Administration for Children and Families

Submission for OMB Review; Comment Request

Title: Permanency Innovations Initiative Evaluation: Phase 4
OMB No.: 0970–0408

Description: The Administration for Children and Families (ACF), U.S. Department of Health and Human Services (HHS) intends to collect additional data for an evaluation of the Permanency Innovations Initiative (PII).

This 5-year initiative, funded by the Children’s Bureau (CB) within ACF, is intended to build the evidence base for innovative interventions that enhance well-being and improve permanency outcomes for particular groups of children and youth who are at risk for long-term foster care and who experience the most serious barriers to timely permanency.

Data collection for the PII evaluation includes a number of components beginning at different points in time. Phase 1 (approved August 2012, OMB# 0970–0408) included data collection for a cross-site implementation evaluation and site-specific evaluations of two PII grantees (Washoe County, Nevada, and the State of Kansas). Phase 2 (approved August 2013) included data collection for two more PII grantees (Illinois DCFS and one of two interventions offered by the Los Angeles LGBTQ Center’s Recognize Intervene Support Empower [RISE] project). Phase 3 (approved July 2014) included data collection for an evaluation of another PII grantee intervention and two additional cross-site PII studies. The grantee intervention was a second RISE intervention, the Care Coordination Team (CCT). The two PII cross-site studies were a cost study and an administrative data study.

The current request is for Phase 4 and includes data collection for another PII grantee, the California Department of Social Services’ California Partnership for Permanency (CAPP) project.

Respondents: Spanish and English speaking biological parents, legal guardians, foster parents (or caregivers)
