Trailblazer Pipeline Company LLC; Notice of Request Under Blanket Authorization and Establishing Intervention and Protest Deadline

Take notice that on May 27, 2022, Trailblazer Pipeline Company LLC (TPC) and Rockies Express Pipeline LLC (REX), 370 Van Gordon St., Lakewood, Colorado 80228, filed an application under section 7(b) and 7(c) of the Natural Gas Act (NGA), and Part 157 of the Commission's regulations requesting authorization in the above referenced docket. TPC requests (1) authorization for TPC to abandon approximately 392 miles of pipeline and related facilities, including one gas-fired compressor station and two electric compressor stations totaling 60,000 horsepower, and one interconnect that has no firm service (the Abandoned Facilities), with the pipeline to be repurposed for carbon dioxide (CO₂) transportation service that will not be subject to the Commission's NGA jurisdiction; (2) authorizing Rockies to construct, install, own,

operate, and maintain various pipeline facilities and booster compression stations to allow continuity of flow for Trailblazer firm service through capacity leased from Rockies (the New Rockies Facilities); (3) authorization for Trailblazer to lease capacity from Rockies pursuant to a capacity lease agreement (the Lease) so that Trailblazer can utilize the New Rockies Facilities and otherwise available capacity on Rockies's existing system; (4) authorization for Rockies to lease capacity to Trailblazer pursuant to the Lease, which will allow Trailblazer to replicate the services it currently provides on the abandoned facilities and ensure seamless service for Trailblazer's existing firm shippers.

Pursuant to Section 157.9 of the Commission's Rules of Practice and Procedure,¹ within 90 days of this Notice the Commission staff will either: complete its environmental review and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. The filing of an EA in the Commission's public record for this

proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

Public Participation

There are two ways to become involved in the Commission's review of this project: you can file comments on the project, and you can file a motion to intervene in the proceeding. The Commission considers all comments received about the project in determining the appropriate action to be taken. *However, the filing of a comment alone will not serve to make the filer a party to the proceeding.* To become a party, you must intervene in the proceeding. For instructions on how to intervene, see below.

Interventions

Any person, which includes individuals, organizations, businesses, municipalities, and other entities,³ has the option to file a motion to intervene in this proceeding. Only intervenors have the right to request rehearing of Commission orders issued in this proceeding and to subsequently challenge the Commission's orders in the U.S. Circuit Courts of Appeal.

To intervene, you must submit a motion to intervene to the Commission in accordance with Rule 214 of the Commission's Rules of Practice and Procedure⁴ and the regulations under the NGA⁵ by the intervention deadline for the project, which is June 30, 2022. As described further in Rule 214, your motion to intervene must state, to the extent known, your position regarding the proceeding, as well as your interest in the proceeding.
