SECURITIES AND EXCHANGE COMMISSION

[SEC File No. 270–404, OMB Control No. 3235–0461]

Proposed Collection; Comment Request; Extension: Rule 602

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549–2736

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (“PRA”) (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (“Commission”) is soliciting comments on the existing collection of information provided for in Rule 602 of Regulation NMS (17 CFR 240.602), under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*). The Commission plans to submit this existing collection of information to the Office of Management and Budget (“OMB”) for extension and approval.

Rule 602 of Regulation NMS, Dissemination of Quotations in NMS securities, contains two related collections. The first collection of information is found in Rule 602(a).¹ This third-party disclosure requirement obligates each national securities exchange and national securities association to make available to quotation vendors for dissemination to the public the best bid, best offer, and aggregate quotation size for each “subject security,” as defined under the Rule. The second collection of information is found in Rule 602(b).²

This disclosure requirement obligates any exchange member and over-the-counter (“OTC”) market maker that is a “responsible broker or dealer,” as defined under the Rule, to communicate to an exchange or association its best bids, best offers, and quotation sizes for subject securities.³

It is anticipated that 25 respondents, consisting of 24 national securities exchanges and one national securities association, will collectively respond approximately 19,093,763,801,315 times per year pursuant to Rule 602(a) at 18.22 microseconds per response, resulting in a total annual time burden of approximately 96,625 hours. It is anticipated that no respondents will have a reporting burden pursuant to Rule 602(b).⁴

Thus, the aggregate third-party disclosure burden under Rule 602 is approximately 96,625 hours annually which is comprised of 96,625 hours relating to Rule 602(a) and 0 hours relating to Rule 602(b).

Written comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission’s estimates of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted by December 23, 2022.

An agency may not conduct or sponsor, and a person is not required to

³ Under Rule 602(b)(5), electronic communications networks (“ECNs”) have the option of reporting to an exchange or association for public dissemination, on behalf of customers that are OTC market makers or exchange market makers, the best-priced orders and the full size for such orders entered by market makers on the ECN, to satisfy such market makers’ reporting obligation under Rule 602(b). Since this reporting requirement is an alternative method of meeting the market makers’ reporting obligation, and because it is directed to nine or fewer persons (ECNs), this collection of information is not subject to OMB review under the Paperwork Reduction Act (“PRA”).

⁴ For the reporting obligation under Rule 602(b), the respondents are exchange members and OTC market makers. The Commission believes that communication of quotations through an exchange’s electronic trading system effectively means that exchange members currently have no reporting burden under Rule 602(b) for these quotations. The Commission also believes that there are presently no OTC market makers that quote other than on an exchange.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-96101; File No. 4-762]

Program for Allocation of Regulatory Responsibilities Pursuant to Rule 17d-2; Notice of Filing and Order Approving and Declaring Effective an Amended Plan for the Allocation of Regulatory Responsibilities Between the Financial Industry Regulatory Authority, Inc. and MEMX LLC

October 18, 2022.

Notice is hereby given that the Securities and Exchange Commission (“Commission”) has issued an Order, pursuant to Section 17(d) of the Securities Exchange Act of 1934 (“Act”),¹ approving and declaring effective an amendment to the plan for allocating regulatory responsibility (“Plan”) filed on October 6, 2022, pursuant to Rule 17d-2 of the Act,² by the Financial Industry Regulatory Authority, Inc. (“FINRA”) and MEMX LLC (“MEMX”) (collectively, “Participating Organizations” or “parties”). This agreement amends and restates the agreement entered into between FINRA and MEMX on April 16, 2020, entitled “Agreement between Financial Industry Regulatory Authority, Inc. and MEMX LLC pursuant to Rule 17d-2 under the Securities Exchange Act of 1934,” and any subsequent amendments thereafter.

I. Introduction

Section 19(g)(1) of the Act,³ among other things, requires every self-regulatory organization (“SRO”) registered as either a national securities exchange or national securities association to examine for, and enforce compliance by, its members and persons associated with its members with the Act, the rules and regulations thereunder, and the SRO’s own rules, unless the SRO is relieved of this responsibility pursuant to Section

17(d)⁴ or Section 19(g)(2)⁵ of the Act. Without this relief, the statutory obligation of each individual SRO could result in a pattern of multiple examinations of broker-dealers that maintain memberships in more than one SRO (“common members”). Such regulatory duplication would add unnecessary expenses for common members and their SROs.

Section 17(d)(1) of the Act⁶ was intended, in part, to eliminate unnecessary multiple examinations and regulatory duplication.⁷ With respect to a common member, Section 17(d)(1) authorizes the Commission, by rule or order, to relieve an SRO of the responsibility to receive regulatory reports, to examine for and enforce compliance with applicable statutes, rules, and regulations, or to perform other specified regulatory functions.

To implement Section 17(d)(1), the Commission adopted two rules: Rule 17d-1 and Rule 17d-2 under the Act.⁸ Rule 17d-1 authorizes the Commission to name a single SRO as the designated examining authority (“DEA”) to examine common members for compliance with the financial responsibility requirements imposed by the Act, or by Commission or SRO rules.⁹ When an SRO has been named as a common member’s DEA, all other SROs to which the common member belongs are relieved of the responsibility to examine the firm for compliance with the applicable financial responsibility rules. On its face, Rule 17d-1 deals only with an SRO’s obligations to enforce member compliance with financial responsibility requirements. Rule 17d-1 does not relieve an SRO from its obligation to examine a common member for compliance with its own rules and provisions of the federal securities laws governing matters other than financial responsibility, including sales practices and trading activities and practices.

To address regulatory duplication in these and other areas, the Commission adopted Rule 17d-2 under the Act.¹⁰ Rule 17d-2 permits SROs to propose joint plans for the allocation of regulatory responsibilities with respect

to their common members. Under paragraph (c) of Rule 17d-2, the Commission may declare such a plan effective if, after providing for appropriate notice and opportunity for comment, it determines that the plan is necessary or appropriate in the public interest and for the protection of investors, to foster cooperation and coordination among the SROs, to remove impediments to, and foster the development of, a national market system and a national clearance and settlement system, and is in conformity with the factors set forth in Section 17(d) of the Act. Commission approval of a plan filed pursuant to Rule 17d-2 relieves an SRO of those regulatory responsibilities allocated by the plan to another SRO.

II. The Plan

On June 17, 2020, the Commission declared effective the Plan entered into between FINRA and MEMX for allocating regulatory responsibility pursuant to Rule 17d-2.¹¹ The Plan is intended to reduce regulatory duplication for firms that are common members of FINRA and MEMX by allocating regulatory responsibility with respect to certain applicable laws, rules, and regulations that are common among them. Included in the Plan is an exhibit that lists every MEMX rule for which FINRA bears responsibility under the Plan for overseeing and enforcing with respect to MEMX members that are also members of FINRA and the associated persons therewith (“Certification”).

III. Proposed Amendment to the Plan

On October 6, 2022, the parties submitted a proposed amendment to the Plan (“Amended Plan”). The primary purpose of the Amended Plan is to add Securities Exchange Act Rule 14e-4(a)(1)(ii)(D) to the Certification to accommodate the upcoming launch of MEMX’s new options facility and to reflect updated rule citations. The text of the proposed Amended Plan is as follows (additions are italicized; deletions are [bracketed]):
