RAILROAD RETIREMENT BOARD

Agency Forms Submitted for OMB Review, Request for Comments

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Railroad Retirement Board (RRB) is forwarding an Information Collection Request (ICR) to the Office of Information and Regulatory Affairs (OIRA), Office of Management and Budget (OMB) for the following collection of information: 3220-0136, Public Service Pension Questionnaires. Review and approval by OIRA ensures that we impose appropriate paperwork burdens.

The RRB invites comments on the proposed collection of information to determine (1) the practical utility of the collection; (2) the accuracy of the estimated burden of the collection; (3) ways to enhance the quality, utility and clarity of the information that is the subject of collection; and (4) ways to minimize the burden of collections on respondents, including the use of automated collection techniques or other forms of information technology. Comments to RRB or OIRA must contain the OMB control number of the ICR. For proper consideration of your comments, it is best if RRB and OIRA receive them within 30 days of publication date.

Public Law 95-216 amended the Social Security Act of 1977 by providing, in part, that spouse or survivor benefits may be reduced when the beneficiary is in receipt of a pension based on employment with a Federal, State, or local governmental unit. Initially, the reduction was equal to the full amount of the government pension.

Public Law 98-21 changed the reduction to two-thirds of the amount of the government pension. Public Law 108-203 amended the Social Security Act by changing the requirement for exemption to public service offset, that Federal Insurance Contributions Act (FICA) taxes be deducted from the public service wages for the last 60 months of public service employment, rather than just the last day of public service employment.

Sections 4(a)(1) and 4(f)(1) of the Railroad Retirement Act (RRA) provides that a spouse or survivor annuity should be equal in amount to what the

annuitant would receive if entitled to a like benefit from the Social Security Administration. Therefore, the public service pension (PSP) provisions apply to RRA annuities.

RRB Regulations pertaining to the collection of evidence relating to public service pensions or worker's compensation paid to spouse or survivor applicants or annuitants are found in 20 CFR 219.64c.

The RRB utilizes Form G-208, Public Service Pension Questionnaire, and Form G-212, Public Service Monitoring Questionnaire, to obtain information used to determine whether an annuity reduction is in order. The RRB proposes no changes to Form G-208. Non-burden impacting editorial and formatting changes are proposed to Form G-212. The RRB estimates the completion time for RRB Form G-208 at 16 minutes and G-212 at 15 minutes.

Our ICR describes the information we seek to collect from the public. If a respondent fails to complete the form(s), the RRB may be unable to pay them benefits. One response is required from a respondent.

Previous Requests for Comments: The RRB has already published the initial 60-day notice (72 FR 14628 on March 28, 2007) required by 44 U.S.C. 3506(c)(2). That request elicited no comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Railroad Retirement Board (RRB) is forwarding an Information Collection Request (ICR) to the Office of Information and Regulatory Affairs (OIRA), Office of Management and Budget (OMB) for the following collection of information: 3220-0196, Investigation of Claim for Possible Days of Employment. Our ICR describes the information we seek to collect from the public. Review and approval by OIRA ensures that we impose appropriate paperwork burdens.

The RRB invites comments on the collection of information to determine (1) the practical utility of the collection; (2) the accuracy of the estimated burden of the collection; (3) ways to enhance the quality, utility and clarity of the information that is the subject of collection; and (4) ways to minimize the burden of collections on respondents, including the use of automated collection techniques or other forms of information technology. Under Section 1(k) of the Railroad Unemployment Insurance Act (RUIA), unemployment and sickness benefits are not payable for any day with respect to which remuneration is payable or accrues to the claimant. Also Section 4(a-1) of the RUIA provides that unemployment or sickness benefits are not payable for any day the claimant receives the same benefits under any law other than the RUIA. Under Railroad Retirement Board (RRB) regulations, 20 CFR 322.4(a), a

claimant's certification or statement on an RRB provided claim form that he or she did not work on any day claimed and did not receive income such as vacation pay or pay for time lost shall constitute sufficient evidence unless there is conflicting evidence. Further, under 20 CFR 322.4(b), when there is a question raised as to whether or not remuneration is payable or has accrued to a claimant with respect to a claimed day or days, investigation shall be made with a view to obtaining information sufficient for a finding.

The RRB utilizes Form ID-5S(SUP), Report of Cases for Which All Days Were Claimed During a Month Credited Per an Adjustment Report, to collect information about compensation credited to an employee during a period when the employee claimed either unemployment or sickness benefits from a railroad employer. The request is generated as a result of a computer match that compares data which is maintained in the RRB's RUIA Benefit Payment file with data maintained in the RRB's records of service. The ID-5S(SUP) is generated annually when the computer match indicates that an employee(s) of the railroad employer was paid unemployment or sickness benefits for every day in one or more months for which creditable compensation was adjusted due to the receipt of a report of creditable compensation adjustment (RRB FORM BA-4, OMB Approved 3220-0008) from their railroad employer.

The computer generated Form ID-5S(SUP) includes pertinent identifying information, the BA-4 adjustment process date and the claimed months in question. Space is provided on the report for the employer's use in supplying the information requested in the computer generated transmittal letter, Form ID-5S, which accompanies the report. To our knowledge no other agency uses forms similar to Form ID-5S(SUP). Completion is voluntary. One response is requested of each respondent. The RRB estimates that 80 responses are received annually and that the estimated completion time is 10 minutes for each response.

The RRB proposes non-burden impacting editorial changes to Form ID-5S(SUP) and Form ID-5S.

Previous Requests for Comments: The RRB has already published the initial 60-day notice (72 FR 8206-8207 on February 23, 2007) required by 44 U.S.C. 3506(c)(2). That request elicited no comments.
