SUMMARY: Pursuant to section 102(2) of the National Environmental Policy Act of 1969, the National Park Service (NPS) announces the availability of the draft Chesapeake Bay Special Resource Study and Environmental Impact Statement (DEIS).

The Fiscal Year 1999 appropriations bill for the Department of the Interior and related agencies included direction to the National Park Service to conduct a Special Resource Study to: (a) Examine whether having additional Chesapeake Bay resources within the National Park System would make sense and would advance partnership efforts to conserve and celebrate the Chesapeake Bay; (b) define whether there are concepts or ways that areas of the Bay might fit appropriately within the diverse National Park System; and (c) make recommendations to Congress regarding these findings. The draft Chesapeake Bay Special Resource Study/DEIS outlines a no-action alternative and four conceptual alternatives for how the Chesapeake Bay might be represented within the National Park System.

DATES: There will be a 60-day public review period for comments on this document. Comments on the DEIS may be submitted but be received no later than 60 days after publication of this notice in the **Federal Register**. Public open houses for information about, or to make contract on, the DEIS will be announced in Chesapeake Bay region media, a newsletter and the study Web site when they are scheduled. Information about meeting times and locations will be available by contacting the NPS Chesapeake Bay Program Office at 800 YOUR BAY (968-7229) or visiting the study Web site at: www.chesapeakestudy.org. DEPARTMENT OF THE INTERIOR**National Park Service****Final Supplemental Environmental Impact Statement General Management Plan Amendment for a Visitor Learning Center Great Basin National Park White Pine County, Nevada; Notice of Approval of Record of Decision**

Summary: Pursuant to "102(2)(C) of the National Environmental Policy Act of 1969 (Pub. L. 91-190, as amended) and the regulations promulgated by the Council on Environmental Quality (40 CFR 1505.2), the Department of the Interior, National Park Service has prepared and approved a Record of Decision for the Final Supplemental Environmental Impact Statement (SEIS) and General Management Plan Amendment for Great Basin National Park. The no-action period was initiated April 4, 2003, with the U.S. Environmental Protection Agency's Federal Register notification of the filing of the Final SEIS.

Decision: As soon as practical the National Park Service will begin to implement the amended General Management Plan described as the *Proposed Action (Alternative 2)* contained in the Final SEIS. This alternative was deemed to be the "environmentally preferred" alternative. This course of action and two alternatives were identified and analyzed in the Final and Draft SEIS

(the latter was distributed in March-April, 2002). The full range of foreseeable environmental consequences was assessed, and appropriate mitigation measures identified.

Alternatives and Review Comments:

The selected action (described as *Alternative 2* in the SEIS) modifies the 1993 General Management Plan and allows for constructing a park Visitor Learning Center on a previously disturbed 80 acre site located at the outskirts of the town of Baker, Nevada (rather than on an undisturbed site located within the park approximately 6 miles outside the town of Baker). In addition to a no-action alternative developed to provide a comparative baseline for assessing environmental consequences, a third alternative of not constructing a new Visitor Learning Center and relying on the Lehman Caves Visitor Center as the only orientation facility was also evaluated.

From the initial scoping period in December 1999 through the opportunity to review and comment on the Draft SEIS (ending in June 2002), a total of nine public comment letters were received. Only minor points were raised, and no respondents objected to the proposed amendment. The Final SEIS was released in April 2003; no responses were received during the no-action period. Consultations with interested Tribes, the Environmental Protection Agency, and the state of Nevada resulted in no substantive changes to the proposal.

Copies: Interested parties desiring to review the Record of Decision may obtain a copy by contacting the Superintendent, Great Basin National Park, Baker, Nevada, 89311; or via telephone request at (775) 234-7331.

Dated: May 29, 2003.
