

LBJ, Room 6W203, Washington, DC 20202–8240.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Carrie Clarady, (202) 245–6347.

SUPPLEMENTARY INFORMATION: The Department, in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Common Core of Data (CCD) School-Level Finance Survey (SLFS) 2022–2024.

OMB Control Number: 1850–0930.

Type of Review: Revision of a currently approved information collection.

Respondents/Affected Public: State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 306.

Total Estimated Number of Annual Burden Hours: 4,938.

Abstract: NCES annually publishes comprehensive data on the finances of public elementary/secondary schools through the Common Core of Data (CCD). For numerous years, these data have been released at the state level through the National Public Education Financial Survey (NPEFS) (OMB#1850–0067) and at the school district level through the Local Education Agency (School District) Finance Survey (F–33). (OMB#0607–0700). There is a significant demand for finance data at the school level. Policymakers,

researchers, and the public have long voiced concerns about the equitable distribution of school funding within and across school districts. School-level finance data addresses the need for reliable and unbiased measures that can be utilized to compare how resources are distributed among schools within local districts. Education expenditure data are now available at the school level through the School-Level Finance Survey (SLFS).

The School-Level Finance Survey (SLFS) data collection is conducted annually by the National Center for Education Statistics (NCES), within the U.S. Department of Education (ED). In November of 2018, the Office of Management and Budget (OMB) approved changes to the SLFS wherein variables have been added to make the SLFS directly analogous to the F–33 Survey and to the Every Student Succeeds Act (ESSA) provisions on reporting expenditures per-pupil at the local education agency (LEA) and school-level. A previous package cleared in October 2021 approved data collection for FY 2021, 2022, and 2023 (OMB#1850–0930 v.3). This request includes considerable modifications to the previous package and will allow NCES to conduct in 2023 through 2025 the SLFS for fiscal years 2022 through 2024 (corresponding to school years 2021/22 through 2023/24) and to continue the collection of data that is analogous to the current ESSA expenditures per pupil provision. As an important new addition that is part of this request, the Department's Office of Civil Rights (OCR) proposes to engage NCES to assist OCR with collecting school level finance data as part of the Civil Rights Data Collection (CRDC). Pursuant to its authority under the DEOA, as well as its regulations, OCR has determined that the CRDC is necessary to ascertain or ensure compliance with the civil rights laws within its jurisdiction, and therefore established it as a mandatory collection.

Parts A and B of this submission present the justification for the information collection and an explanation of the statistical methods employed. Part C describes the SLFS instrument, Appendix A provides the SEA communication materials that will be used to conduct the SLFS data collection, Appendix B provides the SLFS data collection form and instructions, and Appendix C provides the survey of SEA's school-level finances fiscal data plan.

Dated: September 21, 2022.

Stephanie Valentine,

PRA Coordinator, Strategic Collections and Clearance, Governance and Strategy Division, Office of Chief Data Officer, Office of Planning, Evaluation and Policy Development.

DEPARTMENT OF ENERGY

Public Availability of the Department of Energy's FY 2020 Service Contract Inventory

AGENCY: Office of Acquisition Management, Department of Energy.

ACTION: Notice of public availability of FY 2020 service contract inventory.

SUMMARY: In accordance with Division C of the Consolidated Appropriations Act of 2010 and Office of Management and Budget (OMB) guidance, the Department of Energy (DOE) is publishing this notice to advise the public on the availability of the FY 2020 Service Contract Inventory Analysis Plan and FY 2019 Service Contract Inventory Analysis. This inventory provides information on service contract actions over \$150,000 that DOE completed in FY 2020. The inventory has been developed in accordance with guidance issued by the Office of Management and Budget's Office of Federal Procurement Policy (OFPP). FY 2020 government-wide service contract inventory can be found at <https://www.acquisition.gov/service-contract-inventory>. The Department of Energy's service contract inventory data is included in the government-wide inventory posted on the above link and the government-wide inventory can be filtered to display the inventory data for the Department. DOE has posted its FY 2019 Service Contract Inventory Analysis and FY 2020 Service Contract Inventory Analysis Plan at: <https://energy.gov/management/downloads/service-contract-inventory>.

FOR FURTHER INFORMATION CONTACT: Questions regarding the service contract inventory should be directed to Lance Nyman in the Strategic Programs Division at (240) 474–7960 or Lance.Nyman@hq.doe.gov.

Signing Authority

This document of the Department of Energy was signed on September 20, 2022, by John R. Bashista, Director, Office of Acquisition Management, pursuant to delegated authority from the Secretary of Energy. That document with the original signature and date is maintained by DOE. For administrative

purposes only, and in compliance with requirements of the Office of the Federal Register, the undersigned DOE Federal Register Liaison Officer has been authorized to sign and submit the document in electronic format for publication, as an official document of the Department of Energy. This administrative process in no way alters the legal effect of this document upon publication in the **Federal Register**.

Signed in Washington, DC, on September 21, 2022.

Treena V. Garrett,

Federal Register Liaison Officer, U.S. Department of Energy.

New England Winter Gas-Electric Forum; Notice of Request for Comments

On September 8, 2022, the Federal Energy Regulatory Commission (Commission) convened a forum in the above captioned proceeding to discuss the electricity and natural gas challenges facing the New England region. Topics discussed included the historical context of New England winter gas-electric challenges, concerns and considerations for upcoming winters such as reliability of gas and electric systems and fuel procurement issues, and whether additional information or modeling exercises are needed to inform the development of solutions to these challenges.

Any party wishing to submit comments regarding the topics discussed at the forum may do so on or before November 7, 2022.

Comments may be filed electronically via the internet.¹ Instructions are available on the Commission's website <http://www.ferc.gov/docs-filing/efiling.asp>. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll free at 1-866-208-3676, or for TTY, (202) 502-8659. Although the Commission strongly encourages electronic filing, documents may also be paper-filed. To paper-file, submissions sent via the U.S. Postal Service must be addressed to: Federal Energy Regulatory Commission, Office of the Secretary, 888 First Street NE, Washington, DC 20426. [Docket Nos. CP17-20-001, CP17-21-002, CP18-7-001]

Port Arthur LNG, LLC, Port Arthur Pipeline, LLC; Notice Granting Intervention

On August 2, 2022, the Commission issued notice of Port Arthur LNG, LLC and Port Arthur Pipeline, LLC's (jointly, Port Arthur) request for an extension of time to complete construction of and make available for service the Port Arthur LNG Terminal and the non-integrated Louisiana Connector Project and Texas Connector Project. The notice established August 17, 2022, as the deadline for filing motions to intervene.

On August 17, 2022, the Sierra Club filed a timely motion to intervene and protest the extension of time request. Port Arthur opposes this motion, stating that Sierra Club has not shown it will be directly affected by the outcome of the proceeding nor that its participation is in the public interest.¹ Pursuant to Rule 214(c)(2) of the Commission's Rules of Practice and Procedure, if an answer in opposition to a timely motion to intervene is filed within 15 days after the motion to intervene is filed, the movant becomes a party only when the motion is expressly granted.²

The Sierra Club's motion to intervene was timely filed on August 17, 2022, and it demonstrates that the Sierra Club has interests that may be directly affected by the outcome of the extension of time proceeding. Moreover, allowing the intervention will not cause any
