This block signal application proceeding is identified as Docket No. FRA-2004-18894.

The FRA has issued a public notice seeking comments of interested parties and has conducted its own field investigation in this matter. After examining the carrier's proposal and the field report, FRA has determined that a public hearing is necessary before a final decision is made on this proposal. FRA is also extending the comment period to one week beyond the date of the public hearing. If information received at the public hearing warrants the need to extend the comment period further, a separate notice will be published indicating such extension.

Accordingly, a public hearing is hereby set for 9 a.m. mountain standard time, on Wednesday, June 29, 2005, in the Arizona Corporation Commission Conference Room, Suite 300, of the Southwest Gas Building, located at 2200 North Central Avenue, Phoenix, Arizona 85004. The hearing will be an informal one and will be conducted in accordance with Rule 25 of the FRA Rules of Practice (49 CFR 211.25), by a representative designated by the FRA.

The hearing will be a non adversary proceeding and, therefore, there will be no cross-examination of persons presenting statements. The FRA representative will make an opening statement outlining the scope of the hearing. After all initial statements have been completed, those persons wishing

to make brief rebuttal statements will be given the opportunity to do so in the same order in which they made their initial statements. Additional procedures, if necessary for the conduct of the hearing, will be announced at the hearing.

In addition, FRA is extending the comment period to July 7, 2005.
