SUPPLEMENTARY INFORMATION: By this Notice the Commission invites supplemental comment on the proposal of the Coalition for Affordable Local and Long Distance Service (CALLS) for universal service and interstate access charge reform. CALLS submitted its original proposal on July 29, 1999. On September 15, 1999, the Commission released a Notice of Proposed Rulemaking (NPRM) seeking comment on whether the Commission should adopt all or some portion of the CALLS proposal, or an alternative plan. See

Access Charge Reform, Low-Volume Long Distance Users, Federal-State Joint Board on Universal Service, CC Docket Nos. 96–262, 94–1, 99–249 and 96–45, Notice of Proposed Rulemaking, FCC 99–235 (rel. Sept. 15, 1999) 64 FR 53648, Oct. 4, 1999. On March 8, 2000, the CALLS members filed a written *ex parte* submission containing a modified version of the proposal (modified proposal). A copy of the submission is available for inspection and copying during the weekday hours of 9:00 a.m. to 4:30 p.m. in the Commission's Reference Center, 445 12th St. S.W., Room CY–A257, Washington, D.C. or copies may be purchased from the Commission's duplicating contractor, ITS Inc. 1231 20th St. N.W., Washington D.C. 20036; (202) 857–3088. The complete text of the Notice including the modified proposal also may be obtained through the Worldwide Web, at <http://www.fcc.gov>. The Commission seeks comment on whether it should adopt all or some portion of the modified proposal.

In separate letters, the CALLS long-distance signatories have made a number of commitments to consumers with respect to the ways in which they would pass on the benefits they would receive if CALLS were adopted. Copies of the AT&T and Sprint letters, which were filed as written *ex parte* submissions on February 25, 2000, are available for inspection and copying during the weekday hours of 9:00 a.m. to 4:30 p.m. in the Commission's Reference Center, 445 12th St. S.W., Room CY–A257, Washington, D.C. or copies may be purchased from the Commission's duplicating contractor, ITS Inc. 1231 20th St. N.W., Washington D.C. 20036; (202) 857–3088. As noted, the complete text of the Notice including the letters also may be obtained through the Worldwide Web, at <http://www.fcc.gov>. The Commission seeks comment on the commitments made in these letters, and how the Commission should enforce them.

Regulatory Flexibility Analysis

The NPRM in this proceeding contained an Initial Regulatory Flexibility Analysis (IRFA) as required by the Regulatory Flexibility Act (RFA). See 5 U.S.C. 603; see also 5 U.S.C. 601 *et seq.*, as amended by the Contract with America Advancement Act of 1996, Public Law 104–121, 110 Stat. 847 (1996) (CWAA). Title II of the CWAA is the Small Business Regulatory Enforcement Fairness Act of 1996 (SBREFA). This Notice sets forth substitute rules for those contained in the NPRM. The IRFA is therefore revised as follows.

As required by the RFA, this IRFA of the possible significant economic impact on small entities by the proposals in this Notice has been prepared. Written public comments are requested on the IRFA. These comments must be filed in accordance with the same filing deadlines as comments on the rest of this Notice, and should have a separate and distinct heading designating them as responses to the IRFA, to the Chief Counsel for Advocacy of the Small Business Administration (SBA) in accordance with the RFA. See 5 U.S.C. 603(a).

Legal Basis

This rulemaking action is supported by sections 4(i), 4(j), 201–205, 254, and 403 of the Communications Act of 1934, as amended, 47 U.S.C. 154(i), 154(j), 201–205, 254, and 403.

Description and Estimate of the Number of Small Entities to Which the Notice will Apply

The RFA generally defines the term “small entity” as having the same meaning as the term “small business.” In addition, the term “small business” has the same meaning as the term “small business concern” under the Small Business Act unless the Commission has developed one or more definitions that are appropriate for its activities. See 5 U.S.C. 601 (3) (incorporating by reference the definition of “small business concern” in 15 U.S.C. 632). A small business concern is one which: (1) Is independently owned and operated; (2) is not dominant in its field of operation; and (3) meets any additional criteria established by the SBA. The SBA has defined a small business for Standard Industrial Classification (SIC) category 4813 (Telephone Communications, Except Radiotelephone) to be a small entity that has no more than 1500 employees. See 13 CFR 121.201.

Total Number of Telephone Companies Affected

Price Cap Local Exchange Carriers

The Commission does not have data specifying the number of these carriers that are either dominant in their field of operations, are not independently owned and operated, or have more than 1,500 employees, and thus is unable at this time to estimate with greater precision the number of price cap LECs that would qualify as small business concerns under the SBA's definition. However, there are only 13 price cap LECs. Consequently, significantly fewer than 13 providers of local exchange service are estimated to be small entities

or small price cap LECs that may be affected by these proposals. Although small price cap LECs have been included in this RFA analysis, this RFA action has no effect on Commission analyses and determinations in other, non-RFA contexts. In particular, treatment here of small price cap LECs as "non-dominant" for SBA size standards has no effect on Commission determinations of "dominance" in other, common carrier, contexts.

Competitive Local Exchange Carriers

Neither the Commission nor the SBA has developed a definition of small providers of local exchange service. The closest applicable definition under SBA rules is for telephone telecommunications companies other than radiotelephone (wireless) companies. See Standard Industrial Classification (SIC) Code 4813. The most reliable source of information regarding the number of competitive LECs nationwide of which the Commission is aware appears to be the data that the Commission collects annually in connection with the Telecommunications Relay Service (TRS). According to the Commission's most recent data, 129 companies reported that they were engaged in the provision of either competitive access provider services or competitive local exchange carrier services. See FCC, Common Carrier Bureau, *Carrier Locator: Interstate Service Providers*, Figure 1 (number of carriers paying into the TRS Fund by type of carrier) (Jan. 1999). The Commission does not have data specifying the number of these carriers that are either dominant in their field of operations, are not independently owned and operated, or have more than 1,500 employees, and thus is unable at this time to estimate with greater precision the number of competitive LECs that would qualify as small business concerns under the SBA's definition. Consequently, the Commission estimates that fewer than 129 providers of local exchange service are small entities or small competitive LECs that may be affected by these proposals.

Description of Projected Reporting, Recordkeeping, and Other Compliance Requirements

The revised CALLS proposal would require price cap LECs to file with the Universal Service Administration Corporation (USAC) additional information pertaining to line counts by zone and customer class, revenue data, and information regarding zone boundaries. Competitive LECs would also have to file with USAC line counts

by zone and customer class. The filings are on a quarterly basis. Otherwise, it is not clear whether, on balance, the proposals will increase or decrease price cap LECs' administrative burdens.

Steps Taken To Minimize Significant Economic Impact on Small Entities, and Significant Alternatives Considered

The proposals made by CALLS could have varying positive or negative impacts on price cap LECs, including any such small carriers. The alternative to consideration of adopting the CALLS proposal at this time would be to continue in effect the existing access charge and universal service fund rules. Public comments is welcomed on modifications of the CALLS proposal rules that would reduce any potential impacts on small entities. Specifically, suggestions are sought on different compliance or reporting requirements that take into account the resources of small entities; clarification, consolidation, or simplification of compliance and reporting requirements for small entities subject to the rules; and whether waiver or forbearance from the rules for small entities is feasible or appropriate. Comments should be supported by specific economic analysis.

Federal Rules That May Duplicate, Overlap, or Conflict With the Proposed Rules

None.

Paperwork Reduction Act

The NPRM released September 15, 1999 contained either a proposed or modified information collection. As part of its continuing effort to reduce the paperwork burden, the Commission invites the general public and the Office of Management and Budget (OMB) to take this opportunity to comment on the following information collections contained in the proposal published in the NPRM as modified by the modified proposal herein, as required by the Paperwork Reduction Act of 1995, Public Law 104-13. Public and agency comments are due at the same time as other comments on the Notice; OMB comments are due 60 days from the date of publication of the Notice in the **Federal Register**. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) estimates of the collection burden; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the

collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

Extension of Comment Period on
Proposed Endangered Status for a
Distinct Population Segment of
Anadromous Atlantic Salmon (*Salmo

AGENCIES: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA),

Commerce; Fish and Wildlife Service (FWS), Interior.

ACTION: Proposed rule; extension of comment period.

SUMMARY: NMFS and FWS (the Services) provide notice to extend the public comment period on the proposed determination of endangered status for a distinct population segment (DPS) of Atlantic salmon (*Salmo salar*) in the Gulf of Maine.

DATES: Comments must be received at the appropriate address or fax number (see **ADDRESSES**) no later than 5:00 p.m., eastern daylight time, on April 14, 2000.

ADDRESSES: Written comments and materials regarding the proposed rule should be sent to the Endangered Species Program Coordinator, NMFS, 1 Blackburn Drive, Gloucester, MA 01930 (fax 978-281-9394), or to the Chief, Division of Endangered Species, FWS, 300 Westgate Center Drive, Hadley, MA 01035 (fax 413-253-8308). Comments will not be accepted if submitted via e-mail or the Internet.

SUPPLEMENTARY INFORMATION: The Gulf of Maine DPS includes all naturally reproducing wild populations of Atlantic salmon having historical, river-specific characteristics found in a range north of and including tributaries of the lower Kennebec River to, but not

including, the mouth of the St. Croix River at the US-Canada border. The DPS includes both early and late run Atlantic salmon. Threats to the species include low marine survival, disease, the use of non-North American strains of Atlantic salmon in the U.S. aquaculture industry, aquaculture escapees, water withdrawal and sedimentation.

On November 17, 1999, the Services published a proposed rule (64 FR 62627) to list the Gulf of Maine DPS of Atlantic salmon as endangered under the Endangered Species Act of 1973, as amended (ESA). The public comment period originally was announced to close on February 15, 2000. On January 7, 2000 (65 FR 1082) the Services extended the public comment period to March 15, 2000. Because of several requests for additional time, the Services are extending the public comment period to 5:00 P.M. Eastern Daylight Time, April 14, 2000.
