[Docket ID FEMA-2008-0020; Internal Agency Docket Nos. FEMA-B-1060 and FEMA-B-1062]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Proposed rule; correction.

SUMMARY: FEMA is correcting a table for Black Hawk County, Iowa, and Incorporated Areas. Further, on July 8, 2009, FEMA published a proposed rule that properly addressed St. Charles County, Missouri, and Incorporated Areas, but incorrectly indicated that St. Charles County had not been included in any previously published proposed

rule. FEMA seeks to correct and clarify that statement.

FOR FURTHER INFORMATION CONTACT:

Kevin C. Long, Acting Chief, Engineering Management Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-2820 or (e-mail) kevin.long@dhs.gov.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) proposes determinations of Base (1% annual-chance) Flood Elevations (BFEs) and modified BFEs for communities participating in the National Flood Insurance Program (NFIP), in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a). These proposed BFEs and modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are minimum requirements. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in these buildings.

Need for Corrections

FEMA is correcting a table in a proposed rule which published on July 2, 2009, at 74 FR 31656, and correcting an incorrect statement made in the preamble to a proposed rule that published on July 8, 2009, at 74 FR 32480. On July 2, 2009, FEMA published a proposed rule that contained two errors: first, a table for Black Hawk County, Iowa, and Incorporated Areas contained incorrect information; and second, a table for St. Charles County, Missouri, and Incorporated Areas should not have been included in the rule and published in error. On July 8, 2009, at 74 FR 32480, FEMA published a separate proposed rule which properly addressed St. Charles County, Missouri, and Incorporated Areas. However, the July 8 rule incorrectly indicated that St. Charles County had not been included in any previous proposed rule. FEMA seeks to correct and clarify that statement.
