The objective of the Board is to provide for the fair and equitable selection of the most meritorious research projects for support by VA research funds and to offer advice for research program officials on program priorities and policies. The ultimate objective of the Board is to ensure that the VA rehabilitation research program promotes functional independence and improves the quality of life for impaired and disabled Veterans.

Board members will advise the Deputy Chief Research and Development Officer for Investigators, Scientific Review, and Management

(ISRM), and the Acting Chief Research and Development Officer on the scientific and technical merit, mission relevance, and protection of human and animal subjects of the proposals submitted to RR&D. The Board does not consider grants, contracts, or other forms of extramural research.

The written public comments will be shared with the Board members. The public may not attend the closed portion of the meeting, as disclosure of research information could significantly obstruct implementation of proposed agency action regarding the research proposals (per Pub. L. 92-463 subsection 10(d) and amended by Pub. L. 94-409, closing the meeting is in accordance with Title 5 U.S.C. 552b(c)(6) and (9)(B).
