## ENVIRONMENTAL PROTECTION AGENCY

### 40 CFR Parts 271 and 272

[EPA–R08–RCRA–2023–0424; FRL 11356–02–R8]

#### South Dakota: Authorization of State Hazardous Waste Management Program Revisions and Incorporation by Reference

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** The Environmental Protection Agency (EPA) is proposing to grant authorization to the State of South Dakota for the changes to its hazardous waste program under the Solid Waste Disposal Act, as amended, commonly referred to as the Resource Conservation and Recovery Act (RCRA). The EPA has determined that these changes satisfy all requirements needed to qualify for final authorization, and is authorizing the State's changes through a direct final action which can be found in the "Rules and Regulations" section of this **Federal Register**. In addition, the EPA is proposing to codify in the regulations entitled "Approved State Hazardous Waste Management Programs," South Dakota's authorized hazardous waste program. The EPA will incorporate by reference into the Code of Federal Regulations (CFR) those provisions of the State regulations that are authorized and that the EPA will enforce under RCRA.

**DATES:** Send written comments by March 11, 2024.

**ADDRESSES:** Submit your comments, identified by Docket ID No. EPA–R08–RCRA–2023–0424 at <https://www.regulations.gov>. Follow the detailed instructions for submitting comments electronically or by other methods in the **ADDRESSES** section of the direct final rule located in the Rules section of this **Federal Register**.

**FOR FURTHER INFORMATION CONTACT:** Moye Lin at (303) 312–6667, [lin.moye@epa.gov](mailto:lin.moye@epa.gov).

**SUPPLEMENTARY INFORMATION:** In the "Rules and Regulations" section of this **Federal Register**, the EPA is authorizing changes to the South Dakota program, in addition to codifying and incorporating by reference the State's hazardous waste program as a direct final rule. The EPA did not make a proposal prior to the direct final rule because we believe

these actions are not controversial and do not expect comments that oppose them. We have explained the reasons for this authorization and incorporation by reference in the preamble to the direct final rule.

Unless EPA receives written comments that oppose the authorization and incorporation by reference during the comment period, the direct final rule will become effective on the date it establishes, and we will not take further action on this proposal. If we get comments that oppose the authorization, we will withdraw the direct final rule and it will not take immediate effect. We will then respond to public comments in a later final rule based on this proposal. You may not have another opportunity for comment. If you want to comment on this action, you must do so at this time.

Dated: January 25, 2024.

**KC Becker,**

*Regional Administrator, Region 8.*

#### Modifying Emissions Limits for the 24.25–24.45 GHz and 24.75–25.25 GHz Bands; Correction

**AGENCY:** Federal Communications Commission.

**ACTION:** Proposed rule; correction.

**SUMMARY:** In this document, the Commission is correcting the docket number in a proposed rule that appeared in the **Federal Register** on January 29, 2024. The document proposes to implement certain decisions regarding the 24.25–27.5 GHz band made in the World Radiocommunication Conference held by the International Telecommunication Union (ITU) in 2019 (WRC–19). Specifically, the Commission proposes to align part 30 of the Commission's rules for mobile operations with the Resolution 750 limits on unwanted emissions into the passive 23.6–24.0 GHz band that were adopted at WRC–19. These proposed rule changes would
