

(2) Added six new forms:

(a) FWS Form 3–200–15b (Eagle Parts for Native American Religious Purposes - Reorder Request) will enable Native Americans to send reorders directly to the National Eagle Repository, which distributes the parts, instead of to the Regional permit office.

(b) FWS Form 3–200–77 (Native American Religious Use - Eagle Take), FWS Form 3–200–78 (Native American Religious Use - Live Eagles), and FWS Form 3–200–79 (Special Purpose-Abatement Activities Using Raptors) will provide the public with applications specifically designed to address information necessary to issue permits for these activities.

(c) FWS Form 3–202–13 (Eagle Exhibition Annual Report) will facilitate reporting under Eagle Exhibition permits by clarifying that we need information about eagles only. Currently, permittees use FWS Form 3–202–5 (Special Purpose Possession Live/Dead (Education) Annual Report), which requests information on other migratory birds.

(d) FWS Form 3–202–14 (Native American Religious Use - Live Eagles Annual Report) will facilitate reporting under the permits for Native American religious use.

We have transferred FWS Forms 3–200–69 (CITES Import/Export - Eagle Transport for Scientific or Exhibition Purposes) and 3–200–70 (CITES Import/Export - Eagle Transportation for Indian Religious Purposes), currently approved under this information collection, to OMB Control Number 1018–0093.

Comments: On March 23, 2007, we published in the **Federal Register** (72 FR 13815) a notice of our intent to request that OMB renew this information collection. In that notice, we solicited comments for 60 days, ending on May 22, 2007. We received one comment. The comment did not address issues surrounding the proposed collection of information or the cost and hour burden estimates, but instead objected to other aspects of our program, such as killing of eagles. We have not made any changes to this collection as a result of the comment.

III. Request for Comments

We again invite comments concerning this IC on:

(1) whether or not the collection of information is necessary, including whether or not the information will have practical utility;

(2) the accuracy of our estimate of the burden for this collection of information;

(3) ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) ways to minimize the burden of the collection of information on respondents.

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment, including your personal identifying information, may be made publicly available at any time. While you can ask OMB in your comment to withhold your personal identifying information from public review, we cannot guarantee that it will be done.

Dated: June 29, 2007.
