annual Burden on Respondents: 8,051,306.

Copies of this information collection assessment can be obtained from John O'Connell, Paperwork Reduction Act Coordinator, Food Safety and Inspection Service, USDA, 300 12th Street, SW., Room 112, Washington, DC 20250-3700, (202) 720-5627, (202) 720-0345.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of FSIS' functions, including whether the information will have practical utility; (b) the accuracy of FSIS' estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques, or other forms of information technology. Comments may be sent to both John O'Connell, Paperwork Reduction Act Coordinator, at the address provided above, and the Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of

Management and Budget, Washington, DC 20253.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Additional Public Notification

Public awareness of all segments of rulemaking and policy development is important. Consequently, in an effort to better ensure that minorities, women, and persons with disabilities are aware of this notice, FSIS will announce it and make copies of this **Federal Register** publication available through the FSIS Constituent Update. FSIS provides a weekly Constituent Update, which is communicated via Listserv, a free e-mail subscription service. In addition, the update is available on-line through the Internet at <http://www.fsis.usda.gov>. The update is used to provide information regarding FSIS policies, procedures, regulations, **Federal Register** notices, FSIS public meetings, recalls, and any other types of information that could affect or would be of interest to our constituents/stakeholders. The constituent Listserv consists of industry, trade, and farm groups, consumer interest groups, allied health professionals, scientific professionals, and other individuals that have requested to be included. Through the Listserv and web page, FSIS is able to provide information to a much broader, more diverse audience.

For more information contact the Congressional and Public Affairs Office, at (202) 720-9113. To be added to the free e-mail subscription service (Listserv) go to the "Constituent Update" page on the Internet at <http://www.fsis.usda.gov/oa/update/update.htm>. Click on the "Subscribe to the Constituent Update Listserv" link, then fill out and submit the form.

Done at Washington, DC, on: May 21, 2003.

Garry L. McKee,

Administrator.

BILLING CODE 3410-DM-P

DEPARTMENT OF COMMERCE

International Trade Administration

[A-570-862]

Notice of Extension of Time Limit of the Preliminary Results of Antidumping Duty Administrative Review: Foundry Coke From the People's Republic of China

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of extension of time limit of the preliminary results of the antidumping duty administrative review of foundry coke from the People's Republic of China.

SUMMARY: The Department of Commerce ("the Department") is extending the time limit of the preliminary results of the antidumping duty administrative review of foundry coke from the People's Republic of China.

EFFECTIVE DATE: May 28, 2003.

FOR FURTHER INFORMATION CONTACT:

Michael Holton, AD/CVD Enforcement, Group III, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington DC 20230; telephone: (202) 482-1324.

SUPPLEMENTARY INFORMATION:

Background

On September 3, 2002, the Department published a notice of opportunity to request an administrative review of the antidumping duty order on foundry coke from the People's Republic of China. *See Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity to Request Administrative Review*, 67 FR 56267 (September 3, 2002). On September 30, 2002, Petitioners, ABC Coke, Citizens Gas & Coke Utility, Erie Coke Corporation, Sloss Industries Corporation, and Tonawanda Coke Corporation, requested the Department conduct an administrative review of sales of foundry coke from the PRC for the period March 8, 2001, through August 31, 2002. On October 24, 2002, the Department published a notice of initiation of an administrative review of the antidumping duty order on subject merchandise by CITIC Trading Co., Ltd. for the period March 8, 2001, through August 31, 2002. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 67 FR 65336 (October 24, 2002). The preliminary results of this administrative review are currently due no later than June 2, 2003.
