Overview of Information Collection

Collection Title: Demographic Information on Applicants.

OMB Control No.: 3046-0046.

Description of Affected Public: Individuals submitting applications for federal employment.

Number of Responses: 26,854,281.

Estimated Time Per Response: 3 minutes.

Total Burden Hours: 1,342,714 [(26,854,281 × 3)/60].

Number of Forms: One.

Federal Cost: None.

Abstract: Under section 717 of Title VII of the Civil Rights Act (Title VII) and section 501 of the Rehabilitation Act, the Commission is charged with reviewing and approving federal agencies' plans to affirmatively address potential discrimination before it occurs. Pursuant to such oversight responsibilities, the Commission has established systems to monitor compliance with Title VII and the Rehabilitation Act by requiring federal agencies to evaluate their employment practices through the collection and analysis of data on the race, national origin, sex, and disability status of applicants for both permanent and temporary employment.

While several federal agencies (or components of such agencies) have obtained OMB approval for the use of forms collecting data on the race, national origin, sex, and disability status of applicants, it is not an efficient use of government resources for each federal agency to separately seek OMB approval. Accordingly, in order to avoid unnecessary duplication of effort and a proliferation of forms, the EEOC seeks approval of a form that may be used by all (?) federal agencies.

Response by applicants is optional. The information obtained will be used by federal agencies only for evaluating whether an agency's recruitment activities are effectively reaching all segments of the relevant labor pool and whether the agency's selection procedures allow all applicants to compete on a level playing field regardless of race, national origin, sex, or disability status. The voluntary responses are treated in a highly confidential manner and play no part in the job selection process. The information is not provided to any panel rating the applications, to selecting officials, to anyone who can affect the application, or to the public. Rather, the information is used in summary form to determine trends over many selections within a given occupational or organization area. No information from the form is entered into an official personnel file.

Burden Statement: In fiscal year 2011, the EEOC gathered data on the number of applicants during fiscal year 2010 from the 59 federal agencies required to collect applicant data. Based on the agency responses, we expect that 26,854,281 applicants will be asked to complete the form.

Because of the predominant use of online application systems, which require only pointing and clicking on the selected responses, and because the form requests only eight questions regarding basic information, the EEOC estimates that an applicant can complete the form in approximately 3 minutes or less.

Dated: February 13, 2012.

For the Commission.

Chair.

FEDERAL ELECTION COMMISSION

[Notice 2012-02]

Price Index Adjustments for Expenditure Limitations and Lobbyist Bundling Disclosure Threshold

AGENCY: Federal Election Commission.
ACTION: Notice of adjustments to expenditure limitations and lobbyist bundling disclosure threshold.

SUMMARY: As mandated by provisions of the Federal Election Campaign Act of 1971, as amended (“FECA” or “the Act”), the Federal Election Commission (“FEC” or “the Commission”) is adjusting certain expenditure limitations and the lobbyist bundling disclosure threshold set forth in the Act, to index the amounts for inflation. Additional details appear in the supplemental information that follows.

DATES: *Effective Date:* January 1, 2012.

FOR FURTHER INFORMATION CONTACT: Ms. Elizabeth S. Kurland, Information Division, 999 E Street NW., Washington, DC 20463; (202) 694-1100 or (800) 424-9530.

SUPPLEMENTARY INFORMATION: Under the Federal Election Campaign Act of 1971, 2 U.S.C. 431 *et seq.*, coordinated party expenditure limits (2 U.S.C. 441a(d)(2) and (3)(A), (B)) and the disclosure threshold for contributions bundled by lobbyists (2 U.S.C. 434(i)(3)(A)) are adjusted periodically to reflect changes in the consumer price index. *See* 2

U.S.C. 434(i)(3)(B) and 441a(c)(1), 11 CFR 104.22(g), 109.32 and 110.17(a), (f). The Commission is publishing this notice to announce the adjusted limits and disclosure threshold.

Coordinated Party Expenditure Limits for 2012

Under 2 U.S.C. 441a(c), the Commission must adjust the expenditure limitations established by 2 U.S.C. 441a(d) (the limits on expenditures by national party committees, state party committees, or their subordinate committees in connection with the general election campaign of candidates for Federal office) annually to account for inflation. This expenditure limitation is increased by the percent difference between the price index, as certified to the Commission by the Secretary of Labor, for the 12 months preceding the beginning of the calendar year and the price index for the base period (calendar year 1974).

1. Expenditure Limitation for House of Representatives in States With More Than One Congressional District

Both the national and state party committees have an expenditure limitation for each general election held to fill a seat in the House of Representatives in states with more than one congressional district. This limitation also applies to those states and territories that elect individuals to the office of Delegate or Resident Commissioner.¹ The formula used to calculate the expenditure limitation in such states multiplies the base figure of

\$10,000 by the difference in the price index (4.56207), rounding to the nearest \$100. *See* 2 U.S.C. 441a(c)(1)(B) and 441a(d)(3)(B), and 11 CFR 109.32(b) and 110.17. Based upon this formula, the expenditure limitation for 2012 general elections for House candidates in these states is \$45,600.

2. Expenditure Limitation for Senate and for House of Representatives in States With Only One Congressional District

Both the national and state party committees have an expenditure limitation for a general election held to fill a seat in the Senate or in the House of Representatives in states with only one congressional district. The formula used to calculate this expenditure limitation considers not only the price index but also the voting age population (“VAP”) of the state. The VAP of each state is published annually in the **Federal Register** by the Department of Commerce, 11 CFR 110.18. The general election expenditure limitation is the greater of: The base figure (\$20,000) multiplied by the difference in the price index, 4.56207 (which totals \$91,200); or \$0.02 multiplied by the VAP of the state, multiplied by 4.56207. Amounts are rounded to the nearest \$100. *See* 2 U.S.C. 441a(c)(1)(B) and 441a(d)(3)(A), and 11 CFR 109.32(b) and 110.17. The chart below provides the state-by-state breakdown of the 2012 general election expenditure limitation for Senate elections. The expenditure limitation for 2012 House elections in states with only one congressional district² is \$91,200.

SENATE GENERAL ELECTION EXPENDITURE LIMITATIONS—2012 ELECTIONS

State	Voting age population (VAP)	VAP × .02 × the price index (4.56207)	Senate expenditure limit (the greater of the amount in column 3 or \$91,200)
