SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-53843; File No. SR-Amex-2006-49]

Self-Regulatory Organizations; American Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Extend Until June 5, 2007, a Pilot Program for Listing Options on Selected Stocks Trading Below \$20 at One-Point Intervals

May 19, 2006.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on May 17, 2006, the American Stock Exchange LLC ("Amex" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Amex. The Amex filed the proposal pursuant to section 19(b)(3)(A) of the Act,³ and Rule 19b-4(f)(6) thereunder,⁴ which renders the proposal effective upon the filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Amex proposes to amend Commentary .05 to Amex Rule 903, "Series of Options Open for Trading," to extend until June 5, 2007, its pilot program for listing options series on selected stocks trading below \$20 at one-point intervals ("Pilot Program"). The text of the proposed rule change is available on the Amex's Web site (<http://www.amex.com>), at the Amex's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Amex included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Amex has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Pilot Program was established in June 2003,⁵ with two one-year extensions granted by the Commission in June 2004 and June 2005.⁶ The Amex believes that the Pilot Program has operated as designed, providing investors with greater flexibility in achieving their investment strategies in connection with stocks trading below \$20. Accordingly, the Amex believes that a one-year extension, through June 5, 2007, is reasonable and consistent with the intent of the Pilot Program.

The Pilot Program permits the Exchange to select a total of five individual stocks on which options series may be listed at \$1 strike price intervals. To be eligible for the Pilot Program, an underlying stock must close below \$20 on its primary market on the previous trading day. If selected, the Exchange may list \$1 strike prices at \$1 intervals from \$3 to \$20, consistent with the terms of the Pilot Program. Under the Pilot Program, a \$1 strike price may not be listed that is greater than \$5 from the underlying stock's closing price on its primary market on the previous day. The Exchange may also list \$1 strikes on any other options class designated by another options exchange that employs a similar pilot program approved by the Commission.

The Pilot Program prohibits the Exchange from listing \$1 strikes on any

series of individual equity options classes that have greater than nine months until expiration. In addition, the Exchange is restricted from listing any series that would result in strike prices being \$0.50 apart.

To date, the Exchange believes that the Pilot Program has been beneficial to investors and the options market by providing investors with greater flexibility in the trading of equity options that overlie stocks trading below \$20. In this manner, options investors are able to better tailor their strategies through the availability of \$1 strikes. The Pilot Program Report, attached as Exhibit 3, provides data regarding the Pilot Program as required in the Pilot Program Extension Notices.⁷ The Amex notes that, as the data indicates, the \$1 strikes exhibited higher volume and open interest than the "standard" strike price intervals. Specifically, the five options classes selected by the Amex for \$1 strikes had a trading volume of 1,308,261 contracts, while the "standard" strikes for the same options classes had a trading volume 1,350,314 contracts. Of even greater significance is the difference in open interest between the \$1 strikes and "standard" strikes. As of April 28, 2006, \$1 strikes open interest totaled 475,183 contracts versus 65,264 contracts for "standard" strikes. Given the limited nature of the Pilot Program, the Exchange submits that the impact on systems has been minimal. Accordingly, the Amex believes that an extension of the Pilot Program for one year through June 5, 2007, is warranted.

2. Statutory Basis

The Amex believes that the proposed rule change is consistent with the section 6(b) of the Act,⁸ in general, and furthers the objective of section 6(b)(5) of the Act,⁹ in particular, in that it is designed to promote just and equitable principles of trade and to remove impediments to and perfect the mechanism of a free and open market.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Amex believes that the proposed rule change will impose no burden on competition that is not necessary or appropriate in the furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Amex has filed the proposed rule change pursuant to section 19(b)(3)(A) of the Act¹⁰ and subparagraph (f)(6) of Rule 19b-4 thereunder.¹¹ Because the foregoing proposed rule change: (1) Does not significantly affect the protection of investors or the public interest; (2) does not impose any significant burden on competition; and (3) by its terms does not become operative for 30 days after the date of this filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6) thereunder.

A proposed rule change filed under Rule 19b-4(f)(6) normally does not become operative for 30 days after the date of filing. However, Rule 19b-4(f)(6)(iii) permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. In addition, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to provide the Commission with written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Amex has asked the Commission to waive the five-day pre-filing notice requirement and the 30-day operative delay so that the proposal will be effective on June 5, 2006.

The Commission waives the five-day pre-filing notice requirement. In addition, the Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because it will allow the Pilot Program to continue without interruption through June 5, 2007.¹² For this reason, the Commission designates that the

proposal become operative on June 5, 2006.¹³

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments
