**Performance History With Grants Management (10 points)**

The applicant must provide a statement of its capability/performance history in providing the services proposed in its Statement of Work. The Department will be evaluating applications based on scope, strength, and record of achievement. Applicant may provide a recent history of any involvement as a partner or provider in the Workforce Development system.

Signed at Washington, DC, this 19th day of April, 2002.

[NAFTA-05625]

**Alcatel USA Marketing, Inc., Andover, MA; Notice of Negative Determination Regarding Application for Reconsideration**

By application dated January 28, 2002, the workers requested administrative reconsideration of the Department's negative determination regarding eligibility to apply for North American Free Trade Agreement-Transitional Adjustment Assistance (NAFTA-TAA), applicable to workers and former workers of the subject firm. The denial notice was signed on December 31, 2001, and was published in the **Federal Register** on January 11, 2002 (67 FR 1511).

Pursuant to 29 CFR 90.18(c) reconsideration may be granted under the following circumstances:

- (1) If it appears on the basis of facts not previously considered that the determination complained of was erroneous;
- (2) If it appears that the determination complained of was based on a mistake in the determination of facts not previously considered; or
- (3) If in the opinion of the Certifying Officer, a misinterpretation of facts or of the law justified reconsideration of the decision.

The NAFTA-TAA petition, filed on behalf of workers at Alcatel USA Marketing, Inc., Andover, Massachusetts engaged in activities related to the engineering and development of a

network switch for computers was denied because the workers of the subject firm did not produce an article within the meaning of Section 250(a) of the Trade Act, as amended.

The petitioners allege that the firm did not end the development of the 7420 IP Edge Router before the product was manufactured. They further indicated that the router shipped from Andover to outside sources was long before the decision was made to transfer the program to Canada. They further indicated that the program was ultimately canceled. The petitioners attached statements from various workers as testimony.

Information supplied during initial investigation show that workers were engaged in activities related to the engineering and development of a computer network switch, referred to as the 7420 IP Edge Router. ALCATEL USA decided to consolidate some of their North American facilities, including transferring the engineering and development of the 7420 IP Edge Router to Kanata, Canada. After further evaluation, the company decided to completely discontinue development of the 7420 IP Edge Router. The product was never fully developed. The Andover facility shipped the 7420 IP Edge Router to internal and outside sources for beta testing only. The router was never produced for sale to outside sources. The subject plant workers engaged in activities related to engineering and development of the 7420 IP EDGE ROUTER at the subject firm did not produce an article within the meaning of Section 250(a) of the Trade Act, as amended. Therefore, the shifts in functions performed at the subject plant related to the 7420 IP Edge Router to Canada are irrelevant.

**Conclusion**

After review of the application for reconsideration and investigative findings, I conclude that there has been no error or misinterpretation of the law or of the facts which would justify reconsideration of the Department of Labor's prior decisions. Accordingly, the application is denied.

Signed at Washington, DC, this day of April, 2002.

**Investigations Regarding Certifications of Eligibility To Apply For NAFTA Transitional Adjustment Assistance**

Petitions for transitional adjustment assistance under the North American Free Trade Agreement-Transitional Adjustment Assistance Implementation Act (Pub. L. 103-182), hereinafter called (NAFTA-TAA), have been filed with State Governors under Section 250(b)(1) of Subchapter D, Chapter 2, Title II, of the Trade Act of 1974, as amended, are identified in the Appendix to this Notice. Upon notice from a Governor that a NAFTA-TAA petition has been received, the Director of the Division of Trade Adjustment Assistance (DTAA), Employment and Training Administration (ETA), Department of Labor (DOL), announces the filing of the petition and takes action pursuant to paragraphs (c) and (e) of Section 250 of the Trade Act.

The purpose of the Governor's actions and the Labor Department's investigations are to determine whether the workers separated from employment on or after December 8, 1993 (date of enactment of Pub. L. 103-182) are eligible to apply for NAFTA-TAA under Subchapter D of the Trade Act because of increased imports from or the shift in production to Mexico or Canada.

The petitioners or any other persons showing a substantial interest in the subject matter of the investigations may request a public hearing with the Director of DTAA at the U.S. Department of Labor (DOL) in Washington, DC, provided such request is in writing with the Director of DTAA not later than May 6, 2002.

Also, interested persons are invited to submit written comments regarding the subject matter of the petitions to the Director of DTAA at the address shown below not later than May 6, 2002.

Petitions filed with the Governors are available for inspection at the Office of the Director, DTAA, ETA, DOL, Room C-5311, 200 Constitution Avenue, NW., Washington, DC 20210.

Signed at Washington, DC this 10th day of April 2002.

**Edward A Tomchick,**

*Director, Division of Trade Adjustment Assistance.*

[NAFTA-5913]

**JDS Uniphase, Electro-Optic Products Division, Bloomfield, Connecticut; Amended Certification Regarding Eligibility To Apply for NAFTA-Transitional Adjustment Assistance**

In accordance with Section 250(a), Subchapter D, Chapter 2, Title II, of the Trade Act of 1974, as amended (19 U.S.C. 2273), the Department of Labor issued a Certification of Eligibility to Apply for NAFTA Transitional Adjustment Assistance on March 19, 2002, applicable to all workers of JDS Uniphase, Electro-Optic Products Division, located in Bloomfield, Connecticut. The notice was published in the **Federal Register** on March 29, 2002. (67 FR 15227).

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. The certification covering all workers JDS Uniphase, Electro-Optic Products Division, Bloomfield, Connecticut, was based on the finding that production of SN switches was shifted from that plant to Canada, and workers were not separately identifiable from those producing other articles at the plant.

An official of the company reports that workers producing the SN switches are separately identifiable by product.

The intent of the Department's certification is to include only those workers of JDS Uniphase, Electro-Optic Products Division, Bloomfield, Connecticut, adversely affected by the shift in production of SN switches to Canada. Accordingly, the Department is amending the certification to limit the worker group coverage to those engaged in activities related to the production of SN switches.

The amended notice applicable to NAFTA-5913 is hereby issued as follows:

All workers engaged in activities related to the production of SN switches at JDS

Uniphase, Electro-Optic Products Division, Bloomfield, Connecticut, who became totally or partially separated from employment on or after February 12, 2001 through March 19, 2004, are eligible to apply for NAFTA-TAA under Section 250 of the Trade Act of 1974.

Signed in Washington, DC, this 5th day of April, 2002.

**Linda G. Poole,**

*Certifying Officer, Division of Trade Adjustment Assistance.*

[NAFTA-05319]

**Motorola, Inc., Personal Communications Sector, Wireless Messaging Division, Including Leased Workers of Adecco Employment, Boynton Beach, FL; Amended Certification Regarding Eligibility To Apply for NAFTA-Transitional Adjustment Assistance**

In accordance with Section 250(a), Subchapter D, Chapter 2, Title II, of the Trade Act of 1974, as amended (19 U.S.C. 2273), the Department of Labor issued a Certification of Eligibility to Apply for NAFTA Transitional Adjustment Assistance on February 11, 2002, applicable to workers of Motorola, Inc., Personal Communications Sector, Wireless Messaging Division, Boynton Beach, Florida. The notice was published in the **Federal Register** on February 28, 2002 (67 FR 9328).

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. Information provided by the State shows that leased workers of Adecco Employment, Boca Raton, Florida were employed at Motorola, Inc., Personal Communications Sector, Wireless Messaging Division to produce electronic paging and cellular products at the Boynton Beach, Florida location of the subject firm.

Based on these findings, the Department is amending the certification to include leased workers of Adecco Employment, Boca Raton,

Florida employed at Motorola, Inc., Personal Communications Sector, Wireless Messaging Division, Boynton Beach, Florida.

The intent of the Department's certification is to include all workers of Motorola, Inc., Personal Communications Sector, Wireless Messaging affected by employment declines and a shift in the production of electronic paging and cellular products to Mexico.

The amended notice applicable to NAFTA-05319 is hereby issued as follows:

All workers of Motorola, Inc., Personal Communications Sector, Wireless Messaging Division, Boynton Beach, Florida including leased workers of Adecco Employment, Boca Raton, Florida engaged in employment related to the production of electronic paging and cellular products at Motorola, Inc., Personal Communications Sector, Wireless Messaging Division, Boynton Beach, Florida who became totally or partially separated from employment on or after August 17, 2000, through December 7, 2003, are eligible to apply for NAFTA-TAA under Section 250 of the Trade Act of 1974.

Signed in Washington, DC this 9th day of April, 2002.
