[Docket ID FEMA–2025–0002; Internal Agency Docket No. FEMA–B–2502]

Proposed Flood Hazard Determinations; Correction

AGENCY: Federal Emergency Management Agency; Department of Homeland Security.

ACTION: Notice; correction.

SUMMARY: On February 24, 2025, FEMA published in the **Federal Register** a proposed flood hazard determination notice that contained an erroneous table. This notice provides corrections to that table to be used in lieu of the erroneous information. The table provided here represents the proposed flood hazard determinations and communities affected for Berrien County, Michigan (All Jurisdictions).

DATES: Comments are to be submitted on or before June 24, 2025.

ADDRESSES: The Preliminary Flood Insurance Rate Map (FIRM), and where applicable, the Flood Insurance Study (FIS) report for each community are available for inspection at both the online location and the respective Community Map Repository address listed in the table below. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at <https://msc.fema.gov> for comparison.

You may submit comments, identified by Docket No. FEMA–B–2502, to Rick Sacbibit, Chief, Engineering Services

Branch, Risk Analysis, Planning & Information Directorate, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646–7659, or (email) patrick.sacbibit@fema.dhs.gov.

FOR FURTHER INFORMATION CONTACT: Rick Sacbibit, Chief, Engineering Services Branch, Risk Analysis, Planning & Information Directorate, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646–7659, or (email) patrick.sacbibit@fema.dhs.gov; or visit the FEMA Mapping and Insurance eXchange (FMIX) online at https://www.floodmaps.fema.gov/fhm/fmx_main.html.

SUPPLEMENTARY INFORMATION: FEMA proposes to make flood hazard determinations for each community listed in the table below, in accordance with Section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed flood hazard determinations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, State, or regional entities. These flood hazard determinations are used to meet the floodplain management requirements of the NFIP.

Use of a Scientific Resolution Panel (SRP) is available to communities in support of the appeal resolution process. SRPs are independent panels of experts in hydrology, hydraulics, and other pertinent sciences established to review conflicting scientific and technical data and provide recommendations for resolution. Use of

the SRP may only be exercised after FEMA and local communities have been engaged in a collaborative consultation process for at least 60 days without a mutually acceptable resolution of an appeal. Additional information regarding the SRP process can be found online at https://floodsrp.org/pdfs/srp_fact_sheet.pdf.

The communities affected by the flood hazard determinations are provided in the table below. Any request for reconsideration of the revised flood hazard determinations shown on the Preliminary FIRM and FIS report that satisfies the data requirements outlined in 44 CFR 67.6(b) is considered an appeal. Comments unrelated to the flood hazard determinations will also be considered before the FIRM and FIS report are made final.

Correction

In the proposed flood hazard determination notice published at 90 FR 10510 in the February 24, 2025, issue of the **Federal Register**, FEMA published a table titled Berrien County, Michigan (All Jurisdictions). This table omitted pertinent information as to the communities affected by the proposed flood hazard determinations—the Village of Stevensville should have been included. In this document, FEMA is publishing a table containing the accurate information. The information provided below should be used in lieu of that previously published.

SUPPLEMENTARY INFORMATION: On January 24, 2025, the President established the Federal Emergency Management Agency Review Council

(FEMA Review Council) through Executive Order 14180, “Council to Assess the Federal Emergency Management Agency”. <https://www.whitehouse.gov/presidential-actions/2025/01/council-to-assess-the-federal-emergency-management-agency/>.

Request for Information

FEMA Review Council requests information from the public and other interested stakeholders to help identify potential programmatic and organizational improvements to FEMA, informed by experiences with FEMA in disasters.

Potential questions for consideration are:

1. Describe your experience with FEMA's response to your request for assistance. Was FEMA's response timely and efficient to assist in your recovery?
2. Describe your overall experience with FEMA. Was your interaction with FEMA positive or negative? Please fully explain your experience.
3. By what means did you apply for benefits—was it online, in person, or over the phone? Did you encounter any difficulties?
4. Were local or state authorities or private groups able to provide assistance in a more timely or efficient way than FEMA? Please fully describe your experience.
