

Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the CAA; and

- Will not have disproportionate human health or environmental effects under Executive Order 12898 (59 FR 7629, February 16, 1994).

This final redesignation does not apply to any Indian reservation land or in any other area where EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of Indian country, the rule does not have tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), nor will it impose substantial direct costs on tribal governments or preempt tribal law.

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it

is published in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by November 29, 2021. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. *See* section 307(b)(2).

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 180

[EPA–HQ–OPP–2019–0385; FRL–8400–02–OCSP]

Metaflumizone; Pesticide Tolerances; Technical Correction

AGENCY: Environmental Protection Agency (EPA).

ACTION: Correcting amendment.

SUMMARY: EPA issued a final rule in the **Federal Register** of April 19, 2021, establishing tolerances for residues of the insecticide metaflumizone in or on multiple commodities requested by BASF Corporation under the Federal Food, Drug, and Cosmetic Act (FFDCA). That document inadvertently requested removal of tolerances for the crop group fruit, stone, group 12–12. This document corrects the final regulation.

DATES: This correction is effective September 28, 2021.

ADDRESSES: The docket for this action, identified by docket identification (ID) number EPA-HQ-OPP-2019-0385, is available at <http://www.regulations.gov> or at the Office of Pesticide Programs Regulatory Public Docket (OPP Docket) in the Environmental Protection Agency Docket Center (EPA/DC), West William Jefferson Clinton Bldg., Rm. 3334, 1301 Constitution Ave. NW, Washington, DC 20460-0001. The Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the OPP Docket is (703) 305-5805.

Due to the public health concerns related to COVID-19, the EPA Docket Center (EPA/DC) and Reading Room is closed to visitors with limited exceptions. The staff continues to provide remote customer service via email, phone, and webform. For the latest status information on EPA/DC services and docket access, visit <https://www.epa.gov/dockets>.

FOR FURTHER INFORMATION CONTACT: Marietta Echeverria, Acting Director, Registration Division (7505P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460-0001; telephone number: (703) 305-7090; email address: RDFRNotices@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Does this action apply to me?

The Agency included in the April 19, 2021 final rule a list of those who may be potentially affected by this action.

II. What does this technical correction do?

EPA issued a final rule in the **Federal Register** of April 19, 2021 (86 FR 20290) (FRL-10018-60) that established tolerances for residues of the insecticide metaflumizone in or on multiple commodities. While establishing tolerances in response to a petition requesting these tolerances, EPA included erroneous language in its instructions to the **Federal Register**, by directing the removal of the existing tolerance established in § 180.657 for “Fruit, stone, group 12-12”. Instead of instructing the **Federal Register** to Remove the entries for “Fruit, citrus, group 10-10”; “Fruit, pome, group 11-10”; and “Fruit, stone, group 12-12” the instructions should have only directed the removal of entries for “Fruit, citrus, group 10-10” and “Fruit, pome, group 11-10”. EPA’s instructions to remove the tolerances for “Fruit, stone, group 12-12” were not consistent with its authority under FFDCA section

408(d)(4)(A). Therefore, EPA is rescinding its instruction to remove “Fruit, stone, group 12-12” and reinstating the tolerance level at 0.04 parts per million.

III. Why is this correction issued as a final rule?

Section 553 of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)(3)(B)) provides that, when an agency for good cause finds that notice and public procedure are impracticable, unnecessary, or contrary to the public interest, the agency may issue a final rule without providing notice and an opportunity for public comment. EPA has determined that there is good cause for making this technical correction final without prior proposal and opportunity for comment, because EPA inadvertently deleted the existing tolerance established for “Fruit, stone, group 12-12”. EPA finds that this constitutes good cause under 5 U.S.C. 553(b)(3)(B).

IV. Do any of the statutory and executive order reviews apply to this action?

No. For a detailed discussion concerning the statutory and Executive order review, refer to Unit VI. of the April 19, 2021 final rule.

V. Congressional review act

Pursuant to the Congressional Review Act (5 U.S.C. 801 *et seq.*), EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C. 804(2).
