47 CFR Part 73

[MB Docket No. 23–279; RM–11956; DA 23–703; FR ID 165046]

Television Broadcasting Services Tulare, California

AGENCY: Federal Communications Commission.

ACTION: Proposed rule.

SUMMARY: The Commission has before it a petition for rulemaking filed by One Ministries, Inc. (Petitioner), requesting the allotment of reserved noncommercial educational (NCE) channel *3 to Tulare, California as the community’s first local television service.

DATES: Comments must be filed on or before September 21, 2023 and reply comments on or before October 6, 2023.

ADDRESSES: Federal Communications Commission, Office of the Secretary, 45 L Street NE, Washington, DC 20554. In addition to filing comments with the FCC, interested parties should serve counsel for the Petitioner as follows: James L. Oyster, Esq., 108 Oyster Lane, Castleton, Virginia 22716.

FOR FURTHER INFORMATION CONTACT: Joyce Bernstein, Media Bureau, at (202) 418–1647; or Joyce Bernstein, Media Bureau, at Joyce.Bernstein@fcc.gov.

SUPPLEMENTARY INFORMATION: The Petitioner contends that Tulare is a community deserving of a new television broadcast service. In support, the Petitioner states that Tulare, with a 2020 population of 70,733 was founded in 1872 by the Southern Pacific Railroad and is in the heart of agricultural San Joaquin Valley, halfway between Los Angeles and San Francisco.

Tulare is known for its agricultural production and home to the nation’s largest single-site dairy complex. The Petitioner further states that Tulare has a mayor and five council members; police, public works, planning, engineering, and community and economic development departments; a library, school district, and numerous businesses and places of worship. The Petitioner states its intention to file an application for channel *3, if allotted, and take all necessary steps to obtain a construction permit. The proposed amendment to the Table of TV Allotments warrants consideration. The Petitioner’s proposal would result in a first local service to Tulare under Priority (2) of the Commission’s television allotment priority standard. The Petitioner demonstrates, and a Bureau staff engineering analysis confirms, that channel *3 can be allotted to Tulare, California, consistent with the minimum geographic spacing requirements for new allotments in section 73.623(d) of the Commission’s.

This is a synopsis of the Commission’s *Notice of Proposed Rulemaking*, MB Docket No. 23–279; RM–11956; DA 23–703, adopted August 16, 2023, and released August 16, 2023.
