SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-87964; File No. SR-MIAX-2020-01]

Self-Regulatory Organizations; Miami International Securities Exchange LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend Its Fee Schedule

January 14, 2020.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on January 3, 2020, Miami International Securities Exchange LLC ("MIAX Options" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is filing a proposal to amend the MIAX Options Fee Schedule (the "Fee Schedule").

The text of the proposed rule change is available on the Exchange's website at <http://www.miaxoptions.com/rule-filings>, at MIAX's principal office, and at the Commission's Public Reference Room.

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend the list of MIAX Select Symbols³ contained in the Priority Customer Rebate Program (the "Program")⁴ of the Exchange's Fee Schedule to delete the Select Symbols "CELG," "HTZ" and "WY" from the Select Symbols list.

The Exchange initially created the list of MIAX Select Symbols on March 1, 2014,⁵ and has added and removed option classes from that list since that time.⁶ Select Symbols are rebated

³ The term "MIAX Select Symbols" means options overlying AAL, AAPL, AIG, AMAT, AMD, AMZN, BA, BABA, BB, BIDU, BP, C, CAT, CELG, CLF, CVX, DAL, EBAY, EEM, FB, FCX, GE, GILD, GLD, GM, GOOGL, GPRO, HAL, HTZ, INTC, IWM, JCP, JNJ, JPM, KMI, KO, MO, MRK, NFLX, NOK, ORCL, PBR, PFE, PG, QCOM, QQQ, RIG, S, SPY, T, TSLA, USO, VALE, WBA, WFC, WMB, WY, X, XHB, XLE, XLF, XLP, XOM and XOP.

⁴ See section 1(a)(iii) of the Fee Schedule for a complete description of the Program.

⁵ See Securities Exchange Act Release No. 71700 (March 12, 2014), 79 FR 15188 (March 18, 2014) (SR-MIAX-2014-13).

⁶ See Securities Exchange Act Release Nos. 87790 (December 18, 2019), 84 FR 71037 (December 26, 2019) (SR-MIAX-2019-49); 85314 (March 14, 2019), 84 FR 10359 (March 20, 2019) (SR-MIAX-2019-07); 81998 (November 2, 2017), 82 FR 51897 (November 8, 2017) (SR-MIAX-2017-45); 81019 (June 26, 2017), 82 FR 29962 (June 30, 2017) (SR-MIAX-2017-29); 79301 (November 14, 2016), 81 FR

slightly higher in certain Program tiers than non-Select Symbols. The Exchange notes that historically, Select Symbols generally include a subset of classes of options that are included in the Penny Pilot Program, an industry-wide pilot program that provides for the quoting and trading of certain option classes in penny increments (the "Penny Pilot Program"). The Penny Pilot Program allows the quoting and trading of certain option classes in minimum increments of \$0.01 for all series in such option classes with a price of less than \$3.00; and in minimum increments of \$0.05 for all series in such option classes with a price of \$3.00 or higher. The Penny Pilot Program was initiated at the then existing option exchanges in January 2007⁷ and currently includes more than 300 of the most active option classes.

The Exchanges notes that current Select Symbol "CELG" will no longer be included in the Penny Pilot Program industry-wide beginning January 3, 2020 and Select Symbols "HTZ" and "WY" are no longer in the Penny Pilot Program. Accordingly, for business and competitive reasons, the Exchange proposes to amend the Fee Schedule to delete the symbols "CELG," "HTZ" and "WY" from the list of MIAX Select Symbols contained in the Program as those Select Symbols are no longer in the Penny Pilot Program.

See also Exchange Rule 510, Interpretation and Policy .01.

2. Statutory Basis

The Exchange believes that its proposal to amend the Fee Schedule is consistent with Section 6(b) of the Act⁸ in general, and furthers the objectives of Section 6(b)(4) of the Act,⁹ in that it is an equitable allocation of reasonable dues, fees and other charges among Exchange members and issuers and other persons using its facilities, and 6(b)(5) of the Act,¹⁰ in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest and is not designed to permit unfair discrimination between customers, issuers, brokers and dealers.

In particular, the proposal to delete the symbols “CELG,” “HTZ” and “WY” from the list of MIA X Select Symbols contained in the Program is consistent with Section 6(b)(4) of the Act because the proposed changes will allow for continued benefit to investors by providing them an updated list of MIA X Select Symbols contained in the Program on the Fee Schedule.

The Exchange believes that the proposal to amend an option class that qualifies for the credit for transactions in MIA X Select Symbols is fair, equitable and not unreasonably discriminatory. The Exchange believes that the Program itself is reasonably designed because it incentivizes providers of Priority Customer¹¹ order flow to send that Priority Customer order flow to the Exchange in order to receive a credit in a manner that enables the Exchange to improve its overall competitiveness and strengthen its market quality for all market participants. The Program, which provides increased incentives in certain tiers in high volume select symbols, is also reasonably designed to increase the competitiveness of the Exchange with other options exchanges that also offer increased incentives to higher volume symbols.

The Exchange also believes that its proposal is consistent with Section 6(b)(5) of the Act because it will apply equally to all Priority Customer orders in MIA X Select Symbols in the Program. All similarly situated Priority Customer orders in MIA X Select Symbols are

subject to the same rebate schedule, and access to the Exchange is offered on terms that are not unfairly discriminatory.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change should enable the Exchange to continue to attract and compete for order flow with other exchanges. Notwithstanding the removal of the symbols CELG, HTZ and WY from the Select Symbols list, the Exchange's rebates remain highly competitive with those of other exchanges, and therefore should enable the Exchange to continue to attract and compete for order flow with other exchanges which offer comparable rebates for particular symbols. The Exchange notes that it operates in a highly competitive market in which market participants can readily favor competing venues if they deem fee levels at a particular venue to be excessive. In such an environment, the Exchange must continually adjust its fees and rebates to remain competitive with other exchanges and to attract order flow.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act,¹² and Rule 19b-4(f)(2)¹³ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-87960; File No. SR-CboeBYX-2020-001]

Self-Regulatory Organizations; Cboe BYX Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend Its Fee Schedule

January 14, 2020.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”)¹ and Rule 19b-4 thereunder,² notice is hereby given that, on January 2, 2020, Cboe BYX Exchange, Inc. (the “Exchange” or “BYX”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

Cboe BYX Exchange, Inc. (the “Exchange” or “BYX”) is filing with the Securities and Exchange Commission (“Commission”) a proposed rule change to amend its fee schedule. The text of the proposed rule change is provided in Exhibit 5.

The text of the proposed rule change is also available on the Exchange’s website (http://markets.cboe.com/us/equities/regulation/rule_filings/byx/), at the Exchange’s Office of the Secretary, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the

places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its fee schedule to amend the rate for liquidity adding orders that yield fee code “MM”.³ Additionally, the Exchange proposes to remove Non-Displayed Liquidity Incentives and replace them with Step-Up Tiers.

The Exchange first notes that it operates in a highly-competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive or incentives to be insufficient. More specifically, the Exchange is only one of 13 registered equities exchanges, as well as a number of alternative trading systems and other off-exchange venues that do not have similar self-regulatory responsibilities under the Exchange Act, to which market participants may direct their order flow. Based on publicly available information,⁴ no single registered equities exchange has more than 16% of the market share. Thus, in such a low-concentrated and highly competitive market, no single equities exchange possesses significant pricing power in the execution of order flow.

The Exchange in particular operates a “Taker-Maker” model whereby it pays credits to Members that remove liquidity and assesses fees to those that add liquidity. The Exchange’s Fee Schedule sets forth the standard rebates and rates applied per share for orders that remove and provide liquidity, respectively. Particularly, for securities at or above \$1.00, the Exchange provides a standard rebate of \$0.0005 per share for orders that remove liquidity and assesses a fee of \$0.0019 per share for orders that add liquidity. The Exchange believes that the ever-shifting market share among the exchanges from month to month demonstrates that market participants can shift order flow, or discontinue to reduce use of certain categories of products, in response to fee changes. Accordingly, competitive forces

constrain the Exchange’s transaction fees, and market participants can readily trade on competing venues if they deem pricing levels at those other venues to be more favorable.

Proposed Change To Replace Non-Displayed Liquidity Incentives With Step-Up Tiers

In response to the competitive environment, the Exchange offers tiered pricing which provides Members opportunities to qualify for higher rebates or reduced fees where certain volume criteria and thresholds are met. Tiered pricing provides incremental incentives for Members to strive for higher or different tier levels by offering increasingly higher discounts or enhanced benefits for satisfying increasingly more stringent criteria or different criteria. For example, pursuant to footnote 2 of the Fee Schedule, the Exchange currently offers a Mid-Point Peg Tier that provides Members with a reduced fee of \$0.0005 for liquidity adding orders that yield fee code “MM”, which generally has a fee of \$0.0010. To qualify for the Mid-Point Peg Tier, a Member must have an ADAV⁵ of greater than or equal to 0.30% of the TCV.⁶ Also pursuant to footnote 2 of the Fee Schedule, the Exchange offers a Non-Displayed Volume Tier that provides Members with a reduced fee of \$0.0004 for liquidity adding orders that yield fee code “HA”,⁷ which generally has a fee of \$0.00240, or “MM”, which as noted above generally has a fee of \$0.0010. To qualify for the Non-Displayed Volume Tier, a Member must have an ADAV of greater than or equal to 0.075% of the TCV as Non-Displayed Orders that yield fee codes “HA”, “HI”,⁸ or “MM”. The aforementioned Non-Displayed Liquidity Incentives are designed to encourage Members that provide non-displayed liquidity adding orders on the Exchange to increase their order flow, thereby contributing to a deeper and more liquid market to the benefit of all market participants.

The Exchange now proposes to remove the existing tiers related to Non-Displayed Liquidity Incentives on the Exchange, and to instead offer “Step-Up Tiers”. Specifically, the Exchange proposes to remove the Mid-Point Peg

⁵ ADAV means average daily volume calculated as the number of shares added per day. ADAV is calculated on a monthly basis.

⁶ TCV means total consolidated volume calculated as the volume reported by all exchanges and trade reporting facilities to a consolidated transaction reporting plan for the month for which the fees apply.

⁷ “HA” is appended to non-displayed orders that add liquidity.

⁸ “HI” is appended to non-displayed orders that receive price improvement and add liquidity.

³ “MM” is appended to non-displayed orders that add liquidity using Mid-Point Peg.
