- (1) Providing equipment and support to enable students to participate actively in physical education activities, and
- (2) Providing funds for staff and teacher training and education, in order to make progress toward meeting State standards for physical education.

Administrative Costs

in any fiscal year may be used for administrative costs.

Federal Share

The Federal share for grants under this program may not exceed 90 percent of the total cost of a project.

Prohibition Against Supplanting

Grant funds made available under this program shall be used to supplement and not supplant other Federal, State, or local funds available for physical education activities.

An application for funds under this program may provide for the participation of students enrolled in private, nonprofit elementary or secondary schools and their parents and teachers, or home-schooled students and their parents and teachers.

Equitable Distribution

We will ensure, to the extent practicable, an equitable distribution of awards among applicants serving urban and rural areas.

Special Rule

Extracurricular activities, such as team sports and Reserve Officers' Training Corps (ROTC) program activities, shall not be considered as part of the curriculum of a physical education program.

SUPPLEMENTARY INFORMATION:**Novice Applicants**

We encourage the participation of novice applicants, including faith-based organizations, in the Carol M. White Physical Education Program. Therefore, we will reserve up to 25 percent of available funds for grants to novice entities submitting high-quality applications. Applications submitted by eligible novice entities will be read, scored, ranked, and considered for funding separately from applications submitted by non-novice eligible entities.

Cap on Awards for Novice Applicants

The maximum award for which a novice applicant may apply is \$150,000. Applications submitted for consideration under the novice provisions that request funding in excess of \$150,000 will be read in the pool of applications submitted by non-novice entities.

Form Applications

An application under this program should address the specific needs of the population that the applicant proposes

to serve, and activities should be designed to meet those needs. As a result, we strongly discourage applicants from using "form" applications or proposals that do not address the identified needs of their student population or that fail to provide a clear plan for helping students meet State standards for physical education.

Additional Awards

Contingent upon the availability of funds, we may make additional awards in FY 2004 from the rank-ordered list of unfunded applications from this competition.

Participation of Faith-Based Organizations

Faith-based organizations are eligible to apply for grants under this competition provided they meet all statutory and regulatory requirements.

Pilot Project for Electronic Submission of Applications

In FY 2003, the U.S. Department of Education is continuing to expand its pilot project of electronic submission of applications to include additional formula grant programs, as well as
