

upon to develop the disaggregation zones, and a discussion of how the plan complies with the requirements of this paragraph. Such filing must provide information sufficient for interested parties to make a meaningful analysis of how the carrier derived its disaggregation plan.

(ii) The plan must be reasonably related to the cost of providing service for each disaggregation zone within each disaggregated category of support.

(iii) The plan must clearly specify the per-line level of support for each category of high-cost universal service support provided pursuant to §§ 54.301, 54.303, and/or 54.305 and/or part 36, subpart F of this chapter in each disaggregation zone.

(iv) If the plan uses a benchmark, the carrier must provide detailed information explaining what the benchmark is and how it was determined. The benchmark must be generally consistent with how the total study area level of support for each category of costs is derived to enable a competitive eligible telecommunications carrier to compare the disaggregated costs used to determine support for each cost zone.

(3) A carrier's election of this path becomes effective upon certification by the carrier to the state commission.

(4) A carrier shall disaggregate and target support under this path for at least four years from the date of certification to the state commission except as provided in paragraph (d)(5) of this section.

(5) A state commission may require, on its own motion, upon petition by an interested party, or upon petition by the rural incumbent local exchange carrier, modification to the disaggregation and targeting of support selected under this path.

(6) A carrier not subject to the jurisdiction of a state, *e.g.*, certain tribally owned carriers, may select Path 3, but must certify to the Federal Communications Commission as described in paragraphs (d)(1) through (5) of this section.

(e) Additional Procedures Governing the Operation of Path 2 and Path 3: Disaggregation and targeting plan adopted under paragraphs (c) or (d) of this section shall be subject to the following general requirements:

(1) Support available to the rural incumbent local exchange carrier's study area under its disaggregation plan shall equal the total support available to the study area without disaggregation.

(2) The ratio of per-line support between disaggregation zones for each disaggregated category of support shall remain fixed over time, except as

changes are allowed pursuant to paragraph (c) and (d) of this section.

(3) The ratio of per-line support shall be publicly available.

(4) Per-line support amounts for each disaggregation zone shall be recalculated whenever the rural incumbent local exchange carrier's total annual support amount changes using the changed support amount and lines at that point in time.

(5) Per-line support for each category of support in each disaggregation zone shall be determined such that the ratio of support between disaggregation zones is maintained and that the product of all of the rural incumbent local exchange carrier's lines for each disaggregation zone multiplied by the per-line support for those zones when added together equals the sum of the rural incumbent local exchange carrier's total support.

(6) Until a competitive eligible telecommunications carrier is certified in a study area, monthly payments to the rural incumbent local exchange carrier will be made based on total annual amounts for its study area divided by 12.

(7) When a competitive eligible telecommunications carrier is certified in a study area, per-line amounts used to determine the competitive eligible telecommunications carrier's disaggregated support shall be based on the rural incumbent local exchange carrier's then-current total support levels, lines, and disaggregated support relationships.

(f) Submission of Information to the Administrator:

(1) A rural incumbent local exchange carrier certifying under paragraph (b) of this section that it will not disaggregate and target high-cost universal service support shall submit to the Administrator a copy of the certification submitted to the state commission, or the Federal Communications Commission, when not subject to state jurisdiction.

(2) A rural incumbent local exchange carrier electing to disaggregate and target support under paragraph (c) of this section shall submit to the Administrator a copy of the order approving the disaggregation and targeting plan submitted by the carrier to the state commission, or the Federal Communications Commission, when not subject to state jurisdiction, and a copy of the disaggregation and targeting plan approved by the state commission or the Federal Communications Commission.

(3) A rural incumbent local exchange carrier electing to disaggregate and target support under paragraph (d) of this section shall submit to the

Administrator a copy of the self-certification plan including the information submitted to the state commission pursuant to (d)(2)(i) and (d)(2)(iv) of this section or the Federal Communications Commission.

(4) A rural incumbent local exchange carrier electing to disaggregate and target support under paragraph (c) or (d) of this section must submit to the Administrator maps which precisely identify the boundaries of the designated disaggregation zones of support within the carrier's study area.

BILLING CODE 6712-01-P

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 73

[DA 01-1237; MM Docket No. 01-64; RM-10074]

Radio Broadcasting Services; Monticello, Maine

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: This document allots Channel 234A to Monticello, Maine, in response to a petition filed by Allan H. Wiener. See 66 FR 14873, March 14, 2001. The coordinates for Channel 234A at Monticello, Maine, are 46-24-20 NL and 67-50-45 WL. Although Canadian concurrence has been requested for the allotment of Channel 234A at Monticello, notification has not been received. Therefore, operation with the facilities specified for Monticello herein is subject to modification, suspension, or termination without right to hearing, if found by the Commission to be necessary in order to conform to the 1991 Canada-USA FM Broadcast Agreement or if specifically objected to by Canada. A filing window for Channel 234A at Monticello, Maine, will not be opened at this time. Instead, the issue of opening this allotment for auction will be addressed by the Commission in a subsequent order.

DATES: Effective July 3, 2001.

FOR FURTHER INFORMATION CONTACT: Kathleen Scheuerle, Mass Media Bureau, (202) 418-2180.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's Report and Order, MM Docket No. 01-24, adopted May 9, 2001, and released May 18, 2001. The full text of this Commission decision is available for inspection and copying during normal business hours in the Commission's

Reference Center, Washington, DC. The complete text of this decision may also be purchased from the Commission's copy contractors, International Transcription Services, Inc., 1231 20th Street, NW., Washington, DC 20036, (202) 857-3800, facsimile (202) 857-3805.

[DA 01-1238; MM Docket No. 00-228; RM-9991]

Radio Broadcasting Services; Linden, White Oak, Lufkin, Corrigan, Mount Enterprise and Pineland, TX and Zwolle, LA

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: This document reallots Channel 257C2 from Linden, Texas, to White Oak, Texas, and modifies the authorization for Station KIXK to specify operation on Channel 257C2 at White Oak in response to a petition filed by Reynolds Radio, Inc., previously OARA, Inc. See 65 FR 75222, December 1, 2000. The coordinates for Channel 257C2 at White Oak are 32-30-32 and 94-50-41. To accommodate the allotment at White Oak we shall make the following changes: substitute

Channel 261C2 for Channel 257C2 at Lufkin, Texas and modify the license for Station KUEZ accordingly at coordinates 31-24-28 and 94-45-53; substitute Channel 257A for vacant Channel 261A at Corrigan, Texas at coordinates 30-59-47 and 94-49-36; reallocate Channel 260A from Mount Enterprise, Texas to Zwolle, Louisiana and modify the authorization for Station KGRI to specify operation on Channel 260A at Zwolle, Louisiana, at coordinates 31-37-53 and 93-38-38; and allot Channel 256A at Pineland, Texas, as a first local service at coordinates 31-08-48 and 93-56-53.

DATES: Effective July 3, 2001.
