SECURITY CLASSIFICATION:

Unclassified.

SYSTEM LOCATION:

Universal Service Administrative Company (USAC), 700 12th Street NW, Suite 900, Washington, DC 20005; and Wireline Competition Bureau (WCB), Federal Communications Commission (FCC), 45 L Street NE, Washington, DC 20554.

SYSTEM MANAGER(S):

Address inquiries to USAC, 700 12th Street NW, Suite 900, Washington, DC 20005; or WCB, FCC, 45 L Street NE, Washington, DC 20554.

AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

47 U.S.C. 151-154, 201-205, 214, 403; 47 CFR part 54, subpart H; Safe Connections Act of 2022, Public Law 117-223, 116 Stat. 2280.

PURPOSE(S) OF THE SYSTEM:

USAC administers the programs of the USF (including the Lifeline, High Cost, Rural Health Care, and E-Rate programs) and certain appropriated programs including the Affordable Connectivity Program (ACP), Emergency Connectivity Fund Program (ECF), and the COVID-19 Telehealth Program on behalf of the FCC, as set forth in 47 CFR part 54, under the direction of the Commission and, by delegation, of WCB. Under the Memorandum of Understanding Between the FCC and USAC (Dec. 19, 2018), as amended (Nov. 22, 2021) and extended (Dec. 19, 2023) (FCC/USAC MOU),¹ USAC is responsible for the effective administration of the programs, including responding to inquiries from program participants and providing timely and relevant data and analysis to inform the Commission in its policy making and oversight of the USF and appropriated programs. The USAC CRM handles and processes inquiries from individuals, groups, and other entities, for all of the programs administered by USAC. The system allows USAC customer service representatives to access prior related inquiries in order to provide excellent customer service. It includes a portal to allow customers to

easily interact with USAC through one channel of communication, maintaining the ability to view case status, create new cases, and review closed cases within the same interface. This system of records includes existing data from the established USF and appropriated programs administered by USAC. The system can also accommodate data from any future programs assigned by the FCC to be administered by USAC. The system allows USAC to retrieve records based on an individual's information within the system. The CRM system will be launched in phases on a program by program basis. Phase I currently includes High Cost, Rural Health Care, and Finance (Contributions) customer support. Phase II is anticipated to incorporate Lifeline and the Affordable Connectivity Program for customer support. Phase III will commence the consumer portal.

This system of records is maintained to provide a unified tool to enable USAC, on behalf of the FCC, to respond to inquiries from consumers, participants, and stakeholders in the USF and appropriated programs; to inform the FCC of concerns regarding the USF and appropriated programs in support of the agency's policymaking and enforcement endeavors or otherwise to evaluate the efficiency and administration of FCC programs and to inform future FCC rulemaking activity; to provide consumers with access to a unified portal to view case status, create new cases, and review closed cases; and to provide USAC staff with access to documents and otherwise improve staff efficiency.

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

The categories of individuals in this system include, but are not limited to, individuals who contact USAC with inquiries concerning USF and appropriated programs administered by USAC on behalf of the FCC. These individuals include, but are not limited to, individuals and representatives of individuals who participate in these programs; individuals making inquiries on behalf of program participants and stakeholders; and employees of USAC, USAC's vendors, and the FCC.

CATEGORIES OF RECORDS IN THE SYSTEM:

The categories of records in the system collected by design include first and last name, telephone number, email address, and user ID numbers; service representative names and ID numbers; USAC-assigned identifying numbers, such as Application ID, Eligibility Check ID, or eligibility ID numbers; and the name of the organization associated

with the individual. Examples for organization names include but are not limited to carrier and school names. Customers or customer representatives may provide data elements that have not been specifically requested, including date of birth, home address, place of birth, gender, work address, taxpayer ID numbers, facsimile numbers, Social Security numbers (SSNs), mother's maiden name, information contained in birth, death, or marriage certificates, financial account numbers, employment status, employer identification numbers (EINs), and a driver's licenses or State ID (or foreign country equivalent). This system of records also includes existing data from the established USF and appropriated programs administered by USAC.

RECORD SOURCE CATEGORIES:

Information systems for established USF and appropriated programs administered by USAC; participants in USF and appropriated programs; participating providers and their registered enrollment representatives; and USAC employees or contractors or FCC employees or contractors.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:

In addition to those disclosures generally permitted under 5 U.S.C. 552a(b) of the Privacy Act, all or a portion of the records or information contained in this system may be disclosed to authorized entities, as is determined to be relevant and necessary, outside the FCC, as a routine use pursuant to 5 U.S.C. 552a(b)(3) as follows:

Where a complainant, in filing his or her complaint, explicitly requests confidentiality of his or her name from public disclosure, the Commission will endeavor to protect such information from public disclosure.
