

financing, the nature of poverty in the country, and its policy performance.

Countries Newly Selected for Compact Assistance

Using the criteria described above, one candidate country under section 606(a) of the Act (22 U.S.C. 7705(a)) was newly selected for assistance under section 607 of the Act (22 U.S.C. 7706): Mozambique. In accordance with section 609(k) of the Act, no candidate countries were newly selected to explore development of a concurrent compact program under section 607 of the Act (22 U.S.C. 7706).

Mozambique: Mozambique successfully completed its first MCC compact in September 2013 and has recently demonstrated encouraging policy improvement on the MCC scorecard, passing 13 of 20 indicators, with clear improvement on its Control of Corruption score. A new compact would build on the country's continued commitment to sector reform and MCC's strong relationship with the country developed under the first compact partnership. By selecting Mozambique for a compact, MCC will support the government's efforts to strengthen economic growth to reduce poverty.

Countries Selected To Continue Compact Development

Nine of the countries selected for compact assistance for FY 2020 were previously selected for FY 2019. Burkina Faso, Indonesia, Lesotho, Malawi, Timor-Leste, and Tunisia were selected to continue developing bilateral compacts. Benin, Burkina Faso, Côte d'Ivoire, and Niger were selected to continue developing concurrent compacts for the purpose of regional integration. Selection of these countries for FY 2020 was based on their continued or improved policy performance since their prior selection.

Countries Selected To Receive Threshold Program Assistance

The Board selected Kenya to receive threshold program assistance.

Kenya: Kenya offers MCC the opportunity to engage with the country on policy and institutional reform. Kenya is an important partner in East Africa, where MCC's presence is growing. Although Kenya has not previously passed the Control of Corruption indicator on the MCC scorecard, its performance rose to the 50th percentile this year (a country must score above the 50th percentile to pass the indicator). More broadly, Kenya passes 15 of 20 indicators overall on the scorecard, including the Democratic Rights "hard hurdle" indicators.

Countries Selected To Continue Developing Threshold Programs

The Board selected Ethiopia and Solomon Islands to continue developing threshold programs. Ethiopia has continued on its reform path and saw improvements on the democratic rights "hard hurdle" indicators of political rights and civil liberties this year. Solomon Islands held successful elections in April 2019 and continues apace with program development.

Ongoing Review of Partner Countries' Policy Performance

The Board emphasized the need for all partner countries to maintain or improve their policy performance. If it is determined during compact implementation that a country has demonstrated a significant policy reversal, MCC can hold it accountable by applying MCC's Suspension and Termination Policy.⁴

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

[NARA-19-0018; NARA-2020-014]

Records Schedules; Availability and Request for Comments

AGENCY: National Archives and Records Administration (NARA).

ACTION: Notice of availability of proposed records schedules; request for comments.

SUMMARY: The National Archives and Records Administration (NARA) publishes notice of certain Federal agency requests for records disposition authority (records schedules). We publish notice in the **Federal Register** and on [regulations.gov](https://www.regulations.gov) for records schedules in which agencies propose to dispose of records they no longer need to conduct agency business. We invite public comments on such records schedules.

DATES: NARA must receive comments by February 3, 2020.

ADDRESSES: You may submit comments by either of the following methods. You must cite the control number, which appears on the records schedule in parentheses after the name of the agency that submitted the schedule.

- **Federal eRulemaking Portal:** <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT: Records Management Operations by email at request.schedule@nara.gov, by mail at the address above, or by phone at 301-837-1799.

SUPPLEMENTARY INFORMATION:

Public Comment Procedures

We are publishing notice of records schedules in which agencies propose to dispose of records they no longer need to conduct agency business. We invite public comments on these records schedules, as required by 44 U.S.C. 3303a(a), and list the schedules at the end of this notice by agency and subdivision requesting disposition authority.

In addition, this notice lists the organizational unit(s) accumulating the records or states that the schedule has agency-wide applicability. It also provides the control number assigned to each schedule, which you will need if you submit comments on that schedule. We have uploaded the records schedules and accompanying appraisal memoranda to the [regulations.gov](https://www.regulations.gov) docket for this notice as "other" documents. Each records schedule contains a full description of the records at the file unit level as well as their proposed disposition. The appraisal memorandum for the schedule includes information about the records.

We will post comments, including any personal information and attachments, to the public docket unchanged. Because comments are public, you are responsible for ensuring that you do not include any confidential or other information that you or a third party may not wish to be publicly posted. If you want to submit a comment with confidential information or cannot otherwise use the [regulations.gov](https://www.regulations.gov) portal, you may contact request.schedule@nara.gov for instructions on submitting your comment.

We will consider all comments submitted by the posted deadline and consult as needed with the Federal agency seeking the disposition authority. After considering comments, we will post on [regulations.gov](https://www.regulations.gov) a "Consolidated Reply" summarizing the comments, responding to them, and noting any changes we have made to the proposed records schedule. We will then send the schedule for final approval by the Archivist of the United States. You may elect at [regulations.gov](https://www.regulations.gov) to receive updates on the docket, including an alert when we post the

Consolidated Reply, whether or not you submit a comment. If you have a question, you can submit it as a comment, and can also submit any concerns or comments you would have to a possible response to the question. We will address these items in consolidated replies along with any other comments submitted on that schedule.

We will post schedules on our website in the Records Control Schedule (RCS) Repository, at <https://www.archives.gov/records-mgmt/rcs>, after the Archivist approves them. The RCS contains all schedules approved since 1973.

Background

Each year, Federal agencies create billions of records. To control this accumulation, agency records managers prepare schedules proposing retention periods for records and submit these schedules for NARA's approval. Once approved by NARA, records schedules provide mandatory instructions on what happens to records when no longer needed for current Government business. The records schedules authorize agencies to preserve records of continuing value in the National Archives or to destroy, after a specified period, records lacking continuing administrative, legal, research, or other value. Some schedules are comprehensive and cover all the records of an agency or one of its major subdivisions. Most schedules, however, cover records of only one office or program or a few series of records. Many of these update previously approved schedules, and some include records proposed as permanent.

Agencies may not destroy Federal records without the approval of the Archivist of the United States. The Archivist grants this approval only after thorough consideration of the records' administrative use by the agency of origin, the rights of the Government and of private people directly affected by the Government's activities, and whether or not the records have historical or other value. Public review and comment on these records schedules is part of the Archivist's consideration process.
