NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

14 CFR Part 1260

RIN 2700-AC63

NASA Grant and Cooperative Agreement Handbook—Research and Development Abstracts

AGENCY: National Aeronautics and Space Administration.

ACTION: Withdrawal of proposed rule.

SUMMARY: This action withdraws the proposed rule published Friday, October 31, 2003 (68 FR 62031-62033). NASA will issue internal guidance to automate the collection and transfer of Research and Development (R&D) abstracts to an appropriate central repository where they will be available for use by government agencies and other users.

DATES: October 18, 2005.

FOR FURTHER INFORMATION CONTACT: Monique Sullivan, NASA Headquarters, Contract Management Division, Washington, DC, (703) 553-2560, e-mail: Monique.sullivan-1@nasa.gov.

SUPPLEMENTARY INFORMATION:

Background

In the proposed rule published Friday, October 31, 2003 (68 FR 62031-62033), NASA proposed to amend the NASA Grant and Cooperative Agreement Handbook to include a requirement for the electronic submission of abstracts of the planned research to be conducted under grants and cooperative agreements containing research and development (R&D) effort valued at over \$25,000.

The proposed rule added a new provision, 1260.40, NASA Research and Development (R&D) Abstracts, and related instructions, 1260.18, NASA Research and Development (R&D) Abstract Collection, to the Grant and Cooperative Agreement Handbook. The

new provision provided for the collections of abstracts or summaries for NASA-funded-awards with R&D effort greater than \$25,000. The requirements of section 207(g) of the E-Government Act of 2002 (Pub. L. 107-347) provide the basis for this change. Section 207(g) mandates the development and maintenance of a repository that integrates information on research and development funded by the Federal Government. In furtherance of this requirement, NASA established a Web-based database system to collect summaries or abstracts for all the Agency's procurements containing research and development effort valued over \$25,000. A NASA Web site was also established for recipients of NASA R&D grants and cooperative agreements to enter their abstract data. The proposed rule is withdrawn because the automation of the requirements of section 207(g) of the E-Government Act of 2002 (Pub. L. 107-347) voids the need for the proposed rule.

James A. Balinskis,

Acting Assistant Administrator for Procurement.

[Docket No. RM05-36-000]

Revised Regulations Governing Small Power Production and Cogeneration Facilities

October 11, 2005.

AGENCY: Federal Energy Regulatory Commission, DOE.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Federal Energy Regulatory Commission (Commission) is proposing to amend its regulations governing small power production and cogeneration pursuant to section 1253 of the Energy Policy Act of 2005 (EPAct 2005), and section 210 of the Public Utility Regulatory Policies Act of 1978 (PURPA). Specifically, the Commission

is proposing to (1) issue a rule ensuring that new qualifying cogeneration facilities are using their thermal output in a productive and beneficial manner; that the electrical, thermal, chemical and mechanical output of the new qualifying cogeneration facilities is used fundamentally for industrial, commercial or institutional purposes; and that there is continuing progress in the development of efficient electric energy generating technology; (2) amend Form 556 to reflect the criteria for new qualifying cogeneration facilities, (3) issue a rule eliminating ownership limitations for qualifying cogeneration and small power production facilities; and (4) amend the exemptions available to qualifying facilities from the requirements of the Federal Power Act and the Public Utility Holding Company Act of 1935.

DATES: Comments are due November 8, 2005. Reply Comments are due November 15, 2005.

ADDRESSES: Comments may be filed electronically via the eFiling link on the Commission's Web site at <http://www.ferc.gov>. Commenters unable to file comments electronically must send an original and 14 copies of their comments to: Federal Energy Regulatory Commission, Office of the Secretary, 888 First Street, NE., Washington, DC 20426. Refer to the Comment Procedures section of the preamble for additional information on how to file comments.
