Consumer Price Index Adjustments of the Oil Pollution Act of 1990 Limit of Liability for Offshore Facilities

AGENCY: Bureau of Ocean Energy Management (BOEM), Interior.

ACTION: Proposed rule—extension of public comment period.

SUMMARY: BOEM has proposed to add a new subpart G to its regulations on Oil Spill Financial Responsibility (OSFR) for Offshore Facilities designed to increase the limit of liability for damages applicable to offshore facilities under the Oil Pollution Act of 1990 (OPA), to reflect significant increases in the Consumer Price Index (CPI) since 1990, and to establish a methodology

BOEM would use to periodically adjust for inflation the OPA offshore facility limit of liability.

BOEM is publishing this update to its regulations and is soliciting public comments on the method of updates, the clarity of the rule and any other pertinent matters. The Department originally limited the rulemaking comment period to 30 days since it did not anticipate receiving significant comments on this rulemaking. The new comment period will elapse 60 days from February 24, 2014, the original date of publication of the proposed rule.
