SUPPLEMENTARY INFORMATION: CPSC seeks to renew the following currently approved collection of information:

A. Burden Hours

Title: Consumer Focus Groups.

OMB Number: 3041–0136.

Type of Review: Renewal of collection.

Frequency of Response: On occasion.

Affected Public: Consumers.

Estimated Number of Respondents: 650 participants.

Estimated Time per Response: 3 hours.

Total Estimated Annual Burden: 1,950 hours (650 participants × 3 hours).

General Description of Collection: Section 5(a) of the Consumer Product Safety Act (CPSA), 15 U.S.C. 2054(a), authorizes the Commission to conduct studies and investigations relating to the causes and prevention of deaths, accidents, injuries, illnesses, other health impairments, and economic losses associated with consumer products. Section 5(b) of the CPSA, 15 U.S.C. 2054(b), further provides that the Commission may conduct research, studies, and investigations on the safety of consumer products, or test consumer products and develop product safety test methods and testing devices.

To help identify and evaluate product-related incidents, Commission staff invites and obtains direct feedback from consumers on issues related to product safety, such as recall effectiveness, product use, and perceptions regarding safety issues. The information that the CPSC collects from future focus groups will help inform the Commission's identification and evaluation of consumer products and product use, by providing insight and information into consumer perceptions and usage patterns. In some cases, one-on-one interviews may be conducted as a more in-depth extension of a focus group, or in place of a traditional focus group. This information may also assist

the Commission in its efforts to support voluntary standards activities and help CPSC identify consumer safety issues requiring additional research. In addition, based on the information obtained, CPSC may be able to provide safety information to the public that is easier to read and understood by a wider range of consumers.

B. Request for Comments

Privacy Act of 1974; System of Records

AGENCY: Defense Health Agency (DHA), Department of Defense (DoD).

ACTION: Notice of a modified System of Records.

SUMMARY: DHA is modifying the System of Records titled, “Military Health Information System (MHIS),” EDHA 07 to facilitate public health activities and research efforts in response to the COVID–19 pandemic. In addition, this System of Records will become the DoD-wide SORN with enterprise application across the department. The proposed modifications include clarifying the purposes for the handling and use of data to improve quality assurance within healthcare operations (such as

data analytics and clinical research) to address COVID-19. Modifications also include broadening the categories of individuals to cover all associated information systems and updating routine uses to enable better collaboration with federal agencies and academic institutions to accommodate the COVID-19 Insights Project. The Military Health Information System (MHIS) collects and maintains data that supports benefits determination for Military Health System (MHS) beneficiaries between the DoD, Department of Veterans Affairs (VA), and Department of Health and Human Services (HHS) healthcare programs. This data also provides Federal Agencies the ability to support continuity of care for patrons, ensures more efficient adjudication of claims, enables quality assurance and healthcare operations, and supports a myriad of healthcare policy, public health, military mission, data analysis, and clinical research activities.

DATES: This System of Records modification is effective upon publication; however, comments on the Routine Uses will be accepted on or before July 15, 2020. The Routine Uses are effective at the close of the comment period.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods.

* *Federal Rulemaking Portal:*
<https://www.regulations.gov>.

Follow the instructions for submitting comments.

* *Mail:* DoD cannot receive written comments at this time due to the COVID-19 pandemic. Comments should be sent electronically to the docket listed above.

is necessary to enable the sharing of information with other federal agencies and academic institutions to process and analyze data to further the federal government's public health mission and medical research goals. This effort is especially urgent due to the current COVID-19 pandemic; and these modifications are also anticipated to assist in responding to future public health emergencies.

The statutory intent behind this System of Records is the provision of medical and dental care, financial compensation for military members and beneficiaries, support to military readiness, enhancement for public health institutions, and advancements in medical research. The statute also facilitates disclosure of records in accordance with the Health Insurance Portability and Accountability Act (HIPAA).

The DoD notices for Systems of Records subject to the Privacy Act of 1974, as amended, have been published in the **Federal Register** and are available from the address in **FOR FURTHER INFORMATION CONTACT** or at the Defense Privacy, Civil Liberties and Transparency Division website at <https://dpcl.dod.mil>.

The proposed system reports, as required by the Privacy Act, were submitted on May 28, 2020, to the House Committee on Oversight and Reform, the Senate Committee on Homeland Security and Governmental Affairs, and the Office of Management and Budget (OMB) pursuant to Section 6 of OMB Circular No. A-108, "Federal Agency Responsibilities for Review, Reporting, and Publication under the Privacy Act," revised December 23, 2016 (December 23, 2016, 81 FR 94424).

Title of Collection: Statewide Family Engagement Centers—Annual Performance Reporting Form.

OMB Control Number: 1810-NEW.

Type of Review: A new information collection.

Respondents/Affected Public: State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 12.

Total Estimated Number of Annual Burden Hours: 114.

Abstract: This is a request for a new information collection in order to collect the Annual Performance Report (APR) for the Statewide Family Engagement Centers (SFEC) program. The collection of this information is part of the government-wide effort to improve the performance and accountability of all federal programs, under the Government Performance and Results Act (GPRA) passed in 1993, the Uniform Guidance, and the Education Department General Administrative Regulations (EDGAR). Under GPRA, a process for using performance indicators to set program performance goals and to measure and report program results was established. To implement GPRA, ED developed GPRA measures at every program level to quantify and report program progress required by the Elementary and Secondary Education Act of 1965 (ESEA), as amended. Under the Uniform Guidance and EDGAR, recipients of federal awards are required to submit performance and financial expenditure information. The GPRA program level measures and budget information for the Statewide Family Engagement Centers (SFEC) Program are reported in the Annual Performance Report (APR). The APR is required under 2 CFR 200.328 and 34 CFR 75.118 and 75.590. The
