DEPARTMENT OF HOMELAND SECURITY

Coast Guard

[Docket No. USCG–2024–0731]

Certificates of Alternative Compliance for the Eighth Coast Guard District

AGENCY: Coast Guard, DHS.

ACTION: Notification of issuance of certificates of alternative compliance.

SUMMARY: The Coast Guard announces that the Eighth Coast Guard District's Prevention Division has issued certificates of alternative compliance from the International Regulations for Preventing Collisions at Sea, 1972 (72 COLREGS), to vessels of special construction or purpose that cannot fully comply with the light, shape, and sound signal provisions of 72 COLREGS without interfering with the vessel's design and construction. We are issuing this notice because its publication is required by statute. This notification of issuance of certificates of alternative compliance promotes the Coast Guard's marine safety mission.

DATES: These Certificates of Alternative Compliance were issued between January 2024 and July 2024.

FOR FURTHER INFORMATION CONTACT: For information or questions about this notice call or email Lieutenant Jenifer Abiona, District Eight, Prevention Division, U.S. Coast Guard, telephone 206–827–2691, email Jenifer.V.Abiona@uscg.mil.

SUPPLEMENTARY INFORMATION: The United States is signatory to the International Maritime Organization's International Regulations for Preventing Collisions at Sea, 1972 (72 COLREGS), as amended. The special construction or purpose of some vessels makes them unable to comply with the light, shape, or sound signal provisions of the 72 COLREGS. Under statutory law, however, specified 72 COLREGS provisions are not applicable to a vessel of special construction or purpose if the Coast Guard determines that the vessel cannot comply fully with those requirements without interfering with the special function of the vessel.¹

The owner, builder, operator, or agent of a special construction or purpose vessel may apply to the Coast Guard District Office in which the vessel is being built or operated for a determination that compliance with alternative requirements is justified,² and the Chief of the Prevention Division would then issue the applicant a certificate of alternative compliance (COAC) if he or she determines that the vessel cannot comply fully with 72 COLREGS light, shape, and sound signal provisions without interference with the vessel's special function.³ If the Coast Guard issues a COAC, it must publish notice of this action in the **Federal Register**.⁴
