SUPPLEMENTARY INFORMATION:

Title: Performance Reporting System, Management Evaluation.

OMB Number: 0584-0010.

Expiration Date: March 31, 2010.

Type of Request: Revision of a currently approved collection.

Abstract: The purpose of the Performance Reporting System (PRS) is to ensure that each State agency and project area is operating the Supplemental Nutrition Assistance Program (SNAP) in accordance with the requirements of the Food and Nutrition Act of 2008 (the Act) (7 U.S.C. 2011, *et seq.*), as amended, and corresponding program regulations. Under Section 11 of the Act (7 U.S.C. 2020), State agencies must maintain necessary records to ascertain that SNAP is operating in compliance with the Act and regulations and must make these records available to the Food and Nutrition Service (FNS) for inspection and audit. The only changes to the existing collection are to the burden amount which has been slightly adjusted to account for a correction to the number of respondents, and a refined assessment, based on past experience, to the number of responses. Despite these edits, the estimated total hours are very nearly the same.

Management Evaluation (ME) Review Schedules—Unless the State receives approval for an alternative Management Evaluation review schedule, each State agency is required, under 7 CFR Part 275, to submit one review schedule every one, two, or three years,

depending on the project area make-up of the State.

Data Analysis—Under 7 CFR Part 275, each State must establish a system for analysis and evaluation of all data available to the State. Data analysis and evaluation is an ongoing process that facilitates the development of effective and prompt corrective action.

Corrective Action Plans—Under 7 CFR Part 275, State agencies must prepare a corrective action plan (CAP) addressing identified deficiencies. The State agencies must develop a system for monitoring and evaluating corrective action and submit CAP updates, as necessary.

Affected Public: Respondent groups identified include SNAP State and local agencies.

Estimated Number of Respondents: The total estimated number of respondents is 53. This includes 53 State agencies.

Estimated Number of Responses per Respondent: Based on past experience FNS estimates that State agencies will submit one review schedule and ME review plan per year, and will conduct and document ME reviews for a total of 30 responses each.

Estimated Total Annual Responses: $53 \times 30 = 1,590$.

Estimated Time per Response: FNS estimates that it takes 4 hours to prepare a review schedule, and that each of the 53 State agencies will submit one review schedule per year resulting in a total burden of 212 hours ($53 \text{ State agencies} \times 1 \text{ review schedule} \times 4 \text{ hours}$). FNS estimates that it takes on average approximately 80 hours to develop a comprehensive State review plan, resulting in a total of 4240 hours ($80 \text{ hours} \times 53 \text{ State plans}$). FNS estimates that it takes an average of 340 hours to conduct a review. It is estimated that ME reviews are conducted for one-half of the total number of project areas (1,430) annually. FNS estimates that it takes approximately 487,820 hours annually to ($340 \text{ hours} \times 1430 \text{ ME reviews}$). FNS also estimates that the time necessary for record keeping, that is, the time necessary to find and file a record in the conduct of an ME review, is based on 53 record keepers $\times$ approximately 30 hours (1590 hours). The total estimated annual reporting burden is as follows:

Prepare Review Schedules $4 \times 53 = 212 \text{ hours}$

Prepare Review Plans $80 \times 53 = 4,240 \text{ hours}$

Conduct ME Reviews $340 \times 1,430 = 486,200 \text{ hours}$

Recordkeeping $30 \times 53 = 1,590 \text{ hours}$

Total Annual Reporting Burden = 492,242 hours

The estimated time of response is 309.58 hours, as shown in the table below.

Estimated Total Annual Burden on Respondents: 29,534,520 minutes (492,242 hours). See the table below for

estimated total annual burden for each type of respondent.

Respondent	Estimated number of respondents	Responses annually per respondent	Total annual responses (col. bxc)	Estimated avg. number of hours per response	Estimated total hours (col. dxe)
Reporting Burden: State and local agencies	53	30	1590	309.58	492,242
Total Reporting Burden	53		1590		492,242
